1.4.2 How the feedback obtained is being analyzed and utilized for overall development of the institution? (maximum 500 words)

The college promptly collects and assesses the feedbacks from its stakeholders via parents, alumni, students and teachers. A format is prepared and distributed among all the stakeholders on different occasions.

Semester wise regular student feedback is collected on teaching and learning and it is communicated to the respective faculty members, so that to improve teaching learning process in an effective way.

Feedbacks were duly collected from teachers also. As a community that keeps in touch with the different syllabus revisions and the student standards time to time, the most expert and resourceful suggestions were obtained from them.

The parents of the students of this college are keen in the studies of their children. They take good care in giving creative and suitable feedbacks on the curriculum followed by the students. The Institution collects feedback from parents in the Department-wise PTA meetings.
