A Report on Bathukamma Festival Bathukamma is a flower-festival celebrated by the women of Telangana and some parts of Andhra Pradesh. Every year this festival is celebrated as per the Sathavahana calendar for nine days starting on Pitru Amavasya, which usually coincides with the months September-October of the Gregorian calendar. Bathukamma is celebrated for nine days and corresponds to the eslivals of Sarada Navaratri and Durga Puja. It starts on the day of Mahalaya Amavasya and the -day festivities will culminate on "Saddula Bathukamma" or "Pedda Bathukamma." Bathukamma is followed by Boddemma, which is a 7-day festival. The Boddemma festival that marks the ending of Varsha Ruthu whereas Bathukamma marks the beginning of Sarad or Sharath Ruthu. Bathukamma is a beautiful flower stack, arranged with different unique seasonal flowers most of them with medicinal values, in seven concentric layers in the shape of temple Gopuram. In Telugu, 'Bathukamma' means 'Mother Goddess come Alive. Bathukamma Festival is being celebrated by the students & staff of TKRCET preceded by the Ayudha Puja . Individual departments and on behalf of the Institute the Bathukamma is prepared with flowers and decorated with different creative materials. All are brought into the ground and placed so that the staff and students can dance around the Bathukammas in a big circle with traditional songs. A series of related songs are played in the DJ. At the end of the Program our management along with a jury will select the best one and present a cash prize to the winners. Second best, Third best and consolation winners will also get cash prizes. It's a wonderful moment where really enjoyment will be at the peak. Finally the Bathukammas will be immersed in waterlike Lord Ganesh nimajjan.

NATIONAL YOUTH DAY CELEBRATIONS

National Youth Day Celebrations in TKRES

On 12 January, on the birthday of Swami Vivekananda's a mark of befitting respect to Swami Ji, the TKR College of Engineering and Technology celebrated National Youth Day with the primary aim of sensitizing the students about the philosophies, principles and ideas of Swami Vivekanada. The event started by lamp lightening and then The inspiring stories of Swami Vivekananda's life briefed to the students by Dr. D.V.Ravi Shankar garu made the session more interesting and captivating. The students were enlightened about the relevance of his principles in the present world. His lecture inspired the youth to lead a very happy and productive life, wherein we should be the donors of love. This was followed by the pledge. The programme was well received by all the faculty and the students attended.

SCIENCE DAY CELEBRATIONS

Report on the Science Day at TKR College of Engineering & Technology
National science day is mark on February 28 in the year 2019 each year in India to commemorate the discovery of the roman effect. Dr. B.Rajini Kanth and Dr.D.V.S.R. Anil Kumar, HoDs of the H&S Department, spoke on how scientific development has changed the life of human beings many folds. They talked about Sir CV Raman's passion for physics and what led him to receive the Nobel Prize for physics in 1930.

The faculty of H&S organized a quiz competition for students. The questions were based on scientific and technological developments. Students made poster presentations as well as projects. The posters visually simplified complicated science concepts spanning chemistry, physics, engineering topics, etc. some students also made paper presentations on topics like the science of earthquakes, geological time; how clouds create lighting and thunder; technical drawing; smart material, etc.

The chief guest Dr. Ramaswamy retired eminent scientist DRDO talked about the significance of National Science Day. He said that by celebrating this day as national science day, we show our respect to the famous Indian Physicist for his contribution to the field of science. He also talked about other great Indian scientists like Homi Bhabha, Visweswaraya, S Chandra Sekhar, SN Bose, Meghwad Soha, and APJ Abdul Kalam.

Dr. B.Rajini Kanth delivered the vote of thanks. He thanked the college management for supporting the faculty and the students in organizing the Science Day celebrations. He thanked the students for their alacrity in designing posters and participating actively in the quiz program and scientific presentations. The 'Scientific temper' was ignited on the college campus.

CIR.No.SECRETARY/TKRCET/16/2019

Date:15-02-2019

**CIRCULAR
ANNUAL DAY – 2019**

It is proposed to conduct 17th Annual Day Celebrations on 06th, 07th and 08th March 2019. The Students, Staff and Faculty are requested to participate in the Cultural Events and make the event a grand success.

The Principal and Hod's are requested to nominate a Student Co-coordinators and Staff Co-ordinators from each Department the names of all Co-ordinators along with mobile numbers may be submitted to the AO. / Secretary. The Coordinators are requested to contact the interested students for the cultural events.

Further, the Principal and Hod's are requested to finalize the branch wise Academic toppers from each branch of Engineering and MBA to submit the same to Mr.G.Srinivas Reddy, Chief Librarian on or before 25th February, 2019.

