A Session on Online Attendance Monitoring System

The Department of Information Technology of TKRCET (K9) conducted A Session on Online Attendance monitoring System on 10-5-2020 as a part of professional development / administrative training programs for teaching and non-teaching staff. The invited resource person is Dr.Sunil Srinivas, Prof, TKRCET. The session was attended by 11 Participants.

Inaugural session was started at 9.30 am which was presided by Dr. N. Satyanarayana (Professor & HOD of IT), TKR College of Engineering & Technology. The coordinator N. Paparayudu, Asst.prof, TKRCET, welcomed the participants on behalf of TKR College of Engineering & Technology and appreciated the enthusiastic participation of participants in the session. Dr. N. Satyanarayana highlighted the importance of online attendance system and its need to educational institutions. Online Attendance Monitoring System is a web portal designed for taking and managing student's attendance in institutions by means of Smartphone as well as desktops. He advised all the participants to make use of the session in an efficient manner.

Technical session began after the inaugural session. The session is focused on the knowledge on different aspects online attendance system. The objectives of online attendance system were discussed in detail, the main focus is given on how to automate the task of attendance related work, how to automate the task of calculation related to attendance and the detention students list, and how to view overall analysis in very less time with effective result. At the end of session, the queries of the participants were addressed.

The last session was Interaction session. The session was chaired by Dr. N. Satyanarayana (Professor & HOD of IT), TKR College of Engineering & Technology and the dignitaries. Many participants shared their experiences and problems faced during online attendance system. They also shared opinions on the event. Some of the doubts expressed by the participants were clarified.

Hands on training on new revision in MIS

The Department of Computer Science & Engineering of TKRCET (K9) conducted Hands on Training on New Revision in MIS on 12-04-2020 as a part of professional development / administrative training programs for teaching and non-teaching staff. The invited resource person is D.Haritha CSE, KLU. The session was attended by 22 Participants.

Inaugural session was started at 9.30 am which was presided by Dr.A. Suresh Rao, Head of CSE, TKR College of Engineering & Technology. The coordinator G.Deepthi, Asst.prof, TKRCET, welcomed the participants on behalf of TKR College of Engineering & Technology and appreciated the enthusiastic participation of participants in the session. Prof A . suresh Rao highlighted the MIS is an information technology and business process that can be used by decision-makers to record store, and process data and make everyday decisions. The Management Information System (MIS) is a computer-based system that wholly grants handlers with the knowledge they need to create, execute, and examine open-ended project activities.. He advised all the participants to make use of the session in an efficient manner.

Technical session began after the inaugural session. The session focused on the five components of the MIS. The five components namely people, business process, data, software and hardware; All of these elements should operate collectively to accomplish business success. At the end of session, the queries of the participants were addressed.

The last session was Interaction session. The session was chaired by Dr.A. Suresh Rao, Head of CSE, TKR College of Engineering & Technology and the dignitaries. Many participants shared opinions on the event. Some of the doubts expressed by the participants were clarified.

About TKRCET:

TKR College of Engineering & Technology, established in the year 2002, has been sponsored by TKR Educational Society, Medbowli, Meerpet, Hyderabad, Telangana. It is recognized by AICTE and approved by the State Govt and affiliated to Jawaharlal Nehru Technological University Hyderabad (JNTUH).

The College is recognized by UGC under Sections 2(f)and 12 (B) of UGCAct 1956, further strengthens over causeof quality education. The college proudly offers 8 UG and 2 PG programs in engineering, a Professional Course in MBA and 5 programs in Diploma Course.

With 15 years of rich standing in the educational era, TKR College of Engineering & Technology has . an excellent track record which is evidenced across holding accreditation by NBA in 2008 for 3 years and accreditation for 2 years in 2015, and subsequently extended for one more year. This Institution has the distinction of being one among the Top 10 Ranking Institutes of choice and preference for the aspiring students.

About ECE Department:

The Department of Electronics & Communication Engineering (ECE) was established in 2002 with the goal of delivering integrated technology education to students from all across India and the world, thereby developing responsible citizens who would contribute to the advancement of their families, community, and nation. Under the dynamic guidance of Dr .D.Nageshwara rao the department is experiencing a moment of tremendous development and potential driven by the advancement of technology and its recognition.

> Head of the Department Electronics & Communication Engineering TKR College of Engineering & Technology (AUTONOMOUS)

Medbowli, Meerpet, Hyderabad-97

Dr. A. Suresh Rao, is a Professor in the Department of Computer Science & Engineering and was conferred with the PhD Degree in Computer Science & Engineering from NIT Warangal, in the year 2015. He is currently the Vice Principal, Dean of Academics and Head of the Department of Computer Science and Engineering at TKRCET. His experience spans across a period of 20 years; 02 years in the Industry and 18 Years in Teaching. Apart from teaching he is also a discerning administrator.

About Course

Execution refers to the use of Hands-On Training to facilitate from the classroom to the job.

Hand-On Training is used as a follow-up to other types of training in order to help the trainee make the the transition from practicing to properly executing the job in the workplace.

