## About Us

"Transforming Knowledge into Skill" – Our motto is simple yet the much needed in the Indian Education Industry. Logik Works aims to provide the solution for this knowledge-skill gap in the education sector, especially in the engineering graduates. We strive to empower students with the skills required and essential to build a successful career.

Logik Works is founded & run by people with more than two decades of experience in the education and IT Industry. With their rich experience & understanding of the job and skills market, we always keep up and update our delivery strategies & methodologies to empower the students with the contemporary skills & technologies, thus making them industry ready in any technological era.

We believe and embrace the uniqueness of each student in each institution and always try to empower their skills without losing their uniqueness & creativity. Our scientifically designed training modules, outcome-based delivery methodology ensures no stone unturned to give nothing but the best of placement readiness training.

While we embrace the uniqueness at the heart, our analytics and feedback assisted measurement of training deliverables is our brain. Each step of our training process is thought with responsibility, implemented with empathy and measured with precision. The overall process, thus, always yields two outcomes: effective training delivery & effective placement results.

In this journey of empowering students, we take pride of our success stories and rejoice our journey with the institutions

### **Our Core Values**

**Empathy:** We hear, we understand and we want to provide value added solutions to our clients. In doing so, empathy is our core value at heart driven by technology & analytics

**Honesty:** We are outcome drive in our approach. In our process of delivering value added student empowerment solutions, we want to be honest in our approach, feedback and implementation to make sure nothing but the best in delivered.

**Value centricity:** While we strive to achieve empowerment of students and institutions, we make sure all our processes are value centric and always try to improve the value to clients.

**Empowerment for all:** In all our processes and modules of delivery, while the objectives are specified and aligned towards a particular outcome, we also aim at an inherent empowerment of students in their skills, approach and communication. This

360-degree holistic approach aims at empowerment for all despite of different objectives and outcomes.

**Employability for all:** All our modules, strategies and methodologies of training converge to a single objective of empowering students with employability skills. This is our core value and sole objective and we always strive for achieving this objective.

### **Our Training Methodology**

With all our core values at heart, all our training methodologies are designed scientifically and have four essential ingredients:

**Design with empathy:** We embrace the differentiated needs of institutions. All of modules are designed with understanding of institutional requirements, industry expectations and student's potential. This will make sure all our training modules are flawless in their objectives and expected outcomes.

**Implement with responsibility:** We are your training partners with end-to-end responsibility. Objectives and outcomes are only achieved when the great vision translates into responsible implementation to achieve that vision. Our expert faculty are the heart of our organization and the torch bearers to achieve our vision. We make sure we leave no stone unturned to achieve the transformation of student.

**Measure with precision:** All our programs are measured at every step to track the progress of achieving desired outcomes. All programs have check points at regular intervals to ensure the precision of measurement. We use assessments, assignments & presentations as the tools of measurements.

**Feedback with transparency:** Our programs are dynamic in implementation. Our measurement is driven by analytics and we generate feedback at every checkpoint which is feedback into the training delivery. Our feedback is not only for the sake of measurement but this makes our program dynamic and live-in terms of how it is implemented. We make course corrections based on our feedback and are transparent with our clients in doing so.

## Test Guidelines

- The candidates need to take the test on a computer/laptop system, equipped with a working Web-Cam (external or built-in) and smooth internet connectivity throughout the test session.
- Candidates are advised to take the test in all fair means.
- The test system is built with various artificial intelligence mechanisms to track malpractice and any extended help. Any candidate found to be using unfair means would be promptly disqualified from the recruitment process without notice.
- Other than the intended candidate, should an image of any other person be captured in the vicinity during the test process, the candidate's test will be disqualified. This disqualification may happen at any stage of the process and is solely a discretion of the Cognizant team.
- Do not try to click 'Print Screen' or Copy the content while the test is in progress. The system will disqualify the candidate instantly. Use of mobile phones and cameras during the entire duration of the test is strictly prohibited.
- **There should not be any hindrance to the Web-Cam's lenses. It should not be covered with any object and should always have the candidate right in front of it.**
- **While taking up the online test, candidates are advised not to move out of the test screen, e.g., Do not open another tab or application like notepad, excel or web browsers like Google, etc. The Test will be locked permanently if a candidate is found switching through windows while taking the Test.**
- In case the test stops/halts due to an Internet or electricity failure, you will be able to resume your assessment from the same point you got logged out, without losing any time. Wait for 5 minutes, login again using the same credentials, and click on 'Resume Incomplete Test'. You will have to select your name and continue attempting the test.
- **After you login into the test, you have to finish the test within 4 hours. Please ensure that you have smooth electrical and internet connectivity to complete the test in one go.**

## General Instructions:

- There is no negative marking.
- You have to answer all the questions mandatorily, i.e., you cannot skip any question.
- Do not click on Module Exit or Test Exit.
- You cannot change your answer of any previous question.

