About TKRCET: TKR College of Engineering & Technology, established in the year 2002, has been sponsored by TKR Educational Society, Medbowli, Meerpet, Hyderabad, Telangana. It is recognized by AICTE and approved by the State Govt and affiliated to Jawaharlal Nehru Technological University Hyderabad (JNTUH).

The College is recognized by UGC under Sections 2(f) and 12(B) of UGC Act 1956, further strengthens over cause of quality education. The college proudly offers 8 UG and 2 PG programs in engineering, a Professional Course in MBA and 5 programs in Diploma Course. With 15 years of rich standing in the educational era, TKR College of Engineering & Technology has an excellent track record which is evidenced across holding accreditation by NBA in 2008 for 3 years and accreditation for 2 years in 2015, and subsequently extended for one more year. This Institution has the distinction of being one among the Top 10 Ranking Institutes of choice and preference for the aspiring students.

About CSE Department: The Department of Computer Science and Engineering (CSE) was established in 2002 with the goal of delivering integrated technology education to students from all across India and the world, thereby developing responsible citizens who would contribute to the advancement of their families, community, and nation. Under the dynamic guidance of Dr. A. Suresh Rao, the department is experiencing a moment of tremendous development and potential driven by the advancement of technology and its recognition. The department has good infrastructure facilities with full-fledged laboratories. The department has well qualified and experienced Faculty.

Dr. A. Suresh Rao, is a Professor in the Department of Computer Science & Engineering and was conferred with the PhD Degree in Computer Science & Engineering from NIT Warangal, in the year 2015. He is currently the Vice Principal, Dean of Academics and Head of the Department of Computer Science and Engineering at TKRCET.

About Course

Business analytics (BA) is a set of disciplines and technologies for solving business problems using data analysis, statistical models and other quantitative methods.

It involves an iterative, methodical exploration of an organization's data, with an emphasis on statistical analysis, to drive decision-making.

Objectives of the Course

The Course aims to achieve the following:

Expected Outcomes: Upon successful completion

Working knowledge in machine learning with hands-on Python experience

Skills to build machine learning models in data analytics

Skills required to build data models using supervised and unsupervised methods.

Insights on deriving hidden information from voluminous and complex data

Business analytics using python

The Department of Computer Science & Engineering of TKRCET (K9) conducted a faculty development program on “Business Analytics Using Python” on 14-05-2022 as a part of professional development / administrative training programs for teaching and nonteaching staff. The invited resource person is Dr.Vicky Nair, Prof, TKRCET. The session was attended by 25 Participants.

Inaugural session was started at 9.30 am which was presided by Dr.A. Suresh Rao, Head of CSE, TKR College of Engineering & Technology. The coordinator DR.Anitha.P, prof, TKRCET, welcomed the participants on behalf of TKR College of Engineering & Technology and appreciated the enthusiastic participation of participants in the session. Prof Dr. A. Suresh Rao gave an introduction speech on business analytics using python. In his speech he narrated that Business analytics (BA) is a set of disciplines and technologies for solving business problems using data analysis, statistical models and other quantitative methods. The business problems were solved using python programming language. He advised all the participants to make use of the session in an efficient manner.

Technical session began after the inaugural session. The session focused on basics of Python programming, supervised learning methods which will cover linear and nonlinear techniques, decision tree, k nearest neighbor, support vector machine and clustering. At the end of session, the queries of the participants were addressed.

The last session was Interaction session. The session was chaired by Dr.A. Suresh Rao, Head of CSE, TKR College of Engineering & Technology and the dignitaries. Many participants shared opinions on the event. Some of the doubts expressed by the participants were clarified.

Introduction

About Course:

In today's world technology is growing rapidly. To cope up with this rapid technological development graduates must have high skillset like problem solving, ability to communicate with others effectively, ability to adopt to new technology quickly etc. These skills cannot be learned by traditional classroom teaching techniques. Hence an effective education system must be designed to meet these requirements.

Outcome Based Education is one such education system which got a lot of emphasis from several professors, scholars from all around the world in the recent years. In Outcome Based Education System priority is given to students self-learning rather than learning from what teachers have thought in the classroom. In Outcome Based Education targets are set which need to be acquired by the student by the end of each course and also targets are set which must be obtained by the students by the end of their graduation.

Course Objectives:

Participants will be able to learn

- Vision, Mission & Outcome Based Education, Skill India in OBE
- Implementation of OBE, Achieving Academic Excellence, Mapping & Attainment of COs and POs,
- Course File Preparation & Rubrics, OBE based Teaching Learning, Occupational Stress Management
- Role of Teacher in Value Based Education, Continuous Improvement based on PO/PSO Attainment,
- Active Learning Strategies, Continuous Quality Improvement, Systematic Pedagogy with Constructive Alignment,
- Interactive Learning Platform

About the College:

TKR College of Engineering and Technology – a modern temple of learning, an off shoot of the TKR Educational Society was established in the year 2002 in a sprawling, lush green 20-acre campus at Meerpet, Hyderabad. The college provides a serene and tranquil environment to the students, boosting their mental potential and preparing them in all aspects to face the cut-throat global competition with a smile on the face and emerge victorious. The College is affiliated to Jawaharlal Nehru Technological University Kukatpally, Hyderabad. It has been approved by AICTE, New Delhi and the State Government of Telangana and has been sanctioned seven UG courses – Civil Engineering, Electrical & Electronics Engineering, Computer Science & Engineering, Electronics & Communication Engineering, Mechanical Engineering and PG Courses – M.Tech in CSE, PE & MBA. In addition, the College is running second shift Polytechnic in the branches – CIVIL, EEE, MECH, IT, ECE & CSE. The institute became Autonomous in 2016-17. The Institute has been providing a technology enabled teaching-learning environment (Wi-Fi) since 2005. The Institute constantly strives for improvement, competing with the premier institutions of national importance.

Head of the Department
Electronics & Communication Engineering
TKR College of Engineering & Technology
(AUTONOMOUS)
Medbowli, Meerpet, Hyderabad-97.

About the Department:

The Department of Electronics and Communication Engineering was established in 2002. It offers to inculcate creative thinking through innovative and group work exercises which enhances the entrepreneur skills, employability and research capabilities. Students are taught how to use and employ innovative design methods and techniques. Exposure to contemporary facets planning, construction design and project management are key aspects of the course. The Department offer Undergraduate course in B.Tech Electronics and communication Engineering with an annual intake of 240.

Course Contents:

FDP sessions consists of

- Vision, Mission & Outcome Based Education, Skill India in OBE,
- Implementation of OBE, Achieving Academic Excellence, Mapping & Attainment of COs and POs,
- Course File Preparation & Rubrics, OBE based Teaching Learning, Occupational Stress Management
- Role of Teacher in Value Based Education, Continuous Improvement based on PO/PSO Attainment,
- Active Learning Strategies , Continuous Quality Improvement, Systematic Pedagogy with Constructive Alignment,
- Interactive Learning Platform.

RESOURCE PERSON:

Dr.K.Rama Krishna
PROFESSOR
KL UNIVERSITY

Course Outcome:

The participants will be able to learn essentials of electronic design and equip them with teaching material so that they can run a course on electronic design for their students.

Who can Attend?

Program is open to faculty members/research scholars/PG students from colleges/universities, and industry personnel working in the concerned/allied discipline.

Report on Outcome Based Education

Date: 09-05-2022

The TKRCET (K9) conducted a faculty development programme on Outcome based education from 05-05-2022 to 06-05-2022 as a part of professional development/administrative training programs for teaching and non teaching staff. The FDP was attended by 12 Participants.

Inaugural session was started at 9.30 am which was presided by Dr. D.V. Ravi Shankar, Principal, TKR College of Engineering & Technology. The coordinator Dr.K.Sukanya welcomed the participants on behalf of TKR College of Engineering & Technology and appreciated the enthusiastic participation of participants in the FDP. Prof Dr. D.V. Ravi Shankar highlighted the main advantages of the outcome based education. Outcome Based Education is one such education system which got a lot of emphasis from several professors, scholars from all around the world in the recent years. In Outcome Based Education System priority is given to students self-learning rather than learning from what teachers have thought in the classroom. He advised all the participants to make use of the FDP in efficient manner.

Role of student in outcome based education session began after the inaugural session. The session is focused on the Role of teacher in outcome based education. At the end of session, the queries of the participants were addressed.

The last session was Interaction session. The session was chaired by Dr. D.V. Ravi Shankar, Principal, TKR College of Engineering & Technology and Dr.D.Nageshwar Rao (Head of ECE) and the dignitaries. Many participants shared their experiences and problems on outcome based education. They also shared opinions on the workshop. Some of the doubts expressed by the participants were clarified. we invited Dr.Rama Krishna, Professor from KLU as a spoke person for this event.

About Electrical and Electronic Engineering Department:

The department Provides students with catering to the needs of the industry by training students to make valuable contribution. The Department is endeavoring to produce highly trained and capable engineers, who can take up the challenges of the real world. The Department focuses on uncompromising academic standards in imparting both theoretical and practical instructions with a view to prepare professional engineers.

The Department develops creative thinking on concepts of Electrical Engineering to students and faculty members by providing infrastructure, innovative devices and digital library.

The department has good infrastructure facilities with full-fledged laboratories. The department has well qualified and experienced Faculty. The department is headed by Dr. S. Narasimha. He was conferred with the Ph.D in Electrical and Electronics Engineering, JNTU; Hyderabad, in the year 2016.

About

Our objective is to build awareness of our Energy efficiency programs and to make sure Our participants understand the benefits of these Programs from an energy savings and environmental Standpoint. This education program will focus on the Education of both Freeport Electric Staff and the public Regarding the impacts of energy usage on a wide Variety of levels. There are many low-cost, Simple things that customers can do in and around their Homes to reduce energy use and save money.

Expected Outcomes: Upon successful completion

Energy efficiency is the quickest, cleanest, and most economical way to reduce energy use and save money on your energy bill

Provide information on the benefits of using energy efficient products. It will show the impact that energy consumption within our community creates from a financial and

Awareness program on fire safety for administrative staff

The Department of Electrical & Electronics Engineering of TKRCET (K9) conducted an Awareness programme on fire safety for administrative staff on 17-04-2022 as a part of professional development / administrative training programs for teaching and non-teaching staff. The invited resource person is Dr.V. Rajagoopal KITS Warangal. The programme was attended by 27 Participants.