Training has a direct impact on your organization productivity and performance. As mentioned earlier, training gives employees a better understanding of their LLCT responsibilities and the knowledge and skills they need to do that job. This will improve their confidence which can positively impact performance.

A training strategy is an organized approach to creating a training program for staff members. An effective employee training program is a crucial step for the professional development of staff, ensuring they have the skills needed to provide successful business results.

Effective Training Program

Step 1: Define Your Training

Step 2: Prepare Your Training

Step 3: Practice Your Training

Step 4: Deliver Your Training

Step 5: Confirm Your Training

Step 6: Audit Trainee Performance

This Institution has the distinction of being one among the Top 10 Ranking Institutes of choice and preference for the aspiring students.

About Course

Faculty vitality is the main ingredient to enhance professional education and competence. Enriching the faculty vitality in key domains of teaching, assessing, research, professionalism, and administration is perceived to improve educational environment significantly and enhances the academic performance of learners. Faculty development program (FDP) has been considered as a stand-alone educational pedagogy in fostering knowledge and professional skills of faculty. However, few studies have provided objective reports about the impact of such programs in a healthcare system.

Objectives Of The Course

The workshop aims to achieve the following: Expected Outcomes: Upon successful completion

Gain better understanding on how to design a valid research project to answer specific research questions. Design reliable and valid questionnaires for collection of data.

To make the participants familiar with univariate, bivariate and multivariate statistical Techniques.

Role of a Faculty in Overall development of the Student

The TKRCET (K9) conducted a faculty development program on Role of a Faculty in Overall development of the Student during 7-03-2020 to 12-03-2020 as a part of professional development / administrative training programs for teaching and nonteaching staff. The invited resource person is Prof Iiaiah, retd director kothagudem thermal power station. The session was attended by 76 Participants.

Inaugural session was started at 9.30 am which was presided by Dr.A. Suresh Rao, Head of CSE, TKR College of Engineering & Technology. The coordinator Dr B Narasimha, Prof TKRCET, welcomed the participants on behalf of TKR College of Engineering & Technology and appreciated the enthusiastic participation of participants in the session. Prof Dr. A . suresh Rao in his introduction about the programme said that how faculty evaluate the strengths and weaknesses of their students and guide them to follow the best practices. They not only bring out the best from the students but teach them valuable life skills too like communication, compassion, organization, and presentation. He advised all the participants to make use of the session in an efficient manner.

Technical session began after the inaugural session. The technical session focused on the various topics like imparting knowledge, setting the class room environment, becoming a role model, mentoring and looking for the signs of trouble. At the end of session, the queries of the participants were addressed.

The last session was Interaction session. The session was chaired by Dr. A. Suresh Rao, Head of CSE, TKR College of Engineering & Technology and the dignitaries. Many participants shared opinions on the event. Some of the doubts expressed by the participants were clarified.

About TKRCET: TKR College of Engineering & Technology, established in the year 2002, has been Sponsored by TKR Educational Society, Medbowli, Meerpet, Hyderabad, Telangana. It is recognized by AICTE and approved by the State Govt and affiliated to Jawaharlal Nehru Technological University Hyderabad (JNTUH).

The College is recognized by UGC under Sections 2(f) and 12 (B) of UGC Act1956, further strengthens over cause of quality education. The college proudly offers 8 UG and 2 PG programs in engineering, a Professional Course in MBA and 5 programs in Diploma Course. With 15years of rich standing in the educational era, TKR College of Engineering & Technology has an excellent Track record which is evidenced across holding Accreditation by NBA in 2008 for 3 years and accreditation for 2 years in 2015, and subsequently Extended for one more year. This Institution has the distinction of being one among the Top 10 Ranking Institutes of choice and preference for the aspiring students.

About Electronics and Communication Engineering
Department: The Department of Electronics &
Communication Engineering (ECE) was established in 2002
with the goal of delivering integrated technology education
to students from all across India and the world, thereby
developingresponsible citizens who would contribute to the
advancement of their families, community, and nation.
Under the dynamic guidance of Dr. D. Nageshwara rao the
department is experiencing a moment of tremendous
development and potential driven by the advancement of
technology and its recognition

About

Our objective is to build awareness of our Energy efficiency programs and to make sure Our participants understand the benefits of these Programs from an energy savings and environmental Standpoint. This education program will focus on the Education of both Freeport Electric Staff and the public Regarding the impacts of energy usage on a wide Variety of levels. There are many low-cost, Simple things that customers can do in and around their Homes to reduce energy use and save money.

Expected Outcomes: Upon successful completion

Energy efficiency is the quickest, cleanest, and most economical way to reduce energy use and save money on your energy bill

Provide information on the benefits of using energy efficient products. It will show the impact that energy consumption within our community creates from a financial and

Awareness program on safety and energy conservation

The TKRCET (K9) conducted an Awareness program on safety and energy conservation on 19-01-2020 as a part of professional development / administrative training programs for teaching and non-teaching staff. The invited resource person is K. Sudha Rani, Assoc Prof, TKRCET. The programme was attended by 22 Participants.

