Dear Mr. Srikanth,

Greetings from TKR College of Engineering & Technology,

Refer to the discussion we had on phone yesterday, reagrding the interactive session with our students as proposed by our Dean Academics and Vice principal Dr. Suresh Rao, we would like to thank you for accepting our proposal to have an interactive session with our students and emphasing them with the latest industry trends, functioning of the corporates etc.

This session would definitely encourage and leverage our students and make them aware of the present scenario of the industry.

We would like to confirm this session to be conducted on Saturday,07th March 2020. We would take care of the technical support required to conduct this session smoothly.

We would be waiting to meet you on the said date and would want your reply on the same.

Regards,

P.Srinivas Reddy

Hi Suresh Garu,

First of all, please accept my sincere apologies for delaying this email after we spoke at Srini's house with respect to arranging a student/industry connect in your college. Please see my contact information below and feel free to arrange the session we discussed earlier on any of the Saturdays. If you could give me a little notice, I'll re-organize accordingly to suit your slots.

I've also spoken to some of my colleagues and they're happy to be of help in this session. Below are the sample details of myself and my colleagues that would like to volunteer in helping the students understand the needs of Indian IT industry and a global market view. If you require anything else, please feel free to mention and I can furnish the same accordingly. I've given the below information as an example to get your feedback.

Name	Designation	Experience	Job Profile	Session Specialization
Srikanth Ambarkhana	Wipro Engagement Manager, HSBC Data Services	21 yrs	Responsible for customer engagement, delivery assurance and primarily responsible for account growth.	Overall view of how IT industry functions, specializations. Key requirements to focus from a starter point of view. Some of the projects we're working on.
Madhu Ratnam	Workforce Transformation Manager, HSBC Data Services	12 yrs		Latest skill trends, technologies in demand and training process

Sridhar Anumula	POD Leader, HSBC Data Services	19 yrs	Advanced analytics, Machine Learning and niche skills. How to prepare.

Dear Sir,

Good Afternoon.

I hereby updating you the confirmation for the following training schedule.

Title: Oracle Database Programming with SQL Duration : 3 Days Training Start Date: 13th October 2017, i.e Friday Training End Date: 16th October 2017, i.e Monday Students eligibility: TASK registered 3rd/4th Year B.Tech (CSE/IT/ECE)

Mr. Vamshidhar Reddy Palle, Technical Trainer, TASK Name of the Trainer: 8886139700

Please find the below requirements for the scheduled training.

Please find the requirements

- 1. Computer lab provided with good systems in working condition (lab requirements is attached)
- 2. LCD Projector to connect with Trainer Laptop.(HDMI converter is required)
- 3. Public address system (Mike, Speakers etc) to be checked before starting the program to run the session smoothly.
- Good internet facility to all the systems provided for the students and trainer.
- 5. Single point of contact (SPOC) details, who can monitor training session including students attendance (to be sent daily).
- Lab requirements is attached for your reference.

Please find the attached Technical Specifications required for DATABASE Labs

You can find the confirmation on TASK portal at https://www.task.telangana.gov.in/Events

Database Design and Programming with SQL

Overview

This course of study teaches students to analyze complex business scenarios, design and create data models and create databases using SQL. Oracle SQL Developer Data Modeler and Application Express (APEX) are utilized to provide practical, hands-on, engaging activities. Leveraging project-based learning techniques, students will create and work with projects which challenge them to design, implement, and demonstrate a database solution for a business or organization.

Duration

- Recommended total course time: 180 Hours*
 - Professional education credit hours for educators who complete Oracle Academy training: 60

* Total course time includes instruction, self-study/homework, practices, projects and assessment

Target Audiences

ucators

- Technical, vocational and 2- and 4- year college and university faculty members who teach computer science, information communications technology (ICT), data science, or a related subject
- Secondary and vocational school teachers who teach computer science, ICT, or a related subject

Students

- Students who wish to learn to learn the techniques and tools to design, build and extract information from a database.
 - This foundational course is suitable for computer science majors and non-majors alike.

Prerequisites

Required:

General knowledge of the purpose of a database

Suggested:

Previous experience with a database application

Suggested Next Courses

- Oracle Academy course Programming with PL/SQL
- Advanced database courses

Lesson-by-Lesson Topics

Introduction

- Data vs. information
- History of the database
- Major transformations in computing

What is Data Modeling?

- Conceptual & physical models
- Entities, instances, attributes and identifiers
- Entity relationship modeling and ERDs

Entity Relationship Diagramming

- Identifying relationships
- ER diagramming conventions
- Speaking ERD and drawing relationships Matrix diagrams

Dear Sir and Madam,

Good Morning.

The offline Hackathon dates are March 12 & 13. It would be 2 full-days event and in the respective colleges. The teams should be formed by the college coordinators.

We are requesting colleges to block your dates accordingly. It's a great opportunity for your college students to be a part of one of the biggest Hackathons in India.

The detailed process document will be shared shortly.

Please convey the same to your smartcity hackathon spoc.
