Advanced Data Processing Using Machine Learning, Artificial Neural Networks And Deep Learning.

The Department of Computer Science & Engineering of TKRCET (K9) conducted a faculty development program on Advanced Data Processing Using Machine Learning, Artificial Neural Networks And Deep Learning on 25-08-2019 as a part of professional development / administrative training programs for teaching and nonteaching staff. The invited resource person is Mouna Sree, Brain O Vision. The session was attended by 45 Participants.

Inaugural session was started at 9.30 am which was presided by Dr.A. Suresh Rao, Head of CSE, TKR College of Engineering & Technology. The coordinator CH.B.N.Lakshmi,PROF, TKRCET, welcomed the participants on behalf of TKR College of Engineering & Technology and appreciated the enthusiastic participation of participants in the session. Prof Dr. A . suresh Rao in his introduction about the programme narrated about importance of data processing and how the data is processed using machine learning, artificial neural networks and deep learning. He advised all the participants to make use of the session in an efficient manner.

Technical session began after the inaugural session. During the technical sessions the resource person clearly mentioned the difference between machine learning, artificial neural networks and deep learning. Variety of machine learning, artificial neural networks and deep learning techniques were demonstrated. Sample exercise programs were executed for clear understanding of the concept. Demonstration of mini project was done. At the end of session, the queries of the participants were addressed.

The last session was Interaction session. The session was chaired by Dr. A. Suresh Rao, Head of CSE, TKR College of Engineering & Technology and the dignitaries. Many participants shared opinions on the event. Some of the doubts expressed by the participants were clarified.

About TKRCET:

TKR College of Engineering & Technology, established in the year 2002, has been sponsored by TKR Educational Society, Medbowli, Meerpet, Hyderabad, Telangana. It is recognized by AICTE and approved by the State Govt and affiliated to Jawaharlal Nehru Technological University Hyderabad (JNTUH).

The College is recognized by UGC under Sections 2(f) and 12 (B) of UGCAct 1956, further strengthens over cause of quality education. The college proudly offers 8 UG and 2 PG programs in engineering, a Professional Course in MBA and 5 programs in Diploma Course. With 15 years of rich standing in the educational era, TKR College of Engineering & Technology has an excellent track record which is evidenced across holding accreditation by NBA in 2008 for 3 years and accreditation for 2 years in 2015, and subsequently extended for one more year.

This Institution has the distinction of being one among the Top 10 Ranking Institutes of choice and preference for the aspiring students.

About MECHANICAL Department:

The department Provides students with in-depth understand of fundamentals and practical training related to professional skills and their applications through effective Teaching- Learning process and state of the art laboratories pertaining to ME and inter disciplinary areas. Prepares students in developing research, design, entrepreneurial skills and employability capabilities. Provides consultancy services and promotes industry Department interactions

The department of ME has an intake of 120 in CSE. The department has good infrastructure facilities with full- fledged laboratories. The department has well qualified and experienced Faculty with 2 Professors 2 associate professores, 18 Assistant Professors.

The department is headed by Dr. G. Gopala Krishna He was conferred with the PhD Degree, AMIE, MEDG His Experience spans across a period of 24 years.

About Course

Intellectual property (IP) is the foundation of a "new" university mode: IP-based technology transfer (IP/TT) IP/TT provides a new way for the university to: disseminate its knowledge and creative solutions for the good of society actively participate in the innovation ecosystem, and economic development reward inventive faculty & staff IP/TT: a "new" University mode . Awareness of IP's role in serving the university's overarching social goals. University protection of and transfer of commercialization rights to its IP.

Implementing an IP Policy that carefully integrates IP with traditional university mission, values, and activities. Collaborative engagement and contracts with private sector for IP commercialization.

An active university role in entrepreneurship, new ventures, economic development. Added dynamism to the university mission .Rewards for inventive faculty and staff.

Objectives of the Course

The workshop aims to achieve the following:

Expected Outcomes: Upon successful completion

Awareness of IP's role in erving the university's overarching social goals. University protection of and transfer of commercialization rights to its IP.

Implementing an IP Policy that carefully integrates IP with traditional university mission, values, and activities

Collaborativeengagement and contracts with private sector for IP commercialization of the Department

The need and importance of Intellectual Property Rights to Academic Community:

The Department of Mechanical Engineering of TKRCET (K9) conducted faculty development programme on The Need and Importance of Intellectual Property Rights to Academic Community on 28-04-2019 as a part of professional development / administrative training programs for teaching and non teaching staff. The invited resource person is CH.Raghu Managing Director Shine Aero. The FDP was attended by 24 Participants.