Inaugural session was started at 9.30 am which was presided by Dr.A. Suresh Rao, Head of CSE, TKR College of Engineering & Technology. The coordinator Kalpanar.NS, Asst.prof, TKRCET, welcomed the participants on behalf of TKR College of Engineering & Technology and appreciated the enthusiastic participation of participants in the session. Prof A . suresh Rao highlighted that Energy needs to be conserved to cut costs and to preserve the resources for longer use. Consumers have the responsibility to use utility services safely. In the case of natural gas and electricity, failure to use services safely can be harmful or fatal. He advised all the participants to make use of the session in an efficient manner.

After the opening session, the technical session started. The lesson started with a quiz for the students, which was followed by an explanation of the energy and environmental situation in India and the rest of the world. The India Energy & Environment Policies & Action Plan was discussed to provide context for the necessity of energy conservation. It was also mentioned what safety precautions one should take when using energy sources. The attendees' questions were answered after the session's conclusion.

The last session was Interaction session. The session was chaired by Dr.A. Suresh Rao, Head of CSE, TKR College of Engineering & Technology and the dignitaries. They also shared opinions on the event. Some of the doubts expressed by the participants were clarified.

This Institution has the distinction of being one among the Top 10 Ranking Institutes of choice and preference for the aspiring students.

About EEE Department: The department Provides students with in-depth understand of fundamentals and practical training related to professional skills and their applications through effective Teaching- Learning process and state of the art laboratories pertaining to CSE and inter disciplinary areas. Prepares students in developing research, design, entrepreneurial skills and employability capabilities. Provides consultancy services and promotes industry Department interactions.

The department of CSE has an intake of 240 in CSE, 24 in PG. The department has good infrastructure facilities with full-fledged laboratories. The department has well qualified and experienced Faculty with 14 Professors 8 associate professores,35 Assistant Professors. The department is headed by Dr.S.NARASIMHA.

He was conferred with the PhD Degree in Computer Science & Engineering from NIT Warangal, in the year 2015. He is also currently acting as Vice Principal and Dean of Academics. His Experience spans across a period of 20 years;02 years in the Industry and 18 years in Teaching. Apart from teaching he is also discerning administrator.

About Course

Electrical safety tips for avoiding electrical accidents: Before plugging in a device, examine both the device and its cord for damage. Look for corroded, loose or bent plugs. Examine the cord for cracksor frayed insulation at the plug end.

Objectives of the Course

The aim of this program is to provide comprehensive on-site training to high-risk workers.

Expected Outcomes: Upon successful completion

1) This training ensures the workers learn various types of electrical risk, how it occurs, and what safety protection is needed at the workplace.

2) It enables the workers as qualified to perform maintenance and repairs of electrical equipment.

3) It helps employers to reduce medical expenses, liabilities, workplace accidents, and the cost of maintaining the equipment

Awareness programme on electrical safety

The Department of Electrical & Electronics Engineering of TKRCET (K9) conducted an Awareness programme on Electrical safety on 22-12-2019 as a part of professional development / administrative training programs for teaching and non-teaching staff. The invited resource person is T.Anil Kumar, Prof, ANURAG. The programme was attended by 50 Participants.

Inaugural session was started at 9.30 am which was presided by Dr. S. Narasimha (Professor & HOD of EEE), TKR College of Engineering & Technology. The coordinator V.Sangeetha Sarli, Asst.prof, TKRCET, welcomed the participants on behalf of TKR College of Engineering & Technology and appreciated the enthusiastic participation of participants in the session. Dr. S. Narasimha highlighted the importance of electrical safety and its need. Working with or near to a source of electricity can be extremely dangerous, making it essential for workers to have a good knowledge of how to work safely and protect themselves and others from harm. It is important to follow the same systematic approach used for other occupational health and safety issues, when dealing with electrical safety. No one could overstate the importance of Electrical Safety knowledge. It is imperative to know how to work safely with or within the vicinity of electricity because electrical current in regular businesses and homes have enough power that if exposed to, can be fatal. In this direction awareness programme on electrical safety was conducted. He advised all the participants to make use of the session in an efficient manner.

Technical session began after the inaugural session. The session is focused on the major topics related to Fundamentals of Electrical Safety; Acts and Rules; the electrical safety tips to avoid electrical accidents. Some of the safety tips discussed were 1) Before plugging in a device, examine both the device and its cord for damage. Look for corroded, loose or bent plugs.2) When removing plugs from outlets, pull on the plug, not the cord. Etc., At the end of session, the queries of the participants were addressed.

The last session was Interaction session. The session was chaired by Dr. S. Narasimha (Professor & HOD of EEE), TKR College of Engineering & Technology and the dignitaries. They also shared opinions on the event. Some of the doubts expressed by the participants were clarified.

Faculty development Program **Pedagogical Training** 9.12.2019 - 13.12.2019

Organized by Department of Civil Engineering

TKR COLLEGE OF ENGINEERING & TECHNOLOGY (AUTONOMOUS)

(Approved by AJCTE, Affiliated to JNTUH, Accredited by NBA) Accredited by NAAC with A grade Medibowli, Meerpet (V), Balapur (Mandal) R.R. (Dist), Telangana 500 097

ABOUT TKRCET

TKR College of Engineering and Technology, an off shoot of TKR Educational Society was established in the year 2002. Sri Teegala Krishna Reddy, the Mayor of Hyderabad, is founder chairman of TKR Educational society. The college is affiliated to Jawaharlal Nehru Technological University Kukatpally, Hyderabad. It has been approved by AICTE, New Delhi and the State Government of Telangana and has been sanctioned seven UG courses- CE, EEE, ME, ECE, CSE, IT and PG Courses-M. Tech in CSE, PE, & MBA. In addition, college is running second shift Polytechnic in branches- CE, EEE, ME, ECE & CSE.

