About the workshop:

This workshop aims to address the prevailing notions of gender issues in the society and ways to address the same. It also aims to provide ways to bring about changes in the society by addressing values like equality and equity.

The Culture, Society and State have constructed certain norms, customs and stereotypes to look into women, men and their issues. Due to the patriarchal social construction, women are not treated on par with men. Women face challenges to realize their rights, aspirations and potentials.

Objectives of the workshop

The objective of the workshop is to create an awareness on Gender Discrimination and how one needs to protect himself/herself socially.

To provide an integrated and interdisciplinary approach to understand the social and cultural constructions of gender that shapes the experiences of women and men in society

Expected Outcomes: Upon successful completion

On completion of this workshop, students would be able to understand important issues related to gender in contemporary India.

- understand the basic dimensions of the biological, sociological, psychological and legal aspects of gender. This will be achieved through discussion of materials derived from research, facts, everyday life, literature and film.
- attain a finer grasp of how gender discrimination works in our society and how to counter it.
- acquire insight into the gendered division of labour and its relation to politics and economics. work and live together as equals.
- develop a sense of appreciation of women in all walks of life.

About the Campaign: The COVID-19 pandemic is a global outbreak of coronavirus, an infectious disease caused by the severe acute respiratory syndrome coronavirus 2 (SARS-CoV-2) virus.)

This campaign intends to create an awareness among the Students and the public on how to take appropriate precautions against this dreaded contagious infection

Objectives of the campaign : The corona pandemic has Created a wave of fear globally. But we have learnt that proper precautions would greatly help in preventing the attacking virus .

Our college students along with our NSS volunteers are arranging camps to create an awareness in the surrounding localities on prevention measures to be taken to avoid corona

- Awareness raising for behavioural change is key to fighting COVID-19 pandemic.

Expected Outcomes: Upon successful completion

- On completion of this campaign, an awereness will be Created on prevention measures to be taken to avoid corona.
- It will help dispel misinformation about the coronavirus while promoting precautionary measures like frequent hand washing and wearing masks, sanitizing the environment etc.