Inaugural session was started at 9.30 am which was presided by Dr. D.V. Ravi Shankar, Principal, TKR College of Engineering & Technology. The coordinator CH.Uma welcomed the participants on behalf of TKR College of Engineering & Technology and appreciated the enthusiastic participation of participants in the FDP. Dr. G. Gopalakrishna (Professor & HOD of his speech stated that the Programme aimed basic information and awareness on Intellectual Property Rights from innovation to commercialization. He advised all the participants to make use of the FDP in efficient manner.

Technical session began after the inaugural session. The session focused on the fundamentals of Intellectual Property Rights, best practices in the integration of IPR in the innovation cycle, Patents, Copyrights, Trademarks and Researchers Rights. At the end of session, the queries of the participants were addressed.

The last session was Interaction session. The session was chaired by Dr. D.V. Ravi Shankar, Principal, TKR College of Engineering & Technology and Dr. G. Gopalakrishna (Professor & HOD of MECH)and the dignitaries. Many participants shared their experiences and problems faced while filing of patents. They also shared opinions on the FDP. Some of the doubts expressed by the participants were clarified.

Psycologal Evaluation for Mentoring

The Department of Humanities and Sciences of TKRCET (K9) conducted Psycologal Evaluation for Mentoring on 24-03-2019 as a part of professional development / administrative training programs for teaching and non-teaching staff. The invited resource person is R. Sri Latha Asst. Prof, AV COLLEGE. The session was attended by 23 Participants.

Inaugural session was started at 9.30 am which was presided by Dr. D.V.S.R. Anil Kumar (Professor & HOD of H&S), TKR College of Engineering & Technology. The co-ordinator Dr.Renuka, Prof., TKRCET, welcomed the participants on behalf of TKR College of Engineering & Technology and appreciated the enthusiastic participation of participants in the session. Dr. D.V.S.R.Anil Kumar highlighted the importance of Psycologal Evaluation for mentoring and its need to educational institutions. He advised all the participants to make use of the session in an efficient manner.

Technical session began after the inaugural session. The session is focused on peer to peer mentoring and how to mentor ethically. At the end of session, the queries of the participants were addressed.

The last session was Interaction session. The session was chaired by Dr.D.V.S.R.Anil Kumar (Professor & HOD of H&S), TKR College of Engineering & Technology and the resource persons. Many participants shared opinions on the event. Some of the doubts expressed by the participants were clarified.

ABOUT COLLEGE

TKR College of Engineering and Technology - a modern temple of learning, on off shoot of the TKR Educational Society was established inthe year 2002 in a sprawling, dustgreen 20 acre campus at Meerpet, Hyderabad.

DEPARTMENTOF INFORMATION TECHNOLOGY

DEPARTMENT OF INFORMATION TECHNOLOGY has been established in the year 2002, is headed by a young efficient Professor
Dr Nallamothu Satyanarayana, Under his mentorship, the department is functioning salubriously.

ABOUT COURSE

The attendance monitoring software helps in tracking employee productivity, Institutes face compliance concerns, payroll irregularities, and the proxy

TARGET PARTICIPANTS

The seminar is intended for academicians, research scholars and industry personnel representatives of IT and Civil.

A Session on Online Attendance Monitoring System

The Department of Information Technology of TKRCET (K9) conducted A Session on Online Attendance monitoring System on 21-01-2019 as a part of professional development / administrative training programs for teaching and non-teaching staff. The invited resource person is Dr. J. Vara Prasad Reddy, Director, TKRIMS. The session was attended by 24 Participants.

Inaugural session was started at 9.30 am which was presided by Dr. N. Satyanarayana (Professor & HOD of IT), TKR College of Engineering & Technology. The coordinator M Venkateshwarlu, Assoc. prof, TKRCET, welcomed the participants on behalf of TKR College of Engineering & Technology and appreciated the enthusiastic participation of participants in the session. Dr. N. Satyanarayana highlighted the importance of online attendance system and its need to educational institutions. Online Attendance Monitoring System is a web portal designed for taking and managing student's attendance in institutions by means of Smartphone as well as desktops. He advised all the participants to make use of the session in an efficient manner.

