MATHEMATICS DAY CELEBRATIONS

The former Prime Minister of India, Manmohan Singh, declared December 22 as National Mathematics Day on February 26, 2012. When he was visiting Madras University in order to pay tribute to Ramanujan's achievements and celebrate his 125th birth anniversary. Since then, December 22 is celebrated as India's National Mathematics Day. Shakuntala Devi said

“Without mathematics, there's nothing you can do. Everything around you is mathematics. Everything around you is numbers.”

The Department of Mathematics, TKR college of Engineering & Technology organized the Mathematics Day celebrations on 22nd December 2017 to mark the birth anniversary of the renowned Indian mathematician Shri Srinivasa Ramanujan. The celebrations aimed at spreading awareness about the importance of mathematics and the contributions made by Srinivas Ramanujan in mathematics.

SCIENCE DAY CELEBRATIONS

National science day is mark on February 28 in the year 20197 each year in India to commemorate the discovery of the roman effect. Dr. B.Rajini Kanth and Dr.D.V.S.R. Anil Kumar, HoDs of the H&S Department, spoke on how scientific development has changed the life of human beings many folds. They talked about Sir CV Raman's passion for physics and what led him to receive the Nobel Prize for physics in 1930.

The faculty of H&S organized a quiz competition for students. The questions were based on scientific and technological developments. Students made poster presentations as well as projects. The posters visually simplified complicated science concepts spanning chemistry, physics, engineering topics, etc. some students also made paper presentations on topics like the science of earthquakes, geological time; how clouds create lighting and thunder; technical drawing; smart material, etc.

The chief guest Dr. Ramaswamy retired eminent scientist DRDO talked about the significance of National Science Day. He said that by celebrating this day as national science day, we show our respect to the famous Indian Physicist for his contribution to the field of science. He also talked about other great Indian scientists like Homi Bhabha, Visweswaraya, S Chandra Sekhar, SN Bose, Meghwad Soha, and APJ Abdul Kalam.

Dr. B.Rajini Kanth delivered the vote of thanks. He thanked the college management for supporting the faculty and the students in organizing the Science Day celebrations. He thanked the students for their alacrity in designing posters and participating actively in the quiz program and scientific presentations. The 'Scientific temper' was ignited on the college campus.

A Report on Teachers Day

In India, 5th September is celebrated as Teachers' Day as a mark of tribute to the contribution made by teachers to the society. 5th September is the birthday of a great teacher Dr. Sarvepalli Radhakrishnan, a staunch believer of education and a well-known diplomat, visionary, statesman, scholar, President of India and above all a perfect Teacher. In 1962, when Dr. Radhakrishnan became the President of India, he was approached with a request of celebrating his birthday. He said, "Instead of celebrating my birthday, it would be my proud privilege if this day is observed as Teachers' Day". This showed his love for the teaching profession. From then onwards, this day is celebrated as Teachers' Day in India. Teachers mould the lives of the students by guiding them, by enriching their personalities, by imparting ethical and moral values and have more influence on them. This day is dedicated to the teachers with the sense of respect, appreciation, encouragement and support for their devotion to their students.

The teacher's day was celebrated by the students of TKRCET, to express their gratitude for the immense contribution by their teachers towards their development. Teachers are the cornerstone of students' future. The program started with the Chairman, principal, Dean, AO, and the Heads of all the Departments lighting the lamp. The program started with the prayer song. Soon after that, students gave a speech on why we celebrate Teachers' Day and how their teachers contribution to this college. And lastly thanking the teachers for their efforts in shaping the life of students and inspiring them. After that Chairman and Principal, gave their speech thanking and appreciating all the teachers for their hard work and dedication and for their role in helping the institute to achieve new heights. At the end of the program, on this occasion every year principal gave the memento to the best teachers nominated by Academic committee. Finally, students requested **Dr. D.V .Ravi Shankar, Principal, TKRCET** to cut the cake and make the day more memorable and successful.

A Report on Maths Day Celebrations

The former Prime Minister of India, Manmohan Singh, declared December 22 as National Mathematics Day. When he was visiting Madras University in order to pay tribute to Ramanujan's achievements and celebrate his 125th birth anniversary. Since then, December 22 is celebrated as India's National Mathematics Day. Shakuntala Devi said,

"Without mathematics, there's nothing you can do. Everything around you is mathematics. Everything around you is numbers."

The Department of Mathematics, TKR College of Engineering & Technology organized the Mathematics Day celebration to mark the birth anniversary of the renowned Indian mathematician Shri Srinivasa Ramanujan. The celebrations aimed at spreading awareness about the importance of mathematics and the contributions made by Srinivas Ramanujan in mathematics.

The program commenced with a welcome speech delivered by Dr. D.V.S.R. Anil Kumar, the HoD of the H&S Department, who spoke about the significance of 1729, also known as the Ramanujan Number. He also spoke about Ramanujan's natural genius, who left behind 4000 original theorems despite not being formally educated.

Students and faculty members actively participated in various activities after the welcome speech. The faculty organized quizzes, puzzles, and mathematical games for the students, and these activities honed the mathematical skills of the participants.

The chief guest, Dr. P. V. Sundaranand Professor of mathematics Rayalaseema university highlighted the fact that mathematics should be for everyone because all of us have mathematical ability, but with varying extents and degrees. We must let everyone enjoy the wonders of mathematics. The feeling that mathematics is only for the gifted and the genius must change. He explained how mathematics is found everywhere in this universe.

Dr. D.V.S.R. Anil Kumar, the HoD of the H&S Department, rendered the vote of thanks. He thanked everyone who contributed to making the celebrations informative and entertaining.

A Report on Ganesh Nimajjan

Ganesh Chaturthi, also called VinayakaChavithi, is an auspicious Hindu festival which is celebrated for 10 days every year. The festival is celebrated in the Bhadra month as per the Hindu calendar which generally falls in mid-August to September. It marks the birthday of the beloved elephant-headed Lord Ganesha. Ganesha is known as the God of wealth, sciences, knowledge, wisdom and prosperity, and that's why most Hindus remember him and seek his blessings before starting any important work. Lord Ganesh is known by 108 different names like Gajanana, Vinayaka, Vighnaharta among others.

Ganesh is the younger son of Lord Shiva and Parvati. There are various stories behind his birth but two of them are the most common ones. According to the first story, Lord Ganesha was created by Parvati out of dirt from her body to guard her in the absence of Shiva. She gave him the task of guarding her bathroom door while she took a bath. In the meantime, Shiva returned home and Ganesha, who didn't know who Shiva was, stopped him. This angered Shiva and he severed Ganesha's head after a tiff between the two. Parvati was enraged when she came to know about this; Lord Shiva, in turn, promised to get Ganesha back to life. The devas were sent to search for a child's head facing north but they could only find an elephant's head. Shiva fixed the elephant's head on the child's body, and that how Ganesha was born.

The other popular story is that the Devas requested Shiva and Parvati to create Ganesha so that he can be a Vighnakarta (creator of obstacles) for rakshasas (demons), thus being a Vighnaharta (avertter of obstacles) and helping Devas. This festival is celebrated with great devotion and joy by Hindus throughout the world.