## Test Basic Requirements:

- A Personal Computer / Laptop.
- Smooth and uninterrupted Internet connectivity (throughout the testing session).
- Webcam connected with the System.
- **Browser/OS Requirements:** This Assessment is supported by the below listed. Browsers/Versions only
- Google Chrome (version 50.0 and above).
- Mozilla Firefox (version 50.0 and above).
- In case you are taking the test on Windows 8, make sure you disable all the popups/ notifications.

**Please ensure that you complete the test within 4 hours of logging in.**

**You can attempt the test at any time before the 'end time'.**

- Every session attendance is recorded and sent to the placement cell within half an hour from the session starts eg: - If the session starts at 9:30 A.M the session attendance would reach the placement cell by 10:00

A.M. subsequent sessions follow the same.

- Monitoring team would maintain the webinar decorum of the students and should see that any disturbance or misbehave by the student individual should not happen when session is running
- Monitoring team would emphasize the students and encourage the session to be more interactive and informative.
- Post session the team would make sure that the Q & A session would run with the HOST or Trainer and would look into whether all questions are answered properly.
- Every end of the session Monitoring teams' responsibility is to take student feedback and would submit to the concerned department as well as the TPO cell every day.
- If possible the recordings of the session are maintained as well as submitted to the TPO cell on a daily basis.
- Every day session screen shots are recorded and sent to the TPO cell.
- If any disturbance is created by any of the students the monitoring team has the full right to take an action and block his/her ID and report it to the placement cell immediately.
- Every individual Monitoring member should be completely engaged with the session and should not leave the session in the middle.

If any emergency immediately reports to the placement cell so that the placement cell would look for an alternative and would emphasize the regular activity.

No

use the previous presentation app that is goto meeting as today's session was not at all good.

No, If possible Just conduct the meet in google meet as it is more flexible without any disturbances.

Need to understand student point of view.

We want to get more idea about writing code with own knowledge. So assign more tasks to us daily in the aspect of writing own code for a problem.

No, Everything is good

Hi Srinivas,

For this Friday session, I would prefer to have the CSE, IT 4<sup>th</sup> year students only.

The reason is ... I want to cover the IT Trends & IT project life cycle topics during the 2.5 hours session (ECE students may NOT understanding some of these topics)

Apart from that , I want this session to be more interactive with students than a lecture session

Hope this is clear.

Please let me know if you have any further questions...

Dear Mr. Srinivas,

Greetings!

Pleasure to connect with you, I am Srinivas Reddy working as the Training & Placement head at TKR College of Engineering & Technology. Your contact was shared by our Dean Academics Mr. Suresh Rao, he has proposed your name for one day lecture session on technical career guidance to B.Tech final year students.

It would give us immense pleasure and gratitude to welcome you to our college on 26th July 2019 to give away the session. We believe that your session would emphasize on latest technology and changes that are taking place in the IT Market and leverage the possible opportunities to our students. We would also request you to please spend an hour with our faculty to summarize the present trends of technologies that has to be imparted as the part of the regular curriculum, so that this will help the student to build the confidence in them from the gross level of the subject.

I once again thank you for your time and consideration, please feel free to contact me anytime and request you to please share your number, so that we can contact you for any logistic help required from our end.

Dear Mr. Srinivas,

Greetings!

Pleasure to connect with you, I am Srinivas Reddy working as the Training & Placement head at TKR College of Engineering & Technology. Your contact was shared by our Dean Academics Mr. Suresh Rao, he has proposed your name for one day lecture session on technical career guidance to B.Tech final year students.

It would give us immense pleasure and gratitude to welcome you to our college on 26th July 2019 to give away the session. We believe that your session would emphasize on latest technology and changes that are taking place in the IT Market and leverage the possible opportunities to our students. We would also request you to please spend an hour with our faculty to summarize the present trends of technologies that have to be imparted as the part of the regular curriculum, so that this will help the student to build the confidence in them from the gross level of the subject.

I once again thank you for your time and consideration, please feel free to contact me anytime and request you to please share your number, so that we can contact you for any logistic help required from our end.

Dear Mr. Srikanth,

Greetings from TKR College of Engineering &amp; Technology,

Refer to the discussion we had on phone yesterday, reagrding the interactive session with our students as proposed by our Dean Academics and Vice principal Dr. Suresh Rao, we would like to thank you for accepting our proposal to have an interactive session with our students and emphasizing them with the latest industry trends, functioning of the corporates etc.

This session would definitely encourage and leverage our students and make them aware of the present scenario of the industry.