Technical session began after the inaugural session. The session is focused on the knowledge on different aspects online attendance system. The objectives of online attendance system were discussed in detail, the main focus is given on how to automate the task of attendance related work, how to automate the task of calculation related to attendance and the detention students list, and how to view overall analysis in very less time with effective result. At the end of session, the queries of the participants were addressed.

The last session was Interaction session. The session was chaired by Dr. N. Satyanarayana (Professor & HOD of IT), TKR College of Engineering & Technology and the dignitaries. Many participants shared their experiences and problems faced during online attendance system. They also shared opinions on the event. Some of the doubts expressed by the participants were clarified.

About TKRCET: TKR College of Engineering & Technology, established in the year 2002, has been sponsored by TKR Educational Society, Medbowli, Meerpet, Hyderabad, Telangana. It is recognized by AICTE and approved by the State Govt and affiliated to Jawaharlal Nehru Technological University Hyderabad (JNTUH).

The College is recognized by UGC under Sections 2(f) and 12 (B) of UGC Act1956, further strengthens over cause of quality education. The college proudly offers 8 UG and 2 PG programs in engineering, a Professional Course in MBA and 5 programs in Diploma Course. With 15 years of rich standing in the educational era, TKR College of Engineering & Technology has an excellent track record which is evidenced across holding accreditation by NBA in 2008 for 3 years and accreditation for 2 years in 2015, and subsequently extended for one more year. This Institution has the distinction of being one among the Top 10 Ranking Institutes of choice and preference for the aspiring students.

About ECE Department: Dr.D.Nageshwar Rao is Professor and HOD in the Department of Electronics & Communication Engineering, a distinguished academician with 20 years of teaching experience. He pursued Masters from JNTU Hyderabad and Ph.D in the area of VLSI from GITAM University, Vishakhapatnam.The Department of Electronics and Communication Engineering (ECE) was established in 2002 with an intake of 60 B.Tech students. Department has expanded steadily over the last few years, the department presently offers B. Tech ECE programme with an intake of 240 to transform itself into a centre of academic excellence in the field of Electronics and Communication Engineering has been one of the key departments of the institute with excellent laboratory facilities and highly qualified dedicated faculty, etc.

About Course

Execution refers to the use of Hands-On Training to facilitate from the classroom to the job.

➤ Hand-On Training is used as a follow-up to other types of training in order to help the trainee make the the transition from practicing to properly executing the job in the workplace.

Training has a direct impact on your organization productivity and performance. As mentioned earlier, training gives employees a better understanding of their responsibilities and the knowledge and skills they need to do that job. This will improve their confidence which can positively impact performance.

A training strategy is an organized approach to creating a training program for staff members. An effective employee training program is a crucial step for the professional development of staff, ensuring they have the skills needed to provide successful business results.

Effective Training Program

Step 1 : Define Your Training

Step 2: Prepare Your Training

Step 3: Practice Your Training

Step 4 : Deliver Your Training

Step 5 : Confirm Your Training

Step 6: Audit Trainee Performance

Hands on training on new revision in MIS

The Department of Electronics & Communication Engineering of TKRCET (K9) conducted Hands on Training on New Revision in MIS on 16-12-2018 as a part of professional development / administrative training programs for teaching and non-teaching staff. The invited resource person is A.Vikas Assoc Prof. The session was attended by 25 Participants.

Inaugural session was started at 9.30 am which was presided Dr. D. Nageshwar Rao (Professor & HOD of ECE), TKR College of Engineering & Technology. The coordinator CH.Prathuyusha, Asst.prof, TKRCET, welcomed the participants on behalf of TKR College of Engineering & Technology and appreciated the enthusiastic participation of participants in the session. Dr. D. Nageshwar Rao highlighted the MIS is an information technology and business process that can be used by decision-makers to record store, and process data and make everyday decisions. The Management Information System (MIS) is a computer-based system that wholly grants handlers with the knowledge they need to create, execute, and examine open-ended project activities.. He advised all the participants to make use of the session in an efficient manner.

Technical session began after the inaugural session. The session focused on the five components of the MIS. The five components namely people, business process, data, software and hardware; All of these elements should operate collectively to accomplish business success. At the end of session, the queries of the participants were addressed.

The last session was Interaction session. The session was chaired by Dr. D. Nageshwar Rao (Professor & HOD of ECE), TKR College of Engineering & Technology and the dignitaries. Many participants shared opinions on the event. Some of the doubts expressed by the participants were clarified.