ABOUT DEPARTMENT

The department of Civil Engineering in TKRCET is well established with renowned experienced faculty members and equipped with all Civil Engineering Laboratories. IAI is established with many state government departments, organizations, companies and consultants through the major projects and mini projects are carried out for students. Industrial tours, workshops, and seminars/ guest lectures are a regular part of the academic curriculum. The students of the department are proudly coming out with hands-on Civil engineering knowledge paving their way for prosperous future career.

DEPARTMENT VISION

Department of Civil Engineering strives to become a place of learning of imparting technical education of international standards and for conducting research on cutting edge technology to meet the global challenges. The department endeavors the students to become well qualifies Engineers and to serve Humanity

DEPARTMENT MISSION

Department of Civil Engineering strives to prepare globally competent and successful Civil Engineers and also to provide in-depth knowledge and skills in the technical area pertaining to Civil Engineering.

ABOUT PROGRAM

The pedagogical skills, thus, include the capacity to plan, initiate, lead and develop education and teaching with the departure point in both general and subject-specific knowledge of student learning.

Pedagogical skills also include the capacity to connect the teaching to research in the subject of interest.

PROGRAM OUTCOMES

☐ This seminar gives a Pedagogical skills also include the capacity to connect the teaching to research in the subject of interest.

IMPORTANT DATES

09.12.2019 - 13.12.2019 10:00 AM to 4:00 PM

CONTENTS OF PROGRAM

Pedagogy enables teachers to understand the best suitable practices for a classroom setting. It helps them to know how different students learn and grasp information so that they can tailor their lessons to satisfy those needs. It is likely to improve the quality of teaching and the way it is received by the students.

Report on Faculty Development Training on Pedagogical Training

Date: 18-12.2019

The Department of Civil Engineering of TKRCET (K9) conducted a faculty development program on Pedagogical Training during 09-12-2019 to 13-12-2019 as a part of professional development / administrative training programs for teaching and nonteaching staff. The FDP was attended by 33 Participants.

Inaugural session was started at 9.30 am which was presided by DR.R.PREMSUDHA Professor & HOD of CIVIL TKR College of Engineering & Technology. The coordinator G.THIRUPATI, Asst.prof, TKRCET, welcomed the participants on behalf of TKR College of Engineering & Technology and appreciated the enthusiastic participation of participants in the session. DR.R.PREMSUDHA in his introduction about the programme said that pedagogical training can be defined as the training of learners to become teachers regarding the enhancement of the learning process and the improvement of the teaching and learning quality as well as the development of teaching competence. He advised all the participants to make use of the session in an efficient manner.

Technical sessions began after the inaugural session. The technical sessions focused on the Virtual Delivery Techniques, Mind Set Crafting, Attitude Formation and Mental Health, Career Counseling, Mentoring and Classroom Delivery Enhancement Techniques, and question paper setting for quality evaluation in higher education. Practice and assignments on the issues discussed were also carried out in the session. At the end of session, the queries of the participants were addressed.

The last session was Interaction session. The session was chaired by DR.R.PREMSUDHA Professor & HOD of CIVIL), TKR College of Engineering & Technology and the dignitaries. Many participants shared opinions on the event. Some of the doubts expressed by the participants were clarified.

TKR College of Engineering & Technology Medbowli, Meerpet, Hyderabad - 78 About TKRCET: TKR College of Engineering & Technology, established in the year 2002, has been sponsored by TKR Educational Society, Medbowli, Meerpet, Hyderabad, Telangana. It is recognized by AICTE and approved by the State Govt and affiliated to Jawaharlal Nehru Technological University Hyderabad (JNTUH).

The College is recognized by UGC under Sections 2(f) and 12 (B) of UGC Act 1956, further strengthens over cause of quality education. The college proudly offers 8 UG and 2 PG programs in engineering, a Professional Course in MBA and 5 programs in Diploma Course. With 15 years of rich standing in the educational era, TKR College of Engineering & Technology has an excellent track record which is evidenced across holding accreditation by NBA in 2008 for 3 years and accreditation for 2 years in 2015, and subsequently extended for one more year. This Institution has the distinction of being one among the Top 10 Ranking Institutes of choice and preference for the aspiring students.

About H&S Department: The department Provides students with catering to the needs of the industry by training students to make valuable contribution. The Department is endeavoring to produce highly trained and capable engineers, who can take up the challenges of the real world. The Department focuses on uncompromising academic standards in imparting both theoretical and practical instructions with a view to prepare professional engineers.

The Department develops creative thinking on concepts of Humanities and Science to students and faculty members by providing infrastructure, innovative devices and digital library. The department has good infrastructure facilities with full-fledged laboratories.