Inaugural session was started at 9.30 am which was presided by Dr. S. Narasimha (Professor & HOD of EEE), TKR College of Engineering & Technology. The coordinator S.Manohar Reddy, Asst.prof, TKRCET, welcomed the participants on behalf of TKR College of Engineering & Technology and appreciated the enthusiastic participation of participants in the session. Prof A. Suresh Rao highlighted the importance of fire safety and its need. He advised all the participants to make use of the session in an efficient manner.

Technical session began after the inaugural session. The session is focused on the usage of fire extinguishing equipment, about several types of materials which cause fire and the manufacture of fire equipment. The fire equipment is manufactured on the basis of five types of fire which are categorized as follows: Type A- Caused due to wood, cloth, coal; Type B- Caused due to all kinds of inflammable liquids like kerosene, petrol; Type C- Caused due to all kinds of inflammable gases; Type D- Caused due to rise in temperature of various metals; Type E- Caused due to short-circuit in any electric equipment. At the end of session, the queries of the participants were addressed.

The last session was Interaction session. The session was chaired by Dr. S. Narasimha (Professor & HOD of EEE), TKR College of Engineering & Technology and the dignitaries. They also shared opinions on the event. Some of the doubts expressed by the participants were clarified.

About TKRCET:

TKR College of Engineering & Technology, established in the year 2002, has been sponsored by TKR Educational Society, Medbowli, Meerpeta, Hyderabad, Telangana. It is recognized by AICTE and approved by the State Govt and affiliated to Jawaharlal Nehru Technological University Hyderabad (JNTUH). The College is recognized by UGC Under Sections 2(f) and 12(B) of UGC Act 1956, further Strengthens over cause of quality education. The college Proudly offers 8 UG and 2 PG programs in engineering, a Professional Course in MBA and 5 programs in Diploma Course. With 15 years of rich standing in the educational era, TKR College of Engineering & Technology has an excellent

Track record which is evidenced across holding accreditation by NBA in 2008 for 3 years and accreditation for 2 years in 2015, and subsequently extended for one more year. This Institution has the distinction of being one among the Top 10 Ranking Institutes of choice and preference for the aspiring students.

About MECHANICAL ENGINEERING Department:

The department Provides students with catering to the needs of the industry by training students to make valuable contribution. The Department is endeavoring to produce highly trained and capable engineers, who can take up the challenges of the real world. The Department focuses on uncompromising academic standards in imparting both theoretical and practical instructions with a view to prepare professional engineers. The Department develops creative thinking on concepts of Humanities and Science to students and faculty members by providing infrastructure, innovative devices and digital library. The department has good infrastructure facilities with full-fledged laboratories. The department has well qualified and experienced Faculty. The department is headed by Dr. D.V. RAVI SHANKAR. He Was conferred with the Ph.D in Mechanical Engineering, JNTU Hyderabad, in the year 2010.

About Course

Intellectual property rights help protect creations of the mind that include inventions, literary or artistic work, images, symbols, etc. If you create a product, publish a book, or find a new drug, intellectual property rights ensure that you benefit from your work.

Protecting and managing your research results are the most significant benefits of IPR for researchers. It's also essential to know about the rights related to authorship in connection with research publications and the right way to protect R&D. Timely filing of copyrights and patents is important to prevent disputes with other researchers. With the right expertise, you can safeguard your research and hard work.

Objectives of the Course

The objective of intellectual property protection is to encourage the creativity of the human mind for the benefit of all and to ensure that the benefits arising from exploiting a creation benefit the creator.

Expected Outcomes: Upon successful completion

1. It covers databases, reference works, computer programs
2. Architecture, books, technical drawings, and others.
3. Industrial property rights include trademarks, patents
4. geographical indications, and industrial designs.

The need and importance of Intellectual Property Rights to Academic Community:

The Department of Mechanical Engineering of TKRCET (K9) conducted faculty development programme on The Need and Importance of Intellectual Property Rights to Academic Community on 10-04-2022 as a part of professional development / administrative training programs for teaching and nonteaching staff. The invited resource person is Dr.P.Rami Reddy, Former Registrar, JNTU HYDERABAD. The FDP was attended by 24 Participants.

Inaugural session was started at 9.30 am which was presided by Dr. D.V. Ravi Shankar, Principal, TKR College of Engineering & Technology. The coordinator Rajeev Kumar Kumar Goudu.P, Asst.prof, TKRCET, welcomed the participants on behalf of TKR College of Engineering & Technology and appreciated the enthusiastic participation of participants in the FDP. Dr. G. Gopalakrishna (Professor & HOD of MECH) in his speech stated that the Programme aimed to provide the basic information and awareness on Intellectual Property Rights from innovation to commercialization. He advised all the participants to make use of the FDP in efficient manner.

Technical session began after the inaugural session. The session focused on the fundamentals of Intellectual Property Rights, best practices in the integration of IPR in the innovation cycle, Patents, Copyrights, Trademarks and Researchers Rights. At the end of session, the queries of the participants were addressed.

The last session was Interaction session. The session was chaired by Dr. D.V. Ravi Shankar, Principal, TKR College of Engineering & Technology and Dr. G. Gopalakrishna (Professor & HOD of MECH) and the dignitaries. Many participants shared their experiences and problems faced while filing of patents. They also shared opinions on the FDP. Some of the doubts expressed by the participants were clarified.

This Institution has the distinction of being one among the Top 10 Ranking Institutes of choice and preference for the aspiring students.

About CSE Department:

The Department of Computer Science and Engineering (CSE) was established in 2002 with the goal of delivering integrated technology education to students from all across India and the world, thereby developing responsible citizens who would contribute to the advancement of their families, community, and nation. Under the dynamic guidance of Dr. A. Suresh Rao, the department is experiencing a moment of tremendous development and potential driven by the advancement of technology and its recognition.

Dr. A. Suresh Rao, is a Professor in the Department of Computer Science & Engineering and was conferred with the PhD Degree in Computer Science & Engineering from NIT Warangal, in the year 2015. He is currently the Vice Principal, Dean of Academics and Head of the Department of Computer Science and Engineering at TKRCET. His experience spans across a period of 20 years; 02 years in the Industry and 18 Years in Teaching. Apart from teaching he is also a discerning administrator.

Under his guidance more than 40 students have undergone project training at UG level and 20 students at PG level. Two batches of students have won 3rd prize in Smart India Hackathon 2017. He has 15 International and National Publications to his credit.

About Course

Execution refers to the use of Hands-On Training to facilitate from the classroom to the job.

➤ Hand-On Training

is used as a follow-up to other types of training in order to help the trainee make the transition from practicing to properly executing the job in the workplace.

- Effective Training Program Step 1 : Define Your Training Step 2 : Prepare Your Training Step 3 : Practice Your Training Step 4 : Deliver Your Training Step 5 : Confirm Your Training Step 6 : Audit Trainee Performance

➤ 10 tips to improve training and development

- Set a goal
- Create metrics to measure progress
- Engage with your employees
- Math training and development with employee and management goals.
- Create a formal program
- Start small and stay small
- Provide various training types
- Set aside time for regular on
- Set aside time for regular constructive feedback.

Hands on training on new revision in MIS

The Department of Computer Science & Engineering of TKRCET (K9) conducted Hands on Training on New Revision in MIS on 20-03-2022 as a part of professional development / administrative training programs for teaching and non teaching staff. The invited resource person is Dr.Ch.B.N.Lakshmi (Prof) TKRCET. The session was attended by 56 Participants.

Inaugural session was started at 9.30 am which was presided by Dr.A. Suresh Rao, Head of CSE, TKR College of Engineering & Technology. The coordinator K. Shirisha (Assistant Professor) welcomed the participants on behalf of TKR College of Engineering & Technology and appreciated the enthusiastic participation of participants in the session. Prof A. suresh Rao highlighted the MIS is an information technology and business process that can be used by decision-makers to record store, and process data and make everyday decisions. The Management Information System (MIS) is a computer-based system that wholly grants handlers with the knowledge they need to create, execute, and examine open-ended project activities.. He advised all the participants to make use of the session in an efficient manner.

Technical session began after the inaugural session. The session focused on the five components of the MIS. The five components namely people, business process, data, software and hardware ; All of these elements should operate collectively to accomplish business success. At the end of session, the queries of the participants were addressed.

The last session was Interaction session. The session was chaired by Dr. A. Suresh Rao, Head of CSE, TKR College of Engineering & Technology and the dignitaries. Many participants shared opinions on the event. Some of the doubts expressed by the participants were clarified.

About TKRCET:

TKR College of Engineering & Technology, established in the year 2002, has been sponsored by TKR Educational Society, Medbowli, Meerpet, Hyderabad, Telangana. It is recognized by AICTE and approved by the State Govt and affiliated to Jawaharlal Nehru Technological University Hyderabad (JNTUH).

The College is recognized by UGC under Sections 2(f) and 12 (B) of UGCAct1956, further strengthens over cause of quality education. The college proudly offers 8 UG and 2 PG programs in engineering, a Professional Course in MBA and 5 programs in Diploma Course. With 15 years of rich standing in the educational era, TKR College of Engineering & Technology has an excellent track record which is evidenced across holding accreditation by NBA in 2008 for 3 years and accreditation for 2 years in 2015, and subsequently extended for one more year. This Institution has the distinction of being one among the Top 10 Ranking Institutes of choice and preference for the aspiring students.

About Course

Ranking promotes competition among the Universities and drives them to strive for excellence. The rankings assume significance as the performance of institutions has been linked with the "Institutions of Eminence" scheme.