About EEE Department: The department Provides students with catering to the needs of the industry by training students to make valuable contribution. The Department is endeavoring to produce highly trained and capable engineers, who can take up the challenges of the world.

The Department focuses on uncompromising academic standards in imparting both theoretical and practical instructions with a view to prepare professional engineers.

The Department develops creative thinking on concepts of Electrical Engineering to students and faculty members by providing infrastructure, innovative devices and digital library.

The department has good infrastructure facilities with fullfledged laboratories. The department haswell qualified and experienced Faculty. The department is headed by Dr. S. Narasimha.

He was conferred with the Ph.D in Electrical and Electronics Engineering, JNTU; Hyderabad, in the year 2016.

About Course

Energy efficiency is first and foremost a matter of Controlling and reducing energy demand, although targeted actions are required for both energy consumption and energy supply. "Businessas usual" is not a sustainable response.

"Energy Efficiency, Conservation & Awareness Program" (EECAP) outlined in the following pageswill-provide details on how Freeport Electric believes everyone should confront the need to address these issues. Our goal is to provide our community with the tools it needs to understand andmanage its energy usage behavior.

Energy is the ability to do work and the ability to Make a change. Everything that happens in the world involves the use of energy

- 1. Define the basic concepts of energy
- 2. Know what to do in starting an audit
- Conduct an Energy Audit and prepare aSimple Audit Report
- Gain exposure to some energy conservation Tips and measures
- Identify energy conservation opportunities In a College
- Gain exposure to forms of assessment of Energy conservation.

Energy Monitors who will be responsible for guiding the energy conservation and efficiency effort should then be appointed.

How energy is being consumed by the various areas of the College, an Energy Audit is required. It is the first major step in the process of improving energy efficiency and reducing energy consumption

Awareness program on safety and energy conservation

The Department of Electrical & Electronics Engineering of TKRCET (K9) conducted an Awareness program on safety and energy conservation on 25-11-2018 as a part of professional development / administrative training programs for teaching and non-teaching staff. The invited resource person is Dr.Ch.Santhan Kumar, LIET, Assoc Prof. The programme was attended by 27 Participants.

Inaugural session was started at 9.30 am which was presided by Dr. S. Narasimha (Professor & HOD of EEE), TKR College of Engineering & Technology. The coordinator Sattar Pashashaik, Asst. Prof, TKRCET, welcomed the participants on behalf of TKR College of Engineering & Technology and appreciated the enthusiastic participation of participants in the session. Dr. S. Narasimha highlighted that Energy needs to be conserved to cut costs and to preserve the resources for longer use. Consumers have the responsibility to use utility services safely. In the case of natural gas and electricity, failure to use services safely can be harmful or fatal. He advised all the participants to make use of the session in an efficient manner.

After the opening session, the technical session started. The lesson started with a quiz for the students, which was followed by an explanation of the energy and environmental situation in India and the rest of the world. The India Energy & Environment Policies & Action Plan was discussed to provide context for the necessity of energy conservation. It was also mentioned what safety precautions one should take when using energy sources. The attendees' questions were answered after the session's conclusion.

The last session was Interaction session. The session was chaired by Dr. S. Narasimha (Professor & HOD of EEE), TKR College of Engineering & Technology and the dignitaries. They also shared opinions on the event. Some of the doubts expressed by the participants were clarified.

A WORKSHOP ON CONSTRUCTION P. ROJECT MANAGEMENT AND BUILDING INFORMATION

1.11.2018 - 2.11.2018

Organized by Department of Civil Engineering

TKR COLLEGE OF ENGINEERING & TECHNOLOGY (AUTONOMOUS)

(Approved by AICTE. Affiliated to JNTUH. Accredited by NBA) Accredited by NAAC with A grade Medibowli, Meerpet (V), Balapur (Mandal) R.R. (Dist). Telangana - 500 097

ABOUT TKRCET

TKR College of Engineering and Technology, an_off shoot of TKR Educational Society was established in the year 2002. Sri Teegala Krishna Reddy, the Mayor of Hyderabad, is founder chairman of TKR Educational society. The college is affiliated to Jawaharlal Nehru Technological University Kukatpally, Hyderabad. It has been approved by AICTE, New Delhi and the State Government of Telangana and has been sanctioned seven UG courses-CE, EEE, ME, ECE, CSE, IT and PG Courses-M. Tech in CSE, PE, & MBA. In addition, college is running second shift Polytechnic in branches-CE, EEE, ME, ECE & CSE.