The department has well qualified and experienced Faculty. The department is headed by

Dr.D.V.S.R.ANIL KUMAR He was conferred with the Ph.D in HUMANITIES AND SCIENCE, JNTU; Hyderabad, in the year 2002.

PROFESSOR & HEAD HUMANITIES & SCIENCE TKR COLLEGE OF ENGINEERING & TECHNOLOGY

About Course

Skill development programs aim to acknowledge the Ability of the youth and extend their support by serving them with the proper guidance, infrastructure, opportunities, and encouragement that help them achieve their ambitions.

Pradhan Mantri Kaushal Vikas Yojana (PMKVY) is a flagship scheme for skill training of youth implemented by the Ministry of Skill Development and Entrepreneurship through the National Skill Development Corporation (NSDC).

The individuals with prior learning experience or skills shall be assessed and certified under the Recognition of Prior Learning (RPL) component of the Scheme. RPL aims to align the competencies of the unregulated workforce of the

Skill training would be based on the National Skill Qualification Framework (NSQF) and industry-led standards.

Objectives of the Course

country to the NSOF.

The seminar aims to empower India's youth by offering necessary skills and training to increase their chances of getting jobs in various sectors.:

Expected Outcomes: Upon successful completion

- To improve their proficiency and to stay future-ready
- Low skills perpetuate poverty and inequality.
- When done right, skills development can reduce underemployment, increase productivity, and improve standards of living.
- Helping people develop and update their skills makes economic sense.

Skill development programme

The Department of Humanities and Sciences of TKRCET (K9) conducted a FDP on Skill Development program on 02-12-2019 to 09-12-2019 as a part of professional development / administrative training programs for teaching and nonteaching staff. The invited resource person is M.Vidhyu Lathaasst.Prof. HOD, AV COLLEGE. The FDP was attended by 15 Participants.

Inaugural session was started at 9.30 am which was presided by Dr. D.V. Ravi Shankar, Principal, TKR College of Engineering & Technology. The coordinator Dr. Sudha Menon, prof, TKRCET welcomed the participants on behalf of TKR College of Engineering & Technology and appreciated the enthusiastic participation of participants in the skill development programme which combines soft skills and life skills. The Dr.D.V.S.R.Anil Kumar (Professor & HOD of H&S) introduced about skill development in his words stating that Soft Skills like software are not directly visible; but their impact can be realized tangibly. Software enhances the performance and productivity of a system. Soft skills enhance the personality and human relations of an individual. This is one of the major reasons for the corporate sector, to lay emphasis on the acquisition of these skills by their personnel. Lack of these skill-set affect the confidence and output of the learners. Hence teachers need to be conversant with these skills to upgrade their learners. He advised all the participants to make use of the FDP to share their views and to have clear picture on the soft skills and its importance.

Technical sessions began after the inaugural session. The sessions aims at equipping teachers to be competent in facing the challenges of the dynamic learning environment, by providing an insight to soft skills for success and life skills for survival at the workplace. The participants can hone their abilities through interactive sessions and impart the skills to their students. The main focus of the course includes: Effective Communication; Interpersonal Relationship; Creative Thinking; Critical Thinking; Decision Making; Problem Solving; Negotiation skills; Self-Awareness and Empathy; Achievement Motivation; Coping with Stress and Emotions. At the end of session, the queries of the participants were addressed.

The last session was Interaction session. The session was chaired by Dr. D.V. Ravi Shankar, Principal, TKR College of Engineering & Technology and Dr. D.V.S.R.Anil Kumar (Professor & HOD of H&S) and the dignitaries. Many participants shared their experiences and opinions on the workshop. Some of the doubts expressed by the participants were clarified.

Introduction

The main objective of this two-day faculty development program is to acquaint the participants with the recent technological advancements occurring in area of communications especially 5G wireless systems and its challenges. FDP will be helpful for the faculties and researchers working in the areas of wireless technologies.

Objectives:

- Evolution of Cellular Communication Standards 1G – 5G
- · Evolution of Enhanced Mobile Broadband
- 5G: Challenges and Enabling Technologies
- Transmission and Design Techniques for 5G
- Resource Allocation for Wireless Communications
- Mission-critical communications, and the massive IoT

About the College:

TKR College of Engineering and Technology - a modern temple of learning, an off shoot of the TKR Educational Society was established in the year 2002 in a sprawling, lush green 20-acre campus at Meerpet, Hyderabad. The college provides a serene and tranquil environment to the students, boosting their mental potential and preparing them in all aspects to face the cut-throat global competition with a smile on the face and emerge victorious. The College is affiliated to Jawaharlal Nehru Technological University Kukatpally, Hyderabad. It has been approved by AICTE, New Delhi and the State Government of Telangana and has been sanctioned seven UG courses - Civil Engineering, Electrical & Electronics Engineering, Computer Science Engineering. Electronics Communication Engineering. Mechanical Engineering and PG Courses - M. Tech in CSE, PE & MBA. In addition, the College is running second shift Polytechnic in the branches - CIVIL, EEE, MECH. IT, ECE & CSE. The institute became Autonomous in 2016-17. The Institute has been providing a technology enabled teaching-learning environment (Wi-Fi) since 2005. The Institute constantly strives for improvement, competing with the premier institutions of national importance.