Higher Educational Institutions currently placed in the top 500 of Global Rankings or top 50 of the National Institutional Ranking Framework (NIRF) are eligible to apply for the eminence tag. Institutions with the eminence tag would be allowed greater autonomy without having to report to the University Grants Commission (UGC). They would be able to admit foreign students and recruit faculty from abroad and follow a flexible course and fee structure to enable them to vault to the ranks of the top Global Institutions. The National Institutional Ranking Framework (NIRF) was launched on 29th September 2015 by MHRD and announced the NIRF India Rankings to Higher Educational Institutions continuously. In view of the Importance being given to the NIRF India Rankings, Institutions' participation in the NIRF India Ranking Process is increasing year after year. An institution's Position in NIRF India rankings is a key element for Collaboration of Industry, funding Agencies, Research Organizations and Government Departments.

Expected Outcomes: Upon successful completion

1. NIRF - Overview and Significance
2. Methodology and Metrics of the NIRF
3. Guidelines and data requirements for Data Capturing System (DCS)

A work shop on NIRF

The Department of Humanities and Science of TKRCET (K9) conducted a workshop on NIRF on 14-03-2022 as a part of professional development / administrative training programs for teaching and non teaching staff. The invited resource person is Dr.V.Vijaya Rajan Senior Associate Proffesor VIT Vellore. TamilNadu. The workshop was attended by 176 Participants.

Inaugural session was started at 9.30 am which was presided by Dr. D.V. Ravi Shankar, Principal, TKR College of Engineering & Technology. The co-ordinator DR. K.S.R.Radhika. CSE, TKRCET welcomed the participants on behalf of TKR College of Engineering & Technology and appreciated the enthusiastic participation of participants in the workshop. Prof Dr. D.V. Ravi Shankar highlighted the importance of NIRF ranking and its need to educational institutions. In his speech he quoted that NIRF stands for National Institute Ranking Framework; NIRF helps to know the position of the institution at the national level and to inform all the stakeholders the relative rank of the institution. He advised all the participants to make use of the workshop to share their views and to find better ways to present their institution.

Technical session began after the inaugural session. The session is focused on the preparatory work related to NIRF and the design of internal organization system in HEIs and NIRF quality parameters. The importance and methodology of NIRF were explained in brief. At the end of session, the queries of the participants were addressed.

The last session was Interaction session. The session was chaired by Dr. D.V. Ravi Shankar, Principal, TKR College of Engineering & Technology and Dr. D. V. S. R. Anil Kumar (Head of H&S) and the dignitaries. Many participants shared their experiences and problems faced in uploading the data for NIRF. They also shared opinions on the workshop. Some of the doubts expressed by the participants in filling various forms were clarified.

About H&S Department:

The department Provides students with catering to the needs of the industry by training students to make valuable contribution. The Department is endeavoring to produce highly trained and capable engineers, who can take up the challenges of the real world. The Department focuses on uncompromising academic standards in imparting both theoretical and practical instructions with a view to prepare professional engineers.

The Department develops creative thinking on concepts of Humanities and Science to students and faculty members by providing infrastructure, innovative devices and digital library. The department has good infrastructure facilities with full-fledged laboratories. The department has well qualified and experienced Faculty.

The department is headed by **Dr. D.V.S.R. ANIL KUMAR** He has completed the Ph.D in HUMANITIES from JNTUH, Hyderabad, in the year 2012.

About Course

Skill development programs aim to acknowledge the Ability of the youth and extend their support by serving them with the proper guidance, infrastructure, opportunities, and encouragement that help them achieve their ambitions.

Pradhan Mantri Kaushal Vikas Yojana (PMKVY) is a flagship scheme for skill training of youth implemented by the Ministry of Skill Development and Entrepreneurship through the National Skill Development Corporation (NSDC). The individuals with prior learning experience or skills shall be assessed and certified under the Recognition of Prior Learning (RPL) component of the Scheme. RPL aims to align the competencies of the unregulated workforce of the country to the NSQF.

Skill training would be based on the National Skill Qualification Framework (NSQF) and industry-led standards.

Objectives of the Course

The Program aims to empower India's youth by offering necessary skills and training to increase their chances of getting jobs in various sectors.

Expected Outcomes:

Upon successful completion

1. To improve their proficiency and to stay future-ready
2. Low skills perpetuate poverty and inequality.
3. When done right, skills development can reduce un- and underemployment, increase productivity, and improve standards of living.
4. Helping people develop and update their skills makes economic sense.

Skill development programme

The Department of Humanities and Sciences of TKRCET (K9) conducted a FDP on Skill Development program on 13-03-2022 as a part of professional development / administrative training programs for teaching and nonteaching staff. The invited resource person is M.Vidhyu Latha, Asst.Prof. HOD, AV COLLEGE. The FDP was attended by 23 Participants.

Inaugural session was started at 9.30 am which was presided by Dr. D.V. Ravi Shankar, Principal, TKR College of Engineering & Technology. The coordinator Dr Nagaiah, Assoc Prof, TKRCET, welcomed the participants on behalf of TKR College of Engineering & Technology and appreciated the enthusiastic participation of participants in the skill development programme which combines soft skills and life skills. The Dr.D.V.S.R.Anil Kumar (Professor & HOD of H&S) introduced about skill development in his words stating that Soft Skills like software are not directly visible; but their impact can be realized tangibly. Software enhances the performance and productivity of a system. Soft skills enhance the personality and human relations of an individual. This is one of the major reasons for the corporate sector, to lay emphasis on the acquisition of these skills by their personnel. Lack of these skill-set affect the confidence and output of the learners. Hence teachers need to be conversant with these skills to upgrade their learners.. He advised all the participants to make use of the FDP to share their views and to have clear picture on the soft skills and its importance.

Technical sessions began after the inaugural session. The sessions aims at equipping teachers to be competent in facing the challenges of the dynamic learning environment, by providing an insight to soft skills for success and life skills for survival at the workplace. The participants can hone their abilities through interactive sessions and impart the skills to their students. The main focus of the course includes: Effective Communication ; Interpersonal Relationship ; Creative Thinking ; Critical Thinking ; Decision Making ; Problem Solving ; Negotiation skills ; Self-Awareness and Empathy ; Achievement Motivation ; Coping with Stress and Emotions. At the end of session, the queries of the participants were addressed.

The last session was Interaction session. The session was chaired by Dr. D.V. Ravi Shankar, Principal, TKR College of Engineering & Technology and Dr. D.V.S.R.Anil Kumar (Professor & HOD of H&S) and the dignitaries. Many participants shared their experiences and opinions on the workshop. Some of the doubts expressed by the participants were clarified.

Hands on Exposure using latex:

The Department of Computer Science & Engineering of TKRCET (K9) conducted Hands on exposure using latex on 12-03-2022 as a part of professional development / administrative training programs for teaching and non teaching staff. The invited resource person is Dr.Ch.B.N.Lakshmi (Prof) TKRCET. The session was attended by 48 Participants.

Inaugural session was started at 9.30 am which was presided by Dr.A. Suresh Rao, Head of CSE, TKR College of Engineering & Technology. The coordinator G.Deepthi (Assoc Prof) welcomed the participants on behalf of TKR College of Engineering & Technology and appreciated the enthusiastic participation of participants in the session. Prof A. Suresh Rao highlighted the importance of Latex and its need in professional documentation. He advised all the participants to make use of the session in an efficient manner.

Technical session began after the inaugural session. This session is designed to instruct participants on the principles of using LaTeX to design their own documents and presentations for a wide range of purposes. At the end of session, the queries of the participants were addressed.

The last session was Interaction session. The session was chaired by Dr.A. Suresh Rao, Head of CSE, TKR College of Engineering & Technology and the resource persons. Many participants shared opinions on the event. Some of the doubts expressed by the participants were clarified.

About TKRCET:

TKR College of Engineering & Technology, established in the year 2002, has been sponsored by TKR Educational Society, Medbowli, Meerpet, Hyderabad, Telangana. It is recognized by AICTE and approved by the State Govt and affiliated to Jawaharlal Nehru Technological University Hyderabad (JNTUH).

The College is recognized by UGC under Sections 2(f) and 12 (B) of UGCAct1956, further strengthens over cause of quality education. The college proudly offers 8 UG and 2 PG programs in engineering, a Professional Course in MBA and 5 programs in Diploma Course. With 15years of rich standing in the educational era, TKR College of Engineering & Technology has an excellent track record which is evidenced across holding accreditation by NBA in 2008 for 3 years and accreditation for 2 years in 2015, and subsequently extended for one more year. This Institution has the distinction of being one among the Top 10 Ranking Institutes of choice and preference for the aspiring students.

About Humanities & Social sciences Department:

The department Provides students with catering to the needs of the Industry by training students to make valuable contribution. The Department is endeavoring to Produce highly trained and capable engineers, Who can take up the challenges of the real world. The Department focuses on Uncompromising Academic standards in imparting both Theoretical and practical instructions with a view to prepare The Department develops creative thinking on professional engineers. Concepts of Humanities and Science to students and faculty members by providing infrastructure, Innovative devices and digital library. The department is headed by Dr. Bhogoju Rajini Kanth .He was conferred with the Ph.D in H&S, JNTUH, in the year 2012

About Course

In the view of sharing the recent Developments in The Psychological Assessment relating to Teaching And Learning and to have Hands on Experience in Physical Tests, Particularly insight Learning Habit Formation & inference, reasoning, problem solving And intelligence.

We are organizing One day workshop on Psychological Evaluation for Mentoring is everything a teacher does to Determine if his/her students are learning

Expected Outcomes: Upon successful completion

Improved self-esteem and confidence from the act of helping others achieve their goals. This rewarding feeling also results in improved mental health across the board.

Empower participants and build their capacity, job readiness, employment skills, and peer support.

The Workshop focused on raising awareness of mental health issues in the community.

About TKRCET:

TKR College of Engineering & Technology, established in the year 2002, has been sponsored by TKR Educational Society, Medbowli, Meerpeta, Hyderabad, Telangana. It is recognized by AICTE and approved by the State Govt and affiliated to Jawaharlal Nehru Technological University Hyderabad (JNTUH). The College is recognized by UGC under Sections 2(f) and 12 (B) of UGC Act 1956, further strengthens over cause of quality education. The college proudly offers 8 UG and 2 PG programs in engineering, a Professional Course in MBA and 5 programs in Diploma Course. With 15 years of rich standing in the educational era, TKR College of Engineering & Technology has an excellent track record which is evidenced across holding accreditation by NBA in 2008 for 3 years and accreditation for 2 years in 2015, and subsequently extended for one more year. This Institution has the distinction of being one among the Top 10 Ranking Institutes of choice and preference for the aspiring students.