ABOUT DEPARTMENT

The department of Civil Engineering in TKRCET is well established with renowned experienced faculty members and equipped with all Civil Engineering Laboratories. IAI is established with many state government departments, organizations, companies and consultants through the major projects and mini projects are carried out for students. Industrial tours, workshops, and seminars/ guest lectures are a regular part of the academic curriculum. The students of the department are proudly coming out with hands-on Civil engineering knowledge paving their way for prosperous future career.

DEPARTMENT VISION

Department of Civil Engineering strives to become a place of learning of imparting technical education of international standards and for conducting research on cutting edge technology to meet the global challenges. The department endeavors the students to become well qualifies Engineers and to serve Humanity

DEPARTMENT MISSION

Department of Civil Engineering strives to prepare globally competent and successful Civil Engineers and also to provide in-depth knowledge and skills in the technical area pertaining to Civil Engineering.

ABOUT PROGRAM

This workshop gives a detailed insight about implementation and effective use of BIM and discover how BIM can streamline the construction projects with better collaborative design workflows, project management, time and cost savings.

PROGRAM OUTCOMES

This workshop gives a unique opportunity to experience what happens in a real life

AEAD execution of projects using BIM

Dept. of Civil Engineering
TKR College of Engineering & Technology

Meerpet, Hyderabad-97.

IMPORTANT DATES

01.11,2018 - 02.11.2018 10:00 AM to 4:00 PM

CONTENTS OF PROGRAM

- ☐ Introduction, Interpretation of Building Information Modelling and Virtual Prototyping of Models
- Creation of sections, elevations, structural elements & highlighted Case studies on Industrial projects

RESOURCE PERSONS

- □ Dr. T. ShanmugaPriya, Associate Professor, VIT
- Dr. NVS Raju, Professor, JNTUH

Report on Workshop on Construction Project Management and building information

Date: 6.11.18

Workshop Session began with inauguration on 01.11.18 at 10:00 A.M. Venue was Seminar hall in Department of CSE, TKRCET. Dignitaries of the program were Dr.D.V.RaviShankar, Principal Dr.A.Suresh Rao, Dean, Dr.DuraiArulneyam, HOD, Dr.Nageswara Rao, COE, TKRCET, Dr. Shanmuga priya Associate Professor, VIT, has graced the inaugural session by lighting of the lamp

The coordinator S.Ashok kumar Asst Prof, TKRCET, welcomed the participants on behalf of TKR College of Engineering & Technology and appreciated the enthusiastic participation of participants in the session The workshop imparts knowledge about innovative materials and techniques used in construction industry,

. This workshop gives you a unique opportunity to experience what happens in a real life execution of projects using BIM Day 1 handled by Dr. Shanmuga priya Associate Professor, VIT. Day 2 handled by Dr.NVS Raju, Professor, JNTUHIntroduction, Interpretation of Building Information Modelling and Virtual Prototyping of Models Creation of sections, elevations, structural elements & highlighted Case studies on Industrial projects At the end of this seminar Dr.NVS Raju, Professor, JNTUH Interacted With participants about seminar and awarded participation certificate. Feed backs collected from the participants The total participants were 16.

Introduction

The main objective of this two-day faculty development program is to acquaint the participants with the recent technological advancements occurring in area of communications especially 5G wireless systems and its challenges. FDP will be helpful for the faculties and researchers working in the areas of wireless technologies.

Objectives:

- Evolution of Cellular Communication Standards 1G – 5G
- Evolution of Enhanced Mobile Broadband
- 5G: Challenges and Enabling Technologies
- Transmission and Design Techniques for 5G
- Resource Allocation for Wireless Communications
- Mission-critical communications, and the massive IoT

LATEST ADVANCES IN COMMUNICATIONS/5G TECHNOLOGY

in association with

Matchwell Tech Solutions

Date: 21-09-2018 to 22-09-2018

Organized by

Department of Electronics and Communication Engineering, TKRCET, Hyderabad-500097

TKR College of Engineering & Technology

Medbowli, Meerpet, Hyderabad-97

Head of the Penariment

Meubowii, Meerpel, Hyderabad-97.