Head of the Department

TKR College of Engineering & Technology
(AUTONOMOUS)

Medbowli Meernet Hyderabad

About the Department:

The Department of Electronics and Communication Engineering was established in 2002. It offers to inculcate creative thinking through innovative and group work exercises which enhances the entrepreneur skills, employability and research capabilities. Students are taught how to use and employ innovative design methods and techniques. Exposure to contemporary facets planning, construction design and project management are key aspects of the course. The Department offer Undergraduate course in B.Tech Electronics and communication Engineering with an annual intake of 240.

Course Contents:

- Understand the Evolution of Cellular Communication Standards 1G – 5G
- Familiarize the Evolution of Enhanced Mobile Broadband
- Learn 5G: Challenges and Enabling Technologies
- Understand Transmission and Design Techniques for 5G
- Familiarize Resource Allocation for Wireless Communications
- Understand Mission-critical communications, and the massive IoT

RESOURCE PERSON:

N.SRINIVAS REDDY
MATCH WELL TECHNOLOGIES

4

Course Outcome:

The participants will be able to understand Latest advances in communications/5G technology

Who can Attend?

Program is open to faculty members/research scholars/PG students from colleges/universities, and industry personnel working in the concerned/allied discipline.

Report on Latest advances in communications/5G technology

Date:23-09-2019

The TKRCET (K9) conducted a faculty development programme on Latest advances in communications/5G technology from 19-09-2019 to 20-09-2019 as a part of professional development / administrative training programs for teaching and non teaching staff. The FDP was attended by 39 Participants.

Inaugural session was started at 9.30 am which was presided by Dr. D.V. Ravi Shankar, Principal, TKR College of Engineering & Technology. The coordinator K.Sukanya welcomed the participants on behalf of TKR College of Engineering & Technology and appreciated the enthusiastic participation of participants in the FDP. Prof Dr. D.V. Ravi Shankar highlighted the main advantages of the Latest advances in communications/5G technology is its flexibility, objective of this two-day faculty development program is to acquaint the participants with the recent technological advancements occurring in area of communications especially 5G wireless systems and its challenges. FDP will be helpful for the faculties and researchers working in the areas of wireless technologies. He advised all the participants to make use of the FDP in efficient manner.

Technical session began after the inaugural session. The session is focused on the Evolution of Cellular Communication Standards 1G - 5G. At the end of session, the queries of the participants were addressed.

The last session was Interaction session. The session was chaired by Dr. D.V. Ravi Shankar, Principal, TKR College of Engineering & Technology and Dr.D.NAGESHWAR Rao (Head of ECE) and the dignitaries. Many participants shared their experiences and problems faced during 1G-5G. They also shared opinions on the workshop. Some of the doubts expressed by the participants were clarified, we invited N.Srinivas Reddy, Director of Matchwell technologies as a spoke person for this event.

TKR College of Engineering & Technology (AUTONOMOUS)

Medbowli, Meerpel, Hyderabad- 500097.

About TKRCET:

TKR College of Engineering & Technology, established in the year 2002, has been sponsored by TKR Educational Society, Medbowli, Meerpet, Hyderabad, Telangana. It is recognized by AICTE and approved by the State Govt and affiliated to Jawaharlal Nehru Technological University Hyderabad (JNTUH).

The College is recognized by UGC under Sections 2(f) and 12 (B) of UGC Act 1956, further strengthens over cause of quality education. The college proudly offers 8 UG and 2 PG programs in engineering, a Professional Course in MBA and 5 programs in Diploma Course. With 15 years of rich standing in the educational era, TKR College of Engineering & Technology has an excellent track record which is evidenced across holding accreditation by NBA in 2008 for 3 years and accreditation for 2 years in 2015, and subsequently extended for one more year.

This Institution has the distinction of being one among the Top 10 Ranking Institutes of choice and preference for the aspiring students.

About CSE Department:

The department Provides students with in-depth understand of fundamentals and practical training related to professional skills and their applications through effective Teaching- Learning process and state of the art laboratories pertaining to CSE and inter disciplinary areas. Prepares students in developing design, research, entrepreneurial skills employability capabilities. Provides consultancy services and promotes industry Department interactions.

The department of CSE has an intake of 240 in CSE, 24 in PG. The department has good infrastructure facilities with full-fledged laboratories. The department has well qualified and experienced Faculty with 14 Professors 8 associate professores, 35 Assistant Professors. The department is headed by Dr A Suresh Rao.

He was conferred with the PhD Degree in Computer Science& Engineering from NIT Warangal, in the year 2015. He is also currently acting as Vice Principal and Dean of Academics. His Experience spans across a period of 20 years;02 years in the Industry and 18 years in Teaching. Apart from teaching he is also discerning administrator.