About CSE Department:

The Department of Computer Science and Engineering (CSE) was established in 2002 with the goal of delivering integrated technology education to students from all across India and the world, thereby developing responsible citizens who would contribute to the advancement of their families, community, and nation. Under the dynamic guidance of Dr. A. Suresh Rao, the department is experiencing a moment of tremendous development and potential driven by the advancement of technology and its recognition. Dr. A. Suresh Rao, is a Professor in the Department of Computer Science & Engineering and was conferred with the PhD Degree in Computer Science & Engineering from NIT Warangal, in the year 2015. He is currently the Vice Principal, Dean of Academics and Head of the Department of Computer Science and Engineering at TKRCET. His Experience spans across a period of 20 years; 02 years in The Industry and 18 Years in Teaching. Apart from Teaching he is also a discerning administrator.

Under his guidance more than 40 students have undergone project training at UG level and 20 students at PG level. Two batches of students have won 3rd prize in Smart India Hackathon 2017. He has 15 International and National Publications to his credit.

About Program

Execution refers to the use of Hands-On Training to facilitate from the classroom to the job.

➤ Hand-On Training

is used as a follow-up to other types of training in order to help the trainee make the transition from practicing to properly executing the job in the workplace.

Training has a direct impact on your organization productivity and performance. As mentioned earlier, training gives employees a better understanding of their responsibilities and the knowledge and skills they need to do that job. This will improve their confidence which can positively impact performance.

A training strategy is an organized approach to creating a training program for staff members. An effective employee training program is a crucial step for the professional development of staff, ensuring they have the skills needed to provide successful business results.

Effective Training Program

- Step 1 : Define Your Training
- Step 2 : Prepare Your Training
- Step 3 : Practice Your Training
- Step 4 : Deliver Your Training
- Step 5 : Confirm Your Training
- Step 6 : Audit Trainee Performance

Hands on training on new revision in MIS

The Department of Computer Science & Engineering of TKRCET (K9) conducted Hands on Training on New Revision in MIS on 20-02-2022 as a part of professional development / administrative training programs for teaching and non-teaching staff. The invited resource person is Dr.V.Krishna Prof TKRCET. The session was attended by 22 Participants.

Inaugural session was started at 9.30 am which was presided by Dr.A. Suresh Rao, Head of CSE, TKR College of Engineering & Technology. The coordinator DR.Anitha.D Prof, TKRCET, welcomed the participants on behalf of TKR College of Engineering & Technology and appreciated the enthusiastic participation of participants in the session. Prof A . suresh Rao highlighted the MIS is an information technology and business process that can be used by decision-makers to record store, and process data and make everyday decisions. The Management Information System (MIS) is a computer-based system that wholly grants handlers with the knowledge they need to create, execute, and examine open-ended project activities.. He advised all the participants to make use of the session in an efficient manner.

Technical session began after the inaugural session. The session focused on the five components of the MIS. The five components namely people, business process, data, software and hardware ; All of these elements should operate collectively to accomplish business success. At the end of session, the queries of the participants were addressed.

The last session was Interaction session. The session was chaired by Dr. A. Suresh Rao, Head of CSE, TKR College of Engineering & Technology and the dignitaries. Many participants shared opinions on the event. Some of the doubts expressed by the participants were clarified.

This Institution has the distinction of being one among the Top 10 Ranking Institutes of choice and preference for the aspiring students.

About Electrical and Electronic Engineering Department:

The department Provides students with catering to the needs of the industry by training students to make valuable contribution. The Department is endeavoring to produce highly trained and capable engineers, who can take up the challenges of the real world. The Department focuses on uncompromising academic standards in imparting both theoretical and practical instructions with a view to prepare professional engineers.

The Department develops creative thinking on concepts of Electrical Engineering to students and faculty members by providing infrastructure, innovative devices and digital library.

The department has good infrastructure facilities with full-fledged laboratories. The department has well qualified and experienced Faculty. The department is headed by Dr. S. Narasimha.

He was conferred with the Ph.D in Electrical and Electronics Engineering, JNTU; Hyderabad, in the year 2016.

About Course

Energy conservation is the effort to reduce wasteful energy consumption by using fewer energy services. This can be done by using energy more effectively (using less energy for continuous service) or changing one's behavior to use less service (for example, by driving less).

Energy conservation can be achieved through use, which has a number of advantages, including a reduction in greenhouse gas emissions and smaller carbon footprint, as well as cost, water and energy savings.

Energy can be conserved by reducing waste and losses, improving efficiency through technological upgrades, improving operations and maintenance, changing users behaviours through user profiling or user activities, monitoring appliances, shifting load to off-peak hours, and providing energy-saving recommendations.

Observing appliance usage, establishing an energy usage profile, and revealing energy consumption pattern in circumstances where energy is used poorly, an pin-point user habits and behaviours in energy consumption.

Expected Outcomes: Upon successful completion

To provide useful insight to all those involved in the implementation of the Energy management Requirements for all day to day operational aspects with respect to the subject.

Awareness program on safety and energy conservation

The Department of Electrical & Electronics Engineering of TKRCET (K9) conducted an Awareness program on safety and energy conservation on 13-02-2022 as a part of professional development / administrative training programs for teaching and non-teaching staff. The invited resource person is Dr.C.Bhargav, Prof, SNIT, HYD. The programme was attended by 47 Participants.

Inaugural session was started at 9.30 am which was presided by Dr. S. Narasimha (Professor & HOD of EEE), TKR College of Engineering & Technology. The coordinator DR.K.Raju(Assoc Prof TKRCET)welcomed the participants on behalf of TKR College of Engineering & Technology and appreciated the enthusiastic participation of participants in the session. Dr. S. Narasimha highlighted that Energy needs to be conserved to cut costs and to preserve the resources for longer use. Consumers have the responsibility to use utility services safely. In the case of natural gas and electricity, failure to use services safely can be harmful or fatal. He advised all the participants to make use of the session in an efficient manner.

After the opening session, the technical session started. The lesson started with a quiz for the students, which was followed by an explanation of the energy and environmental situation in India and the rest of the world. The India Energy & Environment Policies & Action Plan was discussed to provide context for the necessity of energy conservation. It was also mentioned what safety precautions one should take when using energy sources. The attendees' questions were answered after the session's conclusion.

The last session was Interaction session. The session was chaired by Dr. S. Narasimha (Professor & HOD of EEE), TKR College of Engineering & Technology and the dignitaries. They also shared opinions on the event. Some of the doubts expressed by the participants were clarified.

He was conferred with the Ph.D in Electrical and Electronics Engineering, JNTU; Hyderabad, in the year 2016.

About Workshop

Our objective is to build awareness of our Net zero energy consumption, meaning the Total amount of energy used by the building on An annual basis is equal to the amount of Renewable energy or in other definitions by renewable energy source Offsite, using technology such as heat pumps, High efficiency windows and insulation, and Solar panels

Expected Outcomes: Upon successful completion

The goal is that these buildings contribute less overall greenhouse gas to the atmosphere during operations than similar non-ZNE buildings.

Provide information at times consume non-renewable energy and produce greenhouse gases, but at other times reduce energy consumption and greenhouse gas production elsewhere by the same amount

Workshop on Net Zero Energy Building

The Department of Electrical & Electronics Engineering of TKRCET (K9) conducted a workshop on Net Zero Energy Building on 26-12-2021 as a part of professional development / administrative training programs for teaching and non-teaching staff. The invited resource person is Dr. S. Narasimha, Prof. The programme was attended by 34 Participants.

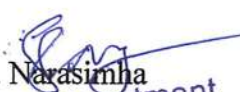

Inaugural session was started at 9.30 am which was presided by Dr. S. Narasimha (Professor & HOD of EEE), TKR College of Engineering & Technology. The coordinator K. Ganesh (Asst. prof, TKRCET), welcomed the participants on behalf of TKR College of Engineering & Technology and appreciated the enthusiastic participation of participants in the session. Dr. S. Narasimha highlighted the importance of Net Zero Energy Building and its need. He advised all the participants to make use of the session in an efficient manner.

Technical session began after the inaugural session. The session gave an in-depth understanding of the different definitions of NZEBs (Net Zero Energy Building) and the different steps involved in achieving NZEB goals. Detailed examples of NZEBs were also discussed. At the end of session, the queries of the participants were addressed.

The last session was Interaction session. The session was chaired by Dr. S. Narasimha (Professor & HOD of EEE), TKR College of Engineering & Technology and the dignitaries. They also shared opinions on the event. Some of the doubts expressed by the participants were clarified.

Awareness training programme on MSOFFICE

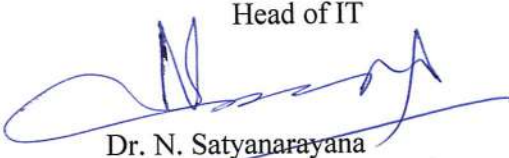

The Department of Information Technology of TKRCET (K9) conducted an Awareness training programme on MS-Office 21-12-2021 to 23-12-2021 as a part of professional development / administrative training programs for teaching and non-teaching staff. The invited resource person is Dr.K.M.V.Madhan Kumar Vice Principal (TKRCET). The workshop was attended by 18 Participants.

Inaugural session was started at 9.30 am which was presided by Dr. D.V. Ravi Shankar, Principal, TKR College of Engineering & Technology. The coordinator B.shivani (TKRCET) Asst.prof. welcomed the participants on behalf of TKR College of Engineering & Technology and appreciated the enthusiastic participation of participants in the awareness programme. Prof Dr. D.V. Ravi Shankar highlighted the importance of MS-Office and its need to educational institutions. As a part of introduction in his words he quoted Microsoft Office is a software which was developed by Microsoft in 1988. This Office suite comprises various applications which form the core of computer usage in today's world. He advised all the participants to make use of the workshop to share their views and to find better ways to present their institution.