About the College:

TKR College of Engineering and Technology - a modern temple of learning, an off shoot of the TKR Educational Society was established in the year 2002 in a sprawling, lush green 20-acre campus at Meerpet, Hyderabad. The college provides a serene and tranquil environment to the students, boosting their mental potential and preparing them in all aspects to face the cut-throat global competition with a smile on the face and emerge victorious. The College is affiliated to Jawaharlal Nehru Technological University Kukatpally, Hyderabad. It has been approved by AICTE, New Delhi and the State Government of Telangana and has been sanctioned seven UG courses - Civil Engineering, Electrical & Electronics Engineering, Computer Science Engineering, Electronics Communication Engineering, Mechanical Engineering and PG Courses - M. Tech in CSE, PE & MBA. In addition, the College is running second shift Polytechnic in the branches - CIVIL, EEE, MECH, IT, ECE & CSE. The institute became Autonomous in 2016-17. The Institute has been providing a technology enabled teaching-learning environment (Wi-Fi) since 2005. The Institute constantly strives for improvement, competing with the premier institutions of national importance.

Head of the Department

About the Department:

The Department of Electronics and Communication Engineering was established in 2002. It offers to inculcate creative thinking through innovative and group work exercises which enhances the entrepreneur skills, employability and research capabilities. Students are taught how to use and employ innovative design methods and techniques. Exposure to contemporary facets planning, construction design and project management are key aspects of the course. The Department offer Undergraduate course in B.Tech Electronics and communication Engineering with an annual intake of 240.

Course Contents:

Understand the Evolution of Cellular Communication Standards 1G - 5G

Familiarize the Evolution of Enhanced Mobile Broadband

Learn 5G: Challenges and Enabling Technologies

· Understand Transmission and Design Techniques for 5G

Familiarize Resource Allocation for Wireless Communications

Understand Mission-critical communications, and the massive IoT

RESOURCE PERSON:

N.SRINIVAS REDDY MATCH WELL TECHNOLOGIES Course Outcome:

The participants will be able to understand Latest advances in communications/5G technology

Who can Attend?

Program is open to faculty members/research scholars/PG students from colleges/universities, and industry personnel working in the concerned/allied discipline.

Report on Latest advances in communications/5G technology

Date: 24-09-2018

The TKRCET (K9) conducted a faculty development programme on Latest advances in communications/5G technology from 21-09-2018 to 22-09-2018 as a part of professional development / administrative training programs for teaching and non teaching staff. The FDP was attended by 43 Participants.

Inaugural session was started at 9.30 am which was presided by Dr. D.V. Ravi Shankar, Principal, TKR College of Engineering & Technology. The coordinator P.GAYATHRI welcomed the participants on behalf of TKR College of Engineering & Technology and appreciated the enthusiastic participation of participants in the FDP. Prof Dr. D.V. Ravi Shankar highlighted the main advantages of the Latest advances in communications/5G technology is its flexibility, objective of this two-day faculty development program is to acquaint the participants with the recent technological advancements occurring in area of communications especially 5G wireless systems and its challenges. FDP will be helpful for the faculties and researchers working in the areas of wireless technologies. He advised all the participants to make use of the FDP in efficient manner.

Technical session began after the inaugural session. The session is focused on the Evolution of Cellular Communication Standards 1G - 5G. At the end of session, the queries of the participants were addressed.

The last session was Interaction session. The session was chaired by Dr. D.V. Ravi Shankar, Principal, TKR College of Engineering & Technology and Dr.D.NAGESHWAR Rao (Head of ECE) and the dignitaries. Many participants shared their experiences and problems faced during 1G-5G. They also shared opinions on the workshop. Some of the doubts expressed by the participants were clarified, we invited N.Srinivas Reddy, Director of Matchwell technologies as a spoke person for this event.

TKR College of Engineering & Technology
(AUTONOMOUS)

Medbowli, Meerpet, Hyderabad- 500097.

About TKRCET: TKR College of Engineering & Technology, established in the year 2002, has been sponsored by TKR Educational Society, Medbowli, Meerpet, Hyderabad, Telangana. It is recognized by AICTE and approved by the State Govt and affiliated to Jawaharlal Nehru Technological University Hyderabad (JNTUH).

The College is recognized by UGC under Sections 2(f) and 12 (B) of UGC Act 1956, further strengthens over cause of quality education. The college proudly offers 8 UG and 2 PG programs in engineering, a Professional Course in MBA and 5 programs in Diploma Course. With 15 years of rich standing in the educational era, TKR College of Engineering & Technology has an excellent track record which is evidenced across holding accreditation by NBA in 2008 for 3 years and accreditation for 2 years in 2015, and subsequently extended for one more year. This Institution has the distinction of being one among the Top 10 Ranking Institutes of choice and preference for the aspiring students.