About Course

Artificial Intelligence (AI) is the knowledge domain that targets the development of computer systems to solve problems by giving them cognitive powers For performing tasks that usually require human Intelligence. Hence, simulation of human intelligence, with computer programing and technologies, is main objective of AI. Whereas, machine learning is one of the branches of AI, in which computer systems are programmed based on the data and type of input. Machine learning (ML) gives the capability to AI for solving problems based on available data Likewise, artificial neural network (ANN) is an evolved method of ML algorithms, Developed on a concept of imitating the human Brain.

In the field of AI, deep learning (DL) has gained much popularity and trending for investigation domains. One of the foremost shortcomings of conventional machine learning is their inability to solve the selectivity invariance problem, and because of this drawback, these methods have limited capability of data processing in their real state. Selectivity-invariance enables the model for the selection of those parameters that comprise of more information and disregard parameters with less information.

Objectives of the Course HEAD OF THE DEPARTMENT

The seminar and to achieve the following Technology
Expected Outcomes: Upon Successful Competing Technology

Advanced Data Processing Using Machine Learning, Artificial Neural Networks And Deep Learning.

The Department of Computer Science & Engineering of TKRCET (K9) conducted a faculty development program on Advanced Data Processing Using Machine Learning, Artificial Neural Networks And Deep Learning on 25-08-2019 as a part of professional development / administrative training programs for teaching and nonteaching staff. The invited resource person is Mouna Sree, Brain O Vision. The session was attended by 45 Participants.

Inaugural session was started at 9.30 am which was presided by Dr.A. Suresh Rao, Head of CSE, TKR College of Engineering & Technology. The coordinator CH.B.N.Lakshmi,PROF, TKRCET, welcomed the participants on behalf of TKR College of Engineering & Technology and appreciated the enthusiastic participation of participants in the session. Prof Dr. A . suresh Rao in his introduction about the programme narrated about importance of data processing and how the data is processed using machine learning, artificial neural networks and deep learning. He advised all the participants to make use of the session in an efficient manner.

Technical session began after the inaugural session. During the technical sessions the resource person clearly mentioned the difference between machine learning, artificial neural networks and deep learning. Variety of machine learning, artificial neural networks and deep learning techniques were demonstrated. Sample exercise programs were executed for clear understanding of the concept. Demonstration of mini project was done. At the end of session, the queries of the participants were addressed.

The last session was Interaction session. The session was chaired by Dr. A. Suresh Rao, Head of CSE, TKR College of Engineering & Technology and the dignitaries. Many participants shared opinions on the event. Some of the doubts expressed by the participants were clarified.

ABOUT THE COLLEGE

TKR College of Engineering & Technology – a modern temple of learning, an off shoot of the TKR Educational Society was established in the year 2002 in a sprawling, lush green 20-acre campus at Meerpet, Hyderabad. The college provides a serene and tranquil environment to the students, boosting their mental potential and preparing them in all aspects to face the cut-throat global competition with a smile on the face and emerge victorious.

ABOUT THE DEPARTMENT

The Department of Civil Engineering in TKRCET is well established with renowned experienced faculty members and equipped with all Civil Engineering laboratories. Research oriented work in the fields of concrete technology, geo-technical engineering and environmental engineering is being carried out through the students. Industry-academy interaction is established with many state government departments, organizations, companies and consultants through the major projects and mini projects are carried out for the students. Industrial tours, workshops and seminars/ guest lecturers are a regular part of the academic curriculum.

The students of the department are proudly coming out with hands-on Civil Engineering knowledge paving their way for prosperous future career.

VISION

Department of civil engineering strives to become a place of learning of imparting technical education of international standards and for conducting research on cutting edge technology to meet the global challenges, The department endeavors the students to become well qualified Engineers and to serve Humanity.

MISSION

Department of civil engineering strives to prepare globally competent and successful civil engineers and also to provide in-depth knowledge and skills in the technical area pertaining to civil engineering.

Objective of the Workshop

This workshop is designed to enrich the learning skills of participants to make them aware about modern transportation techniques & facilities. This workshop mainly focuses on advanced applications on sustainable Transport facilities, and their applications with practical approach.

PROGRAMME OBJECTIVES

The chief objective of this Seminar is to familiarize the advancement of Technology in various industries and to depict the future scenario for the upcoming generation and also to stimulate and improve efficiency, agility and safety in every aspect of their career advancement.

TARGET GROUP

Faculty-research scholars and students from academic institution.

RESOURCE PERSON

Dr. Manjunath Assistant Professor, MVSR Mr. Malla Reddy AEE, Kurnool

Agenda for Day1:

Smart and sustainable Transport facilities in India

Agenda for Day2:

- ☐ Application of soft computing in Transportation planning
- ☐ Demonstration on Latest Tools on enhancement of survey

Report an Workshop On Transportation Engineering

Date: 16.08.19

Workshop Session began with inauguration on 12.8.19 at 10:00 A.M., venue was Seminar hall, Dignitaries of the program were Dr. D. V. Ravi Shankar, Principal TKRCET, Dr. A. Suresh Rao, Dean TKRCET, Dr. R.Premsudha, HOD TKRCET, Dr. NageswaraRao, COE TKRCET, the honourable chief guest Dr.ManjunathAssistantProfessor, MVSR, has graced the inaugural session by lighting of the lamp, The programme is designed to enrich the learning skills of participants to make them aware about modern transportation techniques & facilities. The programme mainly focuses on advanced applications on sustainable Transport facilities, and their applications with practical approach