Programme Details:

- ❖ THYOHAR (Traditional Day) - on 06-03-2019
- ❖ SHIZNY - on 07-03-2019
- ❖ ANNUAL DAY - on 08-03-2019
- ❖ Note: The Attendance of all students and staff are compulsory.

Dr.T.Harinath Reddy
(Secretary)

A Report on Teachers Day

In India, 5th September is celebrated as Teachers' Day as a mark of tribute to the contribution made by teachers to the society. 5th September is the birthday of a great teacher Dr. Sarvepalli Radhakrishnan, a staunch believer of education and a well-known diplomat, visionary, statesman, scholar, President of India and above all a perfect Teacher. In 1962, when Dr. Radhakrishnan became the President of India, he was approached with a request of celebrating his birthday. He said, "Instead of celebrating my birthday, it would be my proud privilege if this day is observed as Teachers' Day". This showed his love for the teaching profession. From then onwards, this day is celebrated as Teachers' Day in India. Teachers mould the lives of the students by guiding them, by enriching their personalities, by imparting ethical and moral values and have more influence on them. This day is dedicated to the teachers with the sense of respect, appreciation, encouragement and support for their devotion to their students.

The teacher's day was celebrated by the students of TKRCET, to express their gratitude for the immense contribution by their teachers towards their development. Teachers are the cornerstone of students' future. The program started with the Chairman, principal, Dean, AO, and the Heads of all the Departments lighting the lamp. The program started with the prayer song. Soon after that, students gave a speech on why we celebrate Teachers' Day and how their teachers contribution to this college. And lastly thanking the teachers for their efforts in shaping the life of students and inspiring them. After that Chairman and Principal, gave their speech thanking and appreciating all the teachers for their hard work and dedication and for their role in helping the institute to achieve new heights. At the end of the program, on this occasion every year principal gave the memento to the best teachers nominated by Academic committee. Finally, students requested **Dr. D.V .Ravi Shankar, Principal, TKRCET** to cut the cake and make the day more memorable and successful.

A Report on Maths Day Celebrations

The former Prime Minister of India, Manmohan Singh, declared December 22 as National Mathematics Day. When he was visiting Madras University in order to pay tribute to Ramanujan's achievements and celebrate his 125th birth anniversary. Since then, December 22 is celebrated as India's National Mathematics Day. Shakuntala Devi said,

“Without mathematics, there's nothing you can do. Everything around you is mathematics. Everything around you is numbers.”

The Department of Mathematics, TKR College of Engineering & Technology organized the Mathematics Day celebration to mark the birth anniversary of the renowned Indian mathematician Shri Srinivasa Ramanujan. The celebrations aimed at spreading awareness about the importance of mathematics and the contributions made by Srinivas Ramanujan in mathematics.

The program commenced with a welcome speech delivered by Dr. D.V.S.R. Anil Kumar, the HoD of the H&S Department, who spoke about the significance of 1729, also known as the Ramanujan Number. He also spoke about Ramanujan's natural genius, who left behind 4000 original theorems despite not being formally educated.

Students and faculty members actively participated in various activities after the welcome speech. The faculty organized quizzes, puzzles, and mathematical games for the students, and these activities honed the mathematical skills of the participants.

The chief guest, Dr. P.V. Sundaranand Professor of Mathematics, Rayalaseema University highlighted the fact that mathematics should be for everyone because all of us have mathematical ability, but with varying extents and degrees. We must let everyone enjoy the wonders of mathematics. The feeling that mathematics is only for the gifted and the genius must change. He explained how mathematics is found everywhere in this universe.

Dr. D.V.S.R. Anil Kumar, the HoD of the H&S Department, rendered the vote of thanks. He thanked everyone who contributed to making the celebrations informative and entertaining.

A Report on International Women's Day Celebrations

Women's Day is celebrated globally on the 8th of March of every year. It's the day for praising women who work hard each day to accomplish individual and professional goals. Every year on 8th of March, TKR College of engineering and technology celebrated International Women's Day. It was attended by many prominent Principal, Professors, Directors and Students.

All across the world, different events take place including movements or marches to observe International Women's Day. There are some countries where women are not treated equally. In these countries, protests are observed for the liberation of women. For many people, the role of women is limited to household chores only. However, this needs to change as women deserve equal freedom and opportunities in everything like men.

The world is moving towards gender equality. It is moving towards a balance between both men and women. A change is required and is also essential. It is observed that men have had more advantages in every sphere of life in comparison to women for ages. However, this needs a change as we all are humans and should be treated equally with equal rights and opportunities. On International Women's Day, everyone appreciates the women in their lives. Everyone acknowledges the worth and significance of women in their lives, and their tremendous contribution to society as well.