About EEE Department: The department Provides students with catering to the needs of the industry by training students to make valuable contribution. The Department is endeavoring to produce highly trained and capable engineers, who can take up the challenges of the real world. The Department focuses on uncompromising academic standards in imparting both theoretical and practical instructions with a view to prepare professional engineers.

The Department develops creative thinking on concepts of Electrical Engineering to students and faculty members by providing infrastructure, innovative devices and digital library.

The department has good infrastructure facilities with full-fledged laboratories. The department has well qualified and experienced Faculty. The department is headed by Dr. S. Narasimha.

He was conferred with the Ph.D in Electrical and R College of Engineering & Technology Electronics Engineering, JNTU Hyderabad, in (AUTONOMOUS)

the wear 2016

About Course

Power sector is achieving its great successes day by Day. The Generation, transmission and distribution Infrastructure is expanding vigorously. Since, Electricity is hazardous, with greater reach of Electricity to common people; risk of their exposure to electrical accidents has increased. It has been Observed that a higher percentage of the fatality Occurs due to the electrical accidents in the low Voltage level i.e., 33KV and below which is very Close to the common public. Electrical Safety Awareness training course covers The main Dangers associated with the misuse of Electrical Equipment. Familiarity with common Electrical hazards in the workplace Do's and Don'ts When working with electrical appliances. For the UK, within the Health and Safety at Work Act 1974 employers have responsibility for ensuring The safety and health of their employees and also the Public.

By providing basic electrical safety training to your Work force you can help ensure that regulations are adhered to alongside reducing the risk of injury, Damage to property or even a fatality. Electrical Safety is more important as we could not apparently Realize the amount of current a simple cable or bare Conductor carrying or at a glance, we could not Ascertain whether a conductor lives or dead.

This harmless appearance could misguide us, and This is root cause of most of electrical accidents.

Expected Outcomes: Upon successful completion

- Identify the hazards associated with electricity:shock and fire, Explain how electricity works regarding hazards on the job systems
- Describe basic safety controls and practices atwork Identify and explain

Awareness programme on electrical safety

The Department of Electrical & Electronics Engineering of TKRCET (K9) conducted an Awareness programme on Electrical safety on 09-09-2018 as a part of professional development / administrative training programs for teaching and non-teaching staff. The invited resource person is Dr.B.P.Singh, Retd GM BHEL HYD. The programme was attended by 34 Participants.

Inaugural session was started at 9.30 am which was presided Dr. S. Narasimha (Professor & HOD of EEE), TKR College of Engineering & Technology. The coordinator N.Keerthi.Asst.prof, TKRCET, welcomed the participants on behalf of TKR College of Engineering & Technology and appreciated the enthusiastic participation of participants in the session. Dr. S. Narasimha highlighted the importance of electrical safety and its need. Working with or near to a source of electricity can be extremely dangerous, making it essential for workers to have a good knowledge of how to work safely and protect themselves and others from harm. It is important to follow the same systematic approach used for other occupational health and safety issues, when dealing with electrical safety. No one could overstate the importance of Electrical Safety knowledge. It is imperative to know how to work safely with or within the vicinity of electricity because electrical current in regular businesses and homes have enough power that if exposed to, can be fatal. In this direction awareness programme on electrical safety was conducted. He advised all the participants to make use of the session in an efficient manner.

Technical session began after the inaugural session. The session is focused on the major topics related to Fundamentals of Electrical Safety; Acts and Rules; the electrical safety tips to avoid electrical accidents. Some of the safety tips discussed were 1) Before plugging in a device, examine both the device and its cord for damage. Look for corroded, loose or bent plugs.2) When removing plugs from outlets, pull on the plug, not the cord. Etc., At the end of session, the queries of the participants were addressed.

The last session was Interaction session. The session was chaired by Dr. S. Narasimha (Professor & HOD of EEE), TKR College of Engineering & Technology and the dignitaries. They also shared opinions on the event. Some of the doubts expressed by the participants were clarified.

About TKRCET:

TKR College of Engineering & Technology, established in the year 2002, has been sponsored by TKR Educational Society, Medbowli, Meerpet, Hyderabad, Telangana. It is recognized by AICTE and approved by the State Govt and affiliated to Jawaharlal Nehru Technological University Hyderabad (JNTUH).