Technical session began after the inaugural session. The session is focused on the Working with Ribbon in Office 2007/2010, Creating and Editing Ms-Word Documents, Shortcuts and formatting your documents, Editing a Service Level Agreement / Audit Document, Creating Excel workbooks, Formatting, Adding & Deleting excel rows and columns, Data Entry in Excel, Using Formulas in Excel, Using Excel for data analysis, Using Word Mailmerge with Excel, Creating simple presentations in Powerpoint, Master-slide-level guides, Adding graphics and animations to Powerpoint, Copying/ Linking charts and tables from other applications to powerpoint, Creating Tables in Access directly and from Excel Data, Creating Queries in Access and exporting data to Excel, Working with Outlook mails, templates, signatures and drafts, Working with calendar, meetings and archiving emails. At the end of session, the queries of the participants were addressed.

The last session was Interaction session. The session was chaired by Dr. D.V. Ravi Shankar, Principal, TKR College of Engineering & Technology and Dr. N. Satyanarayana (Professor & HOD of IT) and the dignitaries. Many participants shared their experiences and problems faced while working with MS-Office. Some of the doubts expressed by the participants about the functions of MS Office were clarified.

About Tkrct:

Tkr college of engineering & technology, established in the year 2002, has been sponsored by tkr educational society, medbowli, meerpet, hyderabad, telangana. it is recognized by aicte and approved by the state govt and affiliated to jawaharlal nehru technological university hyderabad (jntuh).

The College is recognized by UGC under Sections 2(f) and 12 (B) of UGC Act 1956, further strengthens over cause of quality education. The college proudly offers 8 UG and 2 PG programs in engineering, a Professional Course in MBA and 5 programs in Diploma Course. With 15 years of rich standing in the educational era, TKR College of Engineering & Technology has an excellent track record which is evidenced across holding accreditation by NBA in 2008 for 3 years and accreditation for 2 years in 2015, and subsequently extended for one more year. This Institution has the distinction of being one among the Top 10 Ranking Institutes of choice and preference for the aspiring students.

About Information Technology Department:

DEPARTMENT OF INFORMATION TECHNOLOGY has been established in the year 2006, is headed by a young and efficient Professor Dr. N. Satyanarayana Under his mentorship, the department is functioning salubriously. He is having 26 years of Industrial & Teaching experience. The department also has model classroom with LCD projector for effective teaching.

All the faculty are encouraged to participate in Faculty Development Programs, workshops, publication of research papers and active involvement in R & D activity.

Head Dept. of Information Technology
TKR College of Engineering & Technology
Medbowli, Meerpet, Hyderabad- 500097-TS.

About

In today's competitive world, with increasing Working hours and less classroom time, teachers Needed Tech tools which help them manage precious class time efficiently. Instead of focusing on teaching, faculty members are often stuck with Completing formal duties, for e.g. taking daily Student attendance. Manually taking attendance and registering it in files & musters makes the daily attendance a mundane task for the faculty and unnecessarily consumes classroom time.

To overcome such inefficient work processes, there are various school software systems available to speed up the attendance process and reduce manual work. An online attendance management system or digital attendance platform is one of them, which is developed to automate the daily attendance in colleges. Additionally, it helps to maintain accurate records and generate summarized student attendance reports.

Objectives of the Course

Attendance management system keeps track of daily attendance, working hours, breaks, login, and logout time. It prevents staff's time theft. An attendance management system integrates all attendance devices such as smart cards, biometric, and facial recognition devices in real.

Attendance management is important to every single organization. It can decide whether or not an organization such as educational institutions, public or private sectors, which will be effective and successful in the future. Organizations will have to keep track of people within the organization such as their employees and students to make the most of their performance. Managing student attendance during lecture periods has become a difficult challenge for educators.

A Session on Online Attendance Monitoring System

The Department of Information Technology of TKRCET (K9) conducted A Session on Online Attendance monitoring System on 28-11-2021 as a part of professional development / administrative training programs for teaching and non-teaching staff. The invited resource person is Dr.Raghava Rao,Prof, KLU. The session was attended by 21 Participants.

Inaugural session was started at 9.30 am which was presided by Dr. N. Satyanarayana (Professor & HOD of IT), TKR College of Engineering & Technology. The coordinator T.Madhumathi, Asst.prof, TKRCET, welcomed the participants on behalf of TKR College of Engineering & Technology and appreciated the enthusiastic participation of participants in the session. Dr. N. Satyanarayana highlighted the importance of online attendance system and its need to educational institutions. Online Attendance Monitoring System is a web portal designed for taking and managing student's attendance in institutions by means of Smartphone as well as desktops. He advised all the participants to make use of the session in an efficient manner.

Technical session began after the inaugural session. The session is focused on the knowledge on different aspects online attendance system. The objectives of online attendance system were discussed in detail, the main focus is given on how to automate the task of attendance related work, how to automate the task of calculation related to attendance and the detention students list, and how to view overall analysis in very less time with effective result. At the end of session, the queries of the participants were addressed.

The last session was Interaction session. The session was chaired by Dr. N. Satyanarayana (Professor & HOD of IT), TKR College of Engineering & Technology and the dignitaries. Many participants shared their experiences and problems faced during online attendance system. They also shared opinions on the event. Introduction

About Course:

PCB Prototyping skill development programme will able to help participants to acquaint with design and fabrication of PCB for prototyping as well as in Industrial Production environment. This programme helps in training faculty on essentials of electronic design and equip them with teaching material so that they can run a course on electronic design for their students.

Course Objectives:

- Understand basics of PCB designing.
- Apply advance techniques, skills and modern tools for designing and fabrication of PCBs.
- Apply the knowledge and techniques to fabricate Multilayer, SMT and HDI PCB.
- Understand concepts of Packaging

About the College:

TKR College of Engineering and Technology – a modern temple of learning, an off shoot of the TKR Educational Society was established in the year 2002 in a sprawling, lush green 20-acre campus at Meerpet, Hyderabad. The college provides a serene and tranquil environment to the students, boosting their mental potential and preparing them in all aspects to face the cut-throat global competition with a smile on the face and emerge victorious. The College is affiliated to Jawaharlal Nehru Technological University Kukatpally, Hyderabad. It has been approved by AICTE, New Delhi and the State Government of Telangana and has been sanctioned seven UG courses – Civil Engineering, Electrical & Electronics Engineering, Computer Science & Engineering, Electronics & Communication Engineering, Mechanical Engineering and PG Courses – M.Tech in CSE, PE & MBA. In addition, the College is running second shift Polytechnic in the branches – CIVIL, EEE, MECH, IT, ECE & CSE. The institute became Autonomous in 2016-17. The Institute has been providing a technology enabled teaching-learning environment (Wi-Fi) since 2005. The Institute constantly strives for improvement, competing with the premier institutions of national importance.

About the Department:

The Department of Electronics and Communication Engineering was established in 2002. It offers to inculcate creative thinking through innovative and group work exercises which enhances the entrepreneur skills, employability and research capabilities. Students are taught how to use and employ innovative design methods and techniques. Exposure to contemporary facets planning, construction design and project management are key aspects of the course. The Department offer Undergraduate course in B.Tech Electronics and communication Engineering with an annual intake of 240.

Course Contents:

- Understand basics of PCB designing.
- Apply advance techniques, skills and modern tools for designing and fabrication of PCBs.
- Apply advance techniques, skills and modern tools for designing and fabrication of PCBs.
- Understand concepts of Packaging

SRI MUDRA TECHNOLOGIES

Course Outcome:

The participants will be able to learn essentials of electronic design and equip them with teaching material so that they can run a course on electronic design for their students.

Who can Attend?

Program is open to faculty members/research scholars/PG students from colleges/universities, and industry personnel working in the concerned/allied discipline.

Report on Skill development programme on PCB Prototyping

Date: ~~25-11~~ 2021

The TKRCET (K9) conducted a Skill development programme on PCB Prototyping on 20-11-2021 as a part of professional development / administrative training programs for teaching and non teaching staff. The FDP was attended by 32 Participants.

Inaugural session was started at 9.30 am which was presided by Dr. D.V. Ravi Shankar, Principal, TKR College of Engineering & Technology. The coordinator Dr. K.PADMAJA DEVI welcomed the participants on behalf of TKR College of Engineering & Technology and appreciated the enthusiastic participation of participants in the FDP. Prof Dr. D.V. Ravi Shankar highlighted the main advantages of the PCB Prototyping is its flexibility, PCB Prototyping skill development programme will able to help participants to acquaint with design and fabrication of PCB for prototyping as well as in Industrial Production environment.. He advised all the participants to make use of the FDP in efficient manner.

Technical session began after the inaugural session. The session is focused on the advance techniques, skills and modern tools for designing and fabrication of PCBs. At the end of session, the queries of the participants were addressed.

The last session was Interaction session. The session was chaired by Dr. D.V. Ravi Shankar, Principal, TKR College of Engineering & Technology and Dr.D.Nageshwar Rao (Head of ECE) and the dignitaries. Many participants shared their experiences and problems faced during PCB designing. They also shared opinions on the workshop. Some of the doubts expressed by the participants were clarified. we invited N.Srinivas Rao, Director of Sri Mudra technologies as a spoke person for this event.

About TKRCET: TKR College of Engineering & Technology, established in the year 2002, has been sponsored by TKR Educational Society, Medbowli, Meerpet, Hyderabad, Telangana. It is recognized by AICTE and approved by the State Govt and affiliated to Jawaharlal Nehru Technological University Hyderabad (JNTUH).

The College is recognized by UGC under Sections 2(f) and 12 (B) of UGC Act 1956, further strengthens over cause of quality education. The college proudly offers 8 UG and 2 PG programs in engineering, a Professional Course in MBA and 5 programs in Diploma Course. With 15 years of rich standing in the educational era, TKR College of Engineering & Technology has an excellent track record which is evidenced across holding accreditation by NBA in 2008 for 3 years and accreditation for 2 years in 2015, and subsequently extended for one more year. This Institution has the distinction of being one among the Top 10 Ranking Institutes of choice and preference for the aspiring students.