The coordinator Mrs . Himaja , Asst Prof, TKRCET, welcomed the participants on behalf of TKR College of Engineering & Technology and appreciated the enthusiastic participation of participants in the session The participants would gain knowledge about Smart and sustainable Transport facilities in India. To implement the Application of soft computing in Transportation planning

Day 1 handled by Dr. Manjunath Assistant Professor, MVSR, Day 2 handled by Mr. Malla Reddy AEE, Kurnool Contents of the Programme Smart and sustainable Transport facilities in India, Application of soft computing in Transportation planning, Demonstration on Latest Tools on enhancement of survey At the end of this workshop Mr. Malla Reddy AEE, Kurnool demonstrated the application of Latest Tools on enhancement of transportation survey of small running projects. He conducted a quiz as whole workshop content and will gave participation certificate after the evaluation the quiz. Conducted Valedictory functions, collected Feed backs from the participants. The total participants were 18

About TKRCET: TKR College of Engineering & Technology, established in the year 2002, has been sponsored by TKR Educational Society, Medbowli, Meerpet, Hyderabad, Telangana. It is recognized by AICTE and approved by the State Govt and affiliated to Jawaharlal Nehru Technological University Hyderabad (JNTUH).

The College is recognized by UGC under Sections 2(f) and 12 (B) of UGC Act1956, further strengthens over cause of quality education. The college proudly offers 8 UG and 2 PG programs in engineering, a Professional Course in MBA and 5 programs in Diploma Course. With 15 years of rich standing in the educational era, TKR College of Engineering & Technology has an excellent track record which is evidenced across holding accreditation by NBA in 2008 for 3 years and accreditation for 2 years in 2015, and subsequently extended for one more year. This Institution has the distinction of being one among the Top 10 Ranking Institutes of choice and preference for the aspiring students.

About CSE Department: The department Provides students with in-depth understand of fundamentals and practical training related to professional skills and their applications through effective Teaching- Learning process and state of the art laboratories pertaining to CSE and interdisciplinary areas. Prepares students in developing research, design, entrepreneurial skills and employability capabilities. Provides consultancy services and promotes industry Department interactions.

The department of CSE has an intake of 240 in CSE, 24 in PG. The department has good infrastructure facilities with full-fledged laboratories. The department has well qualified and experienced Faculty with 14 Professors 8 associate professores,35 Assistant Professors. The department is headed by Dr A Suresh Rao.

He was conferred with the PhD Degree in Computer Science & Engineering from NIT Warangal, in the year 2015. He is also currently acting as Vice Principal and Dean of Academics. His Experience spans across a period of 20 years;02 years in the Industry and 18 years in Teaching. Apart from teaching he is also discerning administrator.

About Course

Many institutions of higher education - colleges, Universities, community colleges - use online survey Software to create a powerful course evaluation system. With Snap Survey Software, your institution can Easily administer and collect data directly from the students, and generate analysis and reports that can easily display areas of strength or areas that need continued improvement. Snap Survey Software has the ability to generate comprehensive Smart Report which can be integrated into your course evaluation system inorder to generate reports on an range of criterion and over time. With Contextual Reporting, a new Smart Reporting feature of Snap Survey Software, you can easily generate lists of reports from the same survey which contain data relevant to and configured to individual professors, departments, schools, and more. And, the relevant reports can be run over and over A gain. It's an effective easy way to automate the management of multiple reports, making it especially useful to educational institutions for information gathered through course evaluations.

- Flexible design
- Administration flexibility
- Track student responses
- · Track progress over time

Objectives of the Course

Course evaluation results help faculty gain a better Understanding of how well they are meeting the learning Needs of their students. Student feedback helps them to Develop, modify and improve their courses. Departments use course evaluation results when they evaluate Instructors teaching effectiveness each year.

Session on online evaluation system.

The Department of Computer Science & Engineering of TKRCET (K9) conducted a session on Online Evaluation System on 28-07-2019 as a part of professional development / administrative training programs for teaching and nonteaching staff. The invited resource person is Dr. Narender. Prof, TKRCET. The session was attended by 32 Participants.

Inaugural session was started at 9.30 am which was presided by Dr. A. Suresh Rao, Head of CSE, TKR College of Engineering & Technology. The coordinator A.M.Kalpana, Asst.prof. TKRCET, welcomed the participants on behalf of TKR College of Engineering & Technology and appreciated the enthusiastic participation of participants in the session. Prof A. Suresh Rao highlighted the importance of online evaluation system and its need to educational institutions. He advised all the participants to make use of the session in an efficient manner.

Technical session began after the inaugural session. The session is focused on the knowledge on different aspects evaluation system and evaluation norms followed. At the end of session, the queries of the participants were addressed.

The last session was Interaction session. The session was chaired by Dr. A. Suresh Rao, Head of CSE, TKR College of Engineering & Technology and the dignitaries. Many participants shared their experiences and problems faced during online evaluation system. They also shared opinions on the event. Some of the doubts expressed by the participants were clarified.