The College is recognized by UGC under Sections 2(f) and 12 (B) of UGC Act 1956, further strengthens over cause of quality education. The college proudly offers 8 UG and 2 PG programs in engineering, a Professional Course in MBA and 5 programs in Diploma Course. With 15 years of rich standing in the educational era, TKR College of Engineering & Technology has an excellent track record which is evidenced across holding accreditation by NBA in 2008 for 3 years and accreditation for 2 years in 2015, and subsequently extended for one more year.

This Institution has the distinction of being one among the Top 10 Ranking Institutes of choice and preference for the aspiring students.

About Civil Department:

The department Provides students with catering to the needs of the industry by training students to make valuable contribution. The Department is endeavoring to produce highly trained and capable engineers, who can take up the challenges of the real world. The Department focuses on uncompromising academic standards in imparting both theoretical and practical instructions with a view to prepare professional engineers.

The Department develops creative thinking on concepts of Humanities and Science to students and faculty members by providing infrastructure, innovative devices and digital library. The department has good infrastructure facilities with full-fledged laboratories. The department has well qualified and experienced Faculty.

The department is headed by Dr.A.Raja Rajeswari. He was conferred with the Ph.D in CIVIL ENGINEERING JNTU; Hyderabad, in the year 2016.

About Course

Skill development programs aim to acknowledge the Ability of the youth and extend their support by serving them with the proper guidance, infrastructure, opportunities, and encouragement that help them achieve their ambitions.

Pradhan Mantri Kaushal Vikas Yojana (PMKVY) is a flagship scheme for skill training of youth implemented by the Ministry of Skill Development and Entrepreneurship through the National Skill Development Corporation (NSDC). The individuals with prior learning experience or skills shall be assessed and certified under the Recognition of Prior Learning (RPL) component of the Scheme. RPL aims to align the competencies of the unregulated workforce of the country to the NSQF.

Skill training would be based on the National Skill Qualification Framework (NSQF) and industry-led standards.

Objectives of the Course

The FDP aims to empower India's youth by offering necessary skills and training to increase their chances of getting jobs in various sectors.:

Expected Outcomes: Upon successful completion

- To improve their proficiency and to stay future-ready
- Low skills perpetuate poverty and inequality.
- When done right, skills development can reduce un- and underemployment, increase productivity, and improve standards of living.
- Helping people develop and update their skills makes economic sense.

Skill development programme

The Department of Civil Engineering of TKRCET (K9) conducted a FDP on Skill Development program on 26-08-2018 as a part of professional development / administrative training programs for teaching and nonteaching staff. The invited resource person is Dr.Durai Arulneyam. The FDP was attended by 23 Participants.

Inaugural session was started at 9.30 am which was presided by Dr. D.V. Ravi Shankar, Principal, TKR College of Engineering & Technology. The coordinator B.Sreekanth Asst.Prof TKRCET, welcomed the participants on behalf of TKR College of Engineering & Technology and appreciated the enthusiastic participation of participants in the skill development programme which combines soft skills and life skills. The K. V. R. Satya Sai (Associate Professor & HOD of CIVIL) introduced about skill development in his words stating that Soft Skills like software are not directly visible; but their impact can be realized tangibly. Software enhances the performance and productivity of a system. Soft skills enhance the personality and human relations of an individual. This is one of the major reasons for the corporate sector, to lay emphasis on the acquisition of these skills by their personnel. Lack of these skill-set affect the confidence and output of the learners. Hence teachers need to be conversant with these skills to upgrade their learners. He advised all the participants to make use of the FDP to share their views and to have clear picture on the soft skills and its importance.

Technical sessions began after the inaugural session. The sessions aims at equipping teachers to be competent in facing the challenges of the dynamic learning environment, by providing an insight to soft skills for success and life skills for survival at the workplace. The participants can hone their abilities through interactive sessions and impart the skills to their students. The main focus of the course includes: Effective Communication; Interpersonal Relationship; Creative Thinking; Critical Thinking; Decision Making; Problem Solving; Negotiation skills; Self-Awareness and Empathy; Achievement Motivation; Coping with Stress and Emotions. At the end of session, the queries of the participants were addressed.

The last session was Interaction session. The session was chaired by Dr. D.V. Ravi Shankar, Principal, TKR College of Engineering & Technology and K. V. R. Satya Sai (Associate Professor & HOD of CIVIL) and the dignitaries. Many participants shared their experiences and opinions on the workshop. Some of the doubts expressed by the participants were clarified.