About Electric and Electronic Engineering Department: The department Provides students with catering to the needs of the industry by training students to make valuable contribution. The Department is endeavoring to produce highly trained and capable engineers, who can take up the challenges of the real world. The Department focuses on uncompromising academic standards in imparting both theoretical and practical instructions with a view to prepare professional engineers.

The Department develops creative thinking on concepts of Electrical Engineering to students and faculty members by providing infrastructure, innovative devices and digital library.

The department has good infrastructure facilities with full-fledged laboratories. The department has well qualified and experienced Faculty. The department is headed by Dr. S. Narasimha. He was conferred with the Ph.D. in Electrical and Electronics Engineering, JNTU; Hyderabad, in the year 2016.

About Course

Electrical accidents can cause burns, shocks and Electrocutation, and without the proper electrical safety can lead to fatal accidents in a worst case scenario.

Approximately 230 electrical related fatalities occur each year. In one study, National Institute for Occupation Safety & Health(NIOSH) found that, "61% of electrocutions occur in two occupation divisions: 46% among craftsmen and 15% among laborers. These two groups also had the highest rates of electrocution death: 1.4 per 100,000 workers each."

Electricity is everywhere, so reliable and useful these days that it is often taken for granted, and it is somewhat shocking how little is actually understood about its properties by the general public, another reason why electrical safety training is important.

How fatal electrical accidents typically occur in the high-risk workforce, is when an aerial lift or boom, or scaffolding set up, results in the unexpected connection with a power line, creating a circuit.

Expected Outcomes: Upon successful completion

- Identify the hazards associated with electricity: shock and fire
- Explain how electricity works regarding hazards on the job.
- Describe basic safety controls and practices at work.
- Identify and explain how to respond to electrical emergencies.

Target Participants

The program is intended for students & Staff required to work with tools or equipment that utilize power. This training is designed to raise awareness of potential electrical hazards.

It does **not** qualify you to work on electrical equipment.

ELECTRICAL SAFETY

Most electrical fires and electrical injuries can be avoided. Follow these 5 tips to begin electrical safety in your home.

AVOID OVERLOADING OUTLETS

Plug only one high-wattage appliance into each receptacle.

FOLLOW WATTAGE RECOMMENDATIONS

Only use bulbs that match a lamp's recommended wattage.

TURN OFF THE POWER

Always turn off appliances and devices when you leave the room. Many electrical fires are started by overheating outlets or wires.

KEEP AWAY FROM WATER

Electrocution is a risk when an electrical device gets wet. Keep all electrical devices away from water.

CALL AN ELECTRICIAN

For any electrical work you do around the house, if any electrical outlets feels hot, you hear crackling noises, or you notice frayed or split wiring.

Awareness programme on electrical safety

The TKRCET (K9) conducted an Awareness programme on Electrical safety on 13-11-2021 as a part of professional development / administrative training programs for teaching and non-teaching staff. The invited resource person is Dr.V.Ranjith Babu, SNIT. The programme was attended by 35 Participants.

Inaugural session was started at 9.30 am which was presided by Dr. A. Suresh Rao, Head of CSE, TKR College of Engineering & Technology. The coordinator DR.A Narasimha, Professor & HOD TKRCET welcomed the participants on behalf of TKR College of Engineering & Technology and appreciated the enthusiastic participation of participants in the session. Prof A . suresh Rao highlighted the importance of electrical safety and its need. Working with or near to a source of electricity can be extremely dangerous, making it essential for workers to have a good knowledge of how to work safely and protect themselves and others from harm. It is important to follow the same systematic approach used for other occupational health and safety issues, when dealing with electrical safety. No one could overstate the importance of Electrical Safety knowledge. It is imperative to know how to work safely with or within the vicinity of electricity because electrical current in regular businesses and homes have enough power that if exposed to, can be fatal. In this direction awareness programme on electrical safety was conducted. He advised all the participants to make use of the session in an efficient manner.

Technical session began after the inaugural session. The session is focused on the major topics related to Fundamentals of Electrical Safety; Acts and Rules; the electrical safety tips to avoid electrical accidents. Some of the safety tips discussed were 1) Before plugging in a device, examine both the device and its cord for damage. Look for corroded, loose or bent plugs.2) When removing plugs from outlets, pull on the plug, not the cord. Etc., At the end of session, the queries of the participants were addressed.

The last session was Interaction session. The session was chaired by Dr. A. Suresh Rao, Head of CSE, TKR College of Engineering & Technology and the dignitaries. They also shared opinions on the event. Some of the doubts expressed by the participants were clarified.

ABOUT TKRCET

TKR College of Engineering and Technology, an offshoot of TKR Educational Society was established in the year 2002. Sri Teegala Krishna Reddy, the Mayor of Hyderabad, is founder chairman of TKR Educational society. The college is affiliated to Jawaharlal Nehru Technological University Kukatpally, Hyderabad. It has been approved by AICTE, New Delhi and the State Government of Telangana and has been sanctioned seven UG courses- CE, EEE, ME, ECE, CSE, IT and PG Courses- M. Tech in CSE, PE, & MBA. In addition, college is running second shift Polytechnic in branches- CE, EEE, ME, ECE & CSE.

ABOUT DEPARTMENT

The department of Civil Engineering in TKRCET is well established with renowned experienced faculty members and equipped with all Civil Engineering Laboratories. IAI is established with many state government departments, organizations, companies and consultants through the major projects and mini projects are carried out for students. Industrial tours, workshops, and seminars/ guest lectures are a regular part of the academic curriculum. The students of the department are proud to come out with hands-on civil engineering knowledge paving their way for prosperous future career.

HEAD

Dept. of Civil Engineering

TKR College of Engineering & Technology

(AUTONOMOUS)

Meerpet, Hyderabad-97.

DEPARTMENT VISION

Department of Civil Engineering strives to become a place of learning of imparting technical education of international standards and for conducting research on cutting edge technology to meet the global challenges. The department endeavors the students to become well qualified Engineers and to serve Humanity

DEPARTMENT MISSION

Department of Civil Engineering strives to prepare globally competent and successful Civil Engineers and also to provide in-depth knowledge and skills in the technical area pertaining to Civil Engineering.

ABOUT PROGRAM

The objective of this Workshop to understand the behavior and stability of RCC and Steel structures under horizontal forces.

PROGRAM OUTCOMES

- The main aim of this Workshop to convey the technical knowledge on application and design a seismic resistant building using an industry grade software.

Principal

TKR College of Engineering & Technology

(AUTONOMOUS)

Medbowli, Meerpet, Hyderabad-97.

IMPORTANT DATES

23.08.2021 - 27.08.2021

10:00 AM to 4:00 PM

CONTENTS OF PROGRAM

Designing earthquake-resistant structures involves a complex process that requires a combination of engineering expertise, geology, and seismic analysis.

- Understanding seismic Hazard
- Determine the structural design criteria
- Perform seismic analysis

**REPORT ON A WORKSHOP ON EARTHQUAKE RESISTANT DESIGN OF
STRUCTURES. VTU EDUSAT PROGRAMME**

Date : 27.08.21

Workshop Session began with inauguration on 23.08.21 at 10:00 A.M. Venue was Seminar hall in Department of CSE, TKRCET. Dignitaries of the program were Dr. D. V. Ravi Shankar, Principal TKRCET, Dr. A. Suresh Rao, Dean TKRCET, KVR Satya Sai HOD TKRCET, Dr. NageswaraRao, COE TKRCET, Mr. Prabhakar Rao Rtd Director, Survey of India, Hyderabad, has graced the inaugural session by lighting of the lamp

The coordinator Mohd Burhan Ahmed, Asst.prof, TKRCET, welcomed the participants on behalf of TKR College of Engineering & Technology and appreciated the enthusiastic participation of participants in the session, The program is designed to take the participants through the technical concepts involved in Earthquake Engineering The participants would gain knowledge about practical application and design a seismic resistant building using an industry grade software Various case studies and exposure to approach towards seismic resistant building design

Day 1 & Day 2 handled by Mr. Prabhakar Rao Rtd Director, Survey of India, Hyderabad .Principles of earthquake resistant design, Earthquake load calculations using Seismic Coefficient method Practical Session Case studies of previous earthquakes, Modelling of a structure Design of steel and concrete frame elements At the end of this workshop Mr. Prabhakar Rao Rtd Director, Survey of India, Hyderabad demonstrated the application on Design of earthquake resistant structures He conducted a quiz as whole workshop content and awarded participation certificate after the evaluation the quiz. The total participants were 24.

About TKRCET:

TKR College of Engineering & Technology, established in the year 2002, has been sponsored by TKR Educational Society, Medbowli, Meerpet, Hyderabad, Telangana. It is recognized by AICTE and approved by the State Govt and affiliated to Jawaharlal Nehru Technological University Hyderabad (JNTUH).

The College is recognized by UGC under Sections 2(f) and 12 (B) of UGC Act 1956, further strengthens over cause of quality education. The college proudly offers 8 UG and 2 PG programs in engineering, a Professional Course in MBA and 5 programs in Diploma Course. With 15 years of rich standing in the educational era, TKR College of Engineering & Technology has an excellent track record which is evidenced across holding accreditation by NBA in 2008 for 3 years and accreditation for 2 years in 2015, and subsequently extended for one more year. This Institution has the distinction of being one among the Top 10 Ranking Institutes of choice and preference for the aspiring students.

About Mechanical Engineering Department:

The department Provides students with in-depth understand of fundamentals and practical training related to professional skills and their applications through effective Teaching- Learning process and state of the art laboratories pertaining to ME and inter disciplinary areas. Prepares students in developing research, design, entrepreneurial skills and employability capabilities. Provides consultancy services and promotes industry Department interactions.

The department of ME has an intake of 120 in CSE. The department has good infrastructure facilities with full-fledged laboratories. The department has well qualified and experienced Faculty with 2 Professors 2 associate professors, 18 Assistant Professors. The department is headed by Dr. G. Gopala Krishna.

He was conferred with the PhD Degree, AMIE, M.E. His Experience spans across a period of 24 years.