We would like to confirm this session to be conducted on Saturday,07th March 2020. We would take care of the technical support required to conduct this session smoothly.

We would be waiting to meet you on the said date and would want your reply on the same.

**Subject:** Regarding Students Connect

Hi Suresh Garu,

First of all, please accept my sincere apologies for delaying this email after we spoke at Srin's house with respect to arranging a student/industry connect in your college. Please see my contact information below and feel free to arrange the session we discussed earlier on any of the Saturdays. If you could give me a little notice, I'll re-organize accordingly to suit your slots.

I've also spoken to some of my colleagues and they're happy to be of help in this session. Below are the sample details of myself and my colleagues that would like to volunteer in helping the students understand the needs of Indian IT industry and a global market view. If you require anything else, please feel free to mention and I can furnish the same accordingly. I've given the below information as an example to get your feedback.

Name	Designation	Experience	Job Profile	Session Specialization
Srikanth Ambarkhana	Wipro Engagement Manager, HSBC Data Services	21 yrs	Responsible for customer engagement, delivery assurance and primarily responsible for account growth.	Overall view of how IT industry functions, specializations.  Key requirements to focus from a starter point of view.  Some of the projects we're working on.
Madhu Ratnam	Workforce Transformation Manager, HSBC Data Services	12 yrs		Latest skill trends, technologies in demand and training process

Sridhar Anumula	POD Leader, HSBC Data Services	19 yrs		Advanced analytics, Machine Learning and niche skills. How to prepare.

# Database Design and Programming with SQL

## Overview

This course of study teaches students to analyze complex business scenarios, design and create data models and create databases using SQL. Oracle SQL Developer Data Modeler and Application Express (APEX) are utilized to provide practical, hands-on, engaging activities. Leveraging project-based learning techniques, students will create and work with projects which challenge them to design, implement, and demonstrate a database solution for a business or organization.

## Duration

- Recommended total course time: 180 Hours\*
- Professional education credit hours for educators who complete Oracle Academy training: 60

\* Total course time includes instruction, self-study/homework, practices, projects and assessment

## Target Audiences

### Educators

- Technical, vocational and 2- and 4- year college and university faculty members who teach computer science, information communications technology (ICT), data science, or a related subject
- Secondary and vocational school teachers who teach computer science, ICT, or a related subject

### Students

- Students who wish to learn the techniques and tools to design, build and extract information from a database.
- This foundational course is suitable for computer science majors and non-majors alike.

## Prerequisites

### Required:

- General knowledge of the purpose of a database

### Suggested:

- Previous experience with a database application

## Suggested Next Courses

- Oracle Academy course – Programming with PL/SQL
- Advanced database courses

## Lesson-by-Lesson Topics

### Introduction

- Data vs. information
- History of the database
- Major transformations in computing

### What is Data Modeling?

- Conceptual & physical models
- Entities, instances, attributes and identifiers
- Entity relationship modeling and ERDs

### Entity Relationship Diagramming

- Identifying relationships
- ER diagramming conventions
- Speaking ERD and drawing relationships  
Matrix diagrams

Dear Sir and Madam,

Good Morning.

The offline Hackathon dates are March 12 & 13. It would be 2 full-days event and in the respective colleges. The teams should be formed by the college coordinators.

We are requesting colleges to block your dates accordingly. It's a great opportunity for your college students to be a part of one of the biggest Hackathons in India.

The detailed process document will be shared shortly.

Please convey the same to your smartcity hackathon spoc.

Dear Dr K M V Madan Kumar,

Greetings from TASK!

Please ignore previous mail and consider this mail.

As a part of our ongoing TASK skilling initiatives, we are confirming the schedule for **Interview Preparation Skills** Sessions at your college for One batch for 4th year students.

### Training Dates:

25th & 26th, October- 2017

### Training Timings:

10 AM and 4:30 PM

### Professor of Practice (PoP) Contact Number:

1). Mr.Rama Mohana Rao Yarrapothu - 9849456679

We will let you know in advance in case of any change of the trainer.

We request you to be ready with the following for a smooth flow of the session:

1. Neat and Tidy Class Room with a seating capacity of about 70.
2. Projector with Good Sound System.
3. White Board & Markers.
4. Lunch and Tea for the Trainer.
5. Collar mikes or Normal mikes.

Also a request regarding help with local transport. It would be great if your college can provide a cab for pick and drop of the trainer as many of them are not familiar with the college locations.

If there is any cancellation of this schedule, please let us know immediately.

Please find the following attachments that need to be shared with us:

1. Attendance Sheet
2. Feedback Form
3. Authentication Letter from your College.

Thanks in advance for your support.

Regards  
Sridevi Guduru