About Course

Composite materials have played an important role throughout human history, from housing early civilizations to enabling future innovations. Composites offer many benefits; the key among them are corrosion resistance, design flexibility, durability, light weight, and strength. Composites have permeated our everyday lives such as products that are used in constructions, medical applications, oil and gas, transportation, sports, aerospace, and many more. Some applications, such as rocket ships, probably would not get off the ground without composite materials. This chapter addresses the advantages of fibre composite materials as well as fundamental effects, product development, and applications of fibre composites, including material chemistry, designing, manufacturing, properties, and utilization of the materials in various applications. Objectives of the Course

Expected Outcomes: Upon successful completion

Composites have a high strength-to-weight ratio. Perhaps the biggest advantage of composites is their high strength-to-weight ratio. Composites are durable.

Composites open up new design options.
Composites are now easier to produce.

Composite Materials and Research Avenues

The Department of Mechanical Engineering of TKRCET (K9) conducted a program on Composite Materials and Research Avenues on 09-08-2021 to 13-08-2021 as a part of professional development / administrative training programs for teaching and non-teaching staff. The invited resource person is CH. Raghu Managing Director Shine Aero. The session was attended by 53 Participants.

Inaugural session was started at 9.30 am which was presided by Dr. G. Gopalakrishna (Professor & HOD of MECH), TKR College of Engineering & Technology. The coordinator Dr. H. Saidhulu (TKRCET), Assoc Prof, welcomed the participants on behalf of TKR College of Engineering & Technology and appreciated the enthusiastic participation of participants in the session. Dr. G. Gopalakrishna said that the objective of the FDP is to inculcate the knowledge on the development of advanced FRP materials using different types of fibers and polymers for various applications. He advised all the participants to make use of the session in an efficient manner.

Technical session began after the inaugural session. The session is focused on current design practice for using different kinds of FRP materials for improving mechanical and other properties and sustainability. There was an elaborate discussion on proper utilization of agricultural waste based fibers/solid waste for making green composites. The Recent Trends in Bio waste Utilization in Polymer Composite Industry were also presented. At the end of session, the queries of the participants were addressed.

The last session was Interaction session. The session was chaired by Dr. G. Gopalakrishna (Professor & HOD of MECH), TKR College of Engineering & Technology and the dignitaries. Many participants shared their experience and opinions on the event. Some of the doubts expressed by the participants were clarified.

About CIVIL Department: The department Provides students with catering to the needs of the industry by training students to make valuable contribution. The Department is endeavoring to produce highly trained and capable engineers, who can take up the challenges of the real world. The Department focuses on uncompromising academic standards in imparting both theoretical and practical instructions with a view to prepare professional engineers.

The Department develops creative thinking on concepts of Humanities and Science to students and faculty members by providing infrastructure, innovative devices and digital library.

The department has good infrastructure facilities with full-fledged laboratories. The department has well qualified and experienced Faculty. The department is headed by Dr. D.V.S.R.ANIL KUMAR

He was conferred with the Ph.D in HUMANITIES AND SCIENCE, JNTU; Hyderabad, in the year 2012.

About

Green Campus is a place where environmental friendly practices and education combine to promote sustainable and eco-friendly practices

in the campus. To protect and conserve ecological systems and resources within the campus. To ensure judicious use of environmental resources to meet the needs and aspirations of the present and future generations. Green campuses have worked on lowering their impact in damaging the atmosphere by offering sustainable dormitories. These dormitories promote green living amongst students by lowering the usage of normal electric grids and not using the municipal water source.

Objectives of the Course

To generate and instill awareness about Environmental issues, resource use and sustainability amongst all stakeholders of the university for an overall perspective of environmental protection.

To demonstrate institutional green initiatives and practices that promote environmental sustainability through continuous education and training. The purpose of green marketing is varied, from avoiding waste through the use of biodegradable materials, meaning it can be broken down by biological means; creating products that protect rather than harm the environment; and educating the public through eco-friendly messaging.

Awareness on Green Campus

The Department of Civil Engineering of TKRCET (K9) conducted one day Awareness programme on Green Campus on 08-08-2021 as a part of professional development / administrative training programs for teaching and non-teaching staff. The invited resource person is Dr Babu Rao, Director, IICT. The programme was attended by 23 Participants.

Inaugural session was started at 9.30 am which was presided by Mr. K. V. R. Satya Sai (Associate Professor & HOD of CIVIL), TKR College of Engineering & Technology. The coordinator Thamina (Associate Prof, TKRCET) welcomed the participants on behalf of TKR College of Engineering & Technology and appreciated the enthusiastic participation of participants in the session. Mr. K. V. R. Satya Sai had spoken on few important points related to green campus. In his narration he told that today the entire world is facing the problem of environmental degradation

which is causing depletion of resources such as quality air, water and soil; the destruction of ecosystems; habitat destruction; the extinction of wildlife; and pollution. Environmental changes are based on factors like urbanization, population and economic growth, increase in energy consumption, excessive use of fossil fuel, undue use non-biodegradable materials and agricultural intensification. The degradation has adverse impacts on humans, plants, animals and micro-organisms. To cope up with the critical situation, we need to make optimum use and management of resources, sustainable development, adoption of green concept and above all community participation in all developmental activities. He advised all the participants to make use of the session in an efficient manner.

Technical session began after the inaugural session. The session focused on the scope of the Green Campus and objectives of the Green Campus policy, cleanliness of the camps, landscaping, energy conservation, use of renewable energy sources, water conservation, rain water harvesting & ground water recharging, solid waste management, sewage treatment plant, e-waste management, environment awareness to students & public, and plastic & smoking free zone. At the end of session, the queries of the participants were addressed.

The last session was Interaction session. The session was chaired by K. V. R. Satya Sai (Associate Professor & HOD of CIVIL), TKR College of Engineering & Technology and the dignitaries. They also shared opinions on the event. Some of the doubts expressed by the participants were clarified.

ABOUT TKRCET

TKR College of Engineering and Technology, an offshoot of TKR Educational Society was established in the year 2002. Sri Teegala Krishna Reddy, the Mayor of Hyderabad, is founder chairman of TKR Educational society. The college is affiliated to Jawaharlal Nehru Technological University Kukatpally, Hyderabad. It has been approved by AICTE, New Delhi and the State Government of Telangana and has been sanctioned seven UG courses- CE, EEE, ME, ECE, CSE, IT and PG Courses- M. Tech in CSE, PE, & MBA. In addition, college is running second shift Polytechnic in branches- CE, EEE, ME, ECE & CSE.

ABOUT DEPARTMENT

The department of Civil Engineering in TKRCET is well established with renowned experienced faculty members and equipped with all Civil Engineering Laboratories. IAI is established with many state government departments, organizations, companies and consultants through the major projects and mini projects are carried out for students. Industrial tours, workshops, and seminars/ guest lectures are a regular part of the academic curriculum. The students of the department are proudly coming out with hands-on Civil engineering knowledge paving their way for prosperous future career.

DEPARTMENT VISION

Department of Civil Engineering strives to become a place of learning of imparting technical education of international standards and for conducting research on cutting edge technology to meet the global challenges. The department endeavors the students to become well qualified Engineers and to serve Humanity

DEPARTMENT MISSION

Department of Civil Engineering strives to prepare globally competent and successful Civil Engineers and also to provide in-depth knowledge and skills in the technical area pertaining to Civil Engineering.

ABOUT PROGRAM

This seminar gives a detailed insight about implementation and effective use of BIM and discover how BIM can streamline the construction projects with better collaborative design workflows, project management, time and cost savings.

PROGRAM OUTCOMES

- This seminar gives a unique opportunity to experience what happens in a real life execution of projects using BIM

About TKRCET:

TKR College of Engineering & Technology, established in the year 2002, has been sponsored by TKR Educational Society, Medbowli, Meerpet, Hyderabad, Telangana. It is recognized by AICTE and approved by the State Govt and affiliated to Jawaharlal Nehru Technological University Hyderabad (JNTUH).

The College is recognized by UGC under Sections 2(f) and 12 (B) of UGC Act 1956, further strengthens over cause of quality education. The college proudly offers 8 UG and 2 PG programs in engineering, a Professional Course in MBA and 5 programs in Diploma Course. With 15 years of rich standing in the educational era, TKR College of Engineering & Technology has an excellent track record which is evidenced across holding accreditation by NBA in 2008 for 3 years and accreditation for 2 years in 2015, and subsequently extended for one more year. This Institution has the distinction of being one among the Top 10 Ranking Institutes of choice and preference for the aspiring students.

About Course:

In recent years, there is a lot of technical advancements in higher education with an emphasis on quality teaching-learning. NAAC has framed benchmarks for quality education in higher educational Institutes. In this scenario it is mandatory for all institutes to strive for quality enhancement. It is mandatory for all institutes to be NAAC accredited.

Quality improvement in education system is mainly related to teaching, evaluation techniques, results and placements of the institution. The new dimensions of "Quality Measure as proposed by the NAAC involves continuous process of assessment of HEI's. The stakeholder in Higher education plays a vital role in the assessment process of the institution. Several governmental bodies like universities Grants Commission and National Assessment and Accreditation Council (NAAC) established as an autonomous body with the objectives of assessment of the Higher Education Institutions in the country assesses and accredits HEIs by studying and analyzing various parameters towards the quality measures.

Expected Outcomes: Upon successful completion

- To understand quality enhancement measures in Higher Education systems
- Institutional preparedness for NAAC assessment and accreditation
- To achieve self-reliability in the preparation of Self Study Report effectively
- To create a platform for motivation and support to HEIs to opt for NAAC assessment and accreditation

A work shop on NAAC

The TKRCET (K9) conducted a workshop on NAAC on 5-07-2021 as a part of professional development / administrative training programs for teaching and non teaching staff. The invited resource person is Dr.Rami Reddy, Former Registrar, JNTUH. The workshop was attended by 186 Participants.

Inaugural session was started at 9.30 am which was presided by Dr. D.V. Ravi Shankar, Principal, TKR College of Engineering & Technology. The coordinator DR.D.Anitha Kumari, CSE welcomed the participants on behalf of TKR College of Engineering & Technology and appreciated the enthusiastic participation of participants in the workshop. Prof Dr. D.V. Ravi Shankar highlighted the importance of NAAC and its need to educational institutions. He said that The NATIONAL ASSESSMENT AND ACCREDITATION COUNCIL (NAAC) conducts assessment and accreditation of Higher Educational Institutions (HEI) such as colleges, universities or other recognised institutions to derive an understanding of the 'Quality Status' of the institution.. He advised all the participants to make use of the workshop to share their views and to find better ways to present their institution.

Technical session began after the inaugural session. The session is focused on Relevance of Assessment and Accreditation, an overview of Revised Accreditation Framework(RAF), Institutional Preparation-before, during and after the process of Assessment & Accreditation. At the end of session, the queries of the participants were addressed.

The last session was Interaction session. The session was chaired by Dr. D.V. Ravi Shankar, Principal, TKR College of Engineering & Technology and Dr. A. Suresh Rao (Head of CSE) and the dignitaries. Many participants shared their experiences and problems faced in uploading the data for NAAC. They also shared opinions on the workshop. Some of the doubts expressed by the participants in filling various forms were clarified.

Introduction

The Raspberry Pi is a small, affordable single-board computer that you will use to design and develop fun and practical IoT devices while learning programming and computer hardware. In addition, you will learn how to set up the Raspberry Pi environment, get a Linux operating system running, and write and execute some basic Python code on the Raspberry Pi. On this course, you'll learn how to get your Raspberry Pi ready to use, before exploring what you can do with it. You'll see how you could use your Raspberry Pi for everyday tasks, to help you to learn to code, and to get started with physical computing. Ultimately, you'll learn how to connect to your Raspberry Pi remotely, and how to take control of your Raspberry Pi as a systems administrator. You'll also discover more resources to continue your Raspberry Pi journey.

Objectives:

The objective of the course is

- ❖ to introduce the Python Language to the participants
- ❖ to enhance their problem solving abilities.
- ❖ Participants can use Python programming to implement various Embedded/ IoT applications on Raspberry Pi.

Organized by

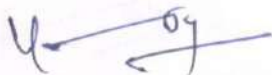

**Department of Electronics and
Communication Engineering,
TKRCET, Hyderabad-500097**

Principal
TKR College of Engineering & Technology
(AUTONOMOUS)
Medbowli, Meerpet, Hyderabad-97.

About the College:

TKR College of Engineering and Technology – a modern temple of learning, an off shoot of the TKR Educational Society was established in the year 2002 in a sprawling, lush green 20-acre campus at Meerpet, Hyderabad. The college provides a serene and tranquil environment to the students, boosting their mental potential and preparing them in all aspects to face the cut-throat global competition with a smile on the face and emerge victorious. The College is affiliated to Jawaharlal Nehru Technological University Kukatpally, Hyderabad. It has been approved by AICTE, New Delhi and the State Government of Telangana and has been sanctioned seven UG courses – Civil Engineering, Electrical & Electronics Engineering, Computer Science & Engineering, Electronics & Communication Engineering, Mechanical Engineering and PG Courses – M.Tech in CSE, PE & MBA. In addition, the College is running second shift Polytechnic in the branches – CIVIL, EEE, MECH, IT, ECE & CSE. The institute became Autonomous in 2016-17. The Institute has been providing a technology enabled teaching-learning environment (Wi-Fi) since 2005. The Institute constantly strives for improvement, competing with the premier institutions of national importance.

Head of the Department
Electronics & Communication Engineering
TKR College of Engineering & Technology
(AUTONOMOUS)
Medbowli, Meerpet, Hyderabad-97.

About the Department:

The Department of Electronics and Communication Engineering was established in 2002. It offers to inculcate creative thinking through innovative and group work exercises which enhances the entrepreneur skills, employability and research capabilities. Students are taught how to use and employ innovative design methods and techniques. Exposure to contemporary facets planning, construction design and project management are key aspects of the course. The Department offer Undergraduate course in B.Tech Electronics and communication Engineering with an annual intake of 240.

Course Contents:

- Basics of Python 3.
- Setting Up and using Raspberry Pi
- Basics of NumPy and Matplot lib
- Python Distributions
- Python 3 Advanced Concepts
- Introduction to Hardware of Raspberry Pi

RESOURCE PERSON:

P.KALYAN
PANTECH SOLUTIONS

Course Outcome:

Participants will be able to write their own code in python for a specific application. After successful completion of this module, participants able to: Develop application programs in Python Implement applications on Raspberry Pi , Develop and Implement Embedded/IoT applications using Python and Rpi

Who can Attend?

Program is open to faculty members/research scholars/PG students from colleges/universities, and industry personnel working in the concerned/allied discipline.

Report on Python Programming using Raspberry Pi

Date: 07-06-2021

The TKRCET (K9) conducted a faculty development programme on Python Programming using Raspberry Pi on 06-06-2021 as a part of professional development / administrative training programs for teaching and non teaching staff. The FDP was attended by 50 Participants.

Inaugural session was started at 9.30 am which was presided by Dr. D.V. Ravi Shankar, Principal, TKR College of Engineering & Technology. The coordinator Dr. P.V Lavanya welcomed the participants on behalf of TKR College of Engineering & Technology and appreciated the enthusiastic participation of participants in the FDP. Prof Dr. D.V. Ravi Shankar highlighted the main advantages of the Raspberry Pi is its flexibility. The device can be programmed using a variety of programming languages, including Python, C, and Java. This makes it a popular choice for developers who are comfortable with one or more of these languages. Additionally, the Raspberry Pi is compatible with a wide range of sensors and other electronic components, making it easy to build custom projects. . He advised all the participants to make use of the FDP in efficient manner.

Technical session began after the inaugural session. The session is focused on the use of the device raspberry pi and the python programming concepts. At the end of session, the queries of the participants were addressed.

The last session was Interaction session. The session was chaired by Dr. D.V. Ravi Shankar, Principal, TKR College of Engineering & Technology and Dr.D.Nageshwar Rao (Head of ECE) and the dignitaries. Many participants shared their experiences and problems faced during coding in python using raspberry pi. They also shared opinions on the workshop. Some of the doubts expressed by the participants were clarified. we invited P.Kalyan, Director of Pantech as a spoke person for this event.

ABOUT TKRCET

TKR College of Engineering and Technology, an off shoot of TKR Educational Society was established in the year 2002. Sri Teegala Krishna Reddy, the Mayor of Hyderabad, is founder chairman of TKR Educational society. The college is affiliated to Jawaharlal Nehru Technological University Kukatpally, Hyderabad. It has been approved by AICTE, New Delhi and the State Government of Telangana and has been sanctioned seven UG courses- CE, EEE, ME, ECE, CSE, IT and PG Courses- M. Tech in CSE, PE, & MBA. In addition, college is running second shift Polytechnic in branches- CE, EEE, ME, ECE & CSE.

ABOUT DEPARTMENT

The department of Civil Engineering in TKRCET is well established with renowned experienced faculty members and equipped with all Civil Engineering Laboratories. IAI is established with many state government departments, organizations, companies and consultants through the major projects and mini projects are carried out for students. Industrial tours, workshops, and seminars/ guest lectures are a regular part of the academic curriculum. The students of the department are proudly coming out with hands-on Civil engineering knowledge paving their way for prosperous future career.

HEAD
Dept. of Civil Engineering
TKR College of Engineering & Technology
(AUTONOMOUS)
Meerpet, Hyderabad-97.

DEPARTMENT VISION

Department of Civil Engineering strives to become a place of learning of imparting technical education of international standards and for conducting research on cutting edge technology to meet the global challenges. The department endeavors the students to become well qualifies Engineers and to serve Humanity

DEPARTMENT MISSION

Department of Civil Engineering strives to prepare globally competent and successful Civil Engineers and also to provide in-depth knowledge and skills in the technical area pertaining to Civil Engineering.

ABOUT PROGRAM

This program is designed to make the participants learn about various techniques and advancements in Structural Engineering field. It mainly focuses on advance applications in the structural engineering materials and their applications in real world and also to implement the modern technological tools in structural engineering.

Principal
TKR College of Engineering & Technology
(AUTONOMOUS)
Meerpet, Hyderabad-97.

CONTENTS OF PROGRAM

- Advance engineering materials for Structural Applications
- Uncertainty analysis in Structural Engineering
- Construction Challenges for Bridges in Hilly Areas
- Concrete-Value Added Products
- Extended Finite Element Method (XFEM).
- Mitigation of vibration in multi-storey structures
- Application of Artificial Intelligence and Machine Learning in Civil Engineering

Report on FDP on "Introductions to Structural Engineering"

Date : 24.08.22

FDP Session began with inauguration on 16.8.22 at 10:00 A.M., Venue was Seminarhall in, Depart of CSE, TKRCET. Dignitaries of the program were Dr. D. V. Ravi Shankar, Dr. A. Suresh Rao, K.V.R Satya Sai Dr.NageswaraRao, TKRCET the honourable chief guest Mr. Prabhakar Rao, Director Archives Const Ltd, has graced the inaugural session by lighting of the lamp.

The coordinator Dr.R.PremSudha, Prof, TKRCET, welcomed the participants on behalf of TKR College of Engineering & Technology and appreciated the enthusiastic participation of participants in the session. The programme is designed to enhance the learning and research skills of participants to make them aware about modern structural analytical techniques. The programme mainly focuses on advanced applications in structural engineering, materials used in civil engineering and their applications with practical approach

Day 1 to Day 3 handled by Mr. Prabhakar Rao, Director Archives Const Ltd, Day 4 to Day 6 handled by Dr. Magudaeswaran Prof & HOD, Adithya College of Engineering, Coimbatore. Director Akshaya Const Ltd Contents of the Programme: Advance Engineering Materials for Structural Applications, Uncertainty analysis in Structural Engineering, Construction Challenges for Bridges in Hilly Areas Concrete-Value Added Products, Extended Finite Element Method(XFEM) Mitigation of vibration in multi-storey structures, Application of artificial intelligence and machine learning in Civil Engineering At the end of this programme, Dr. Magudaeswaran, HOD, Director Akshaya Const Ltd Presented the case studies related to the structural engineering running projects conducted a panel discussions on whole FDP awarded participation certificate The total participants were 22.
