1. INTRODUCTION

TKR College of Engineering and Technology is established in the year 2002 under the aegis of TKR Educational Society. The institute holds the pride of being first institute to be accorded accreditation under OBE framework after the formation of Telangana state. As a mark of quality improvement initiative the institute holds the autonomy accorded by the UGC in the year 2017. As another feather in the cap, the institute is also accredited by the NAAC in the year 2017.

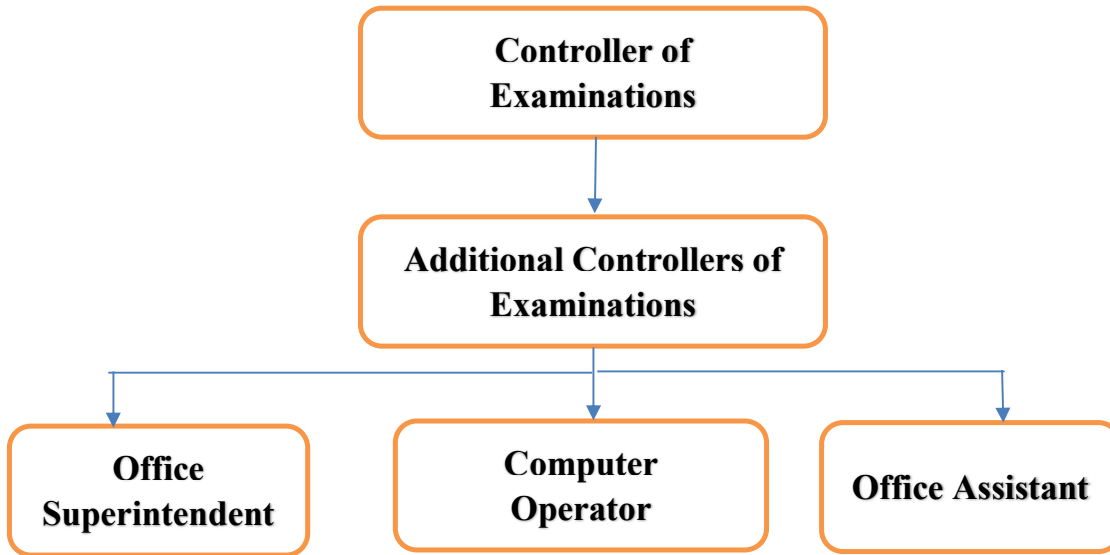

The institute believes that examination and evaluation policy is an integral part of learning process during the progression of a course. A variety of assessment methods are used in the examination and evaluation process for students of UG (Under Graduation) and PG (Post Graduation) programs.

The main emphasis is to assess the knowledge gained by a student and motivate them to improve upon it, inculcate confidence among students about the assessment system and timely publication of results. Continuous assessment of student's performance has become the order of the day. This process aims at measuring the degree of knowledge gained by the students during a course of study without bringing in excess pressure. A strict and flawless examination system, maintaining uniformity and consistency in assessment is the backbone of any evaluation system. For achieving, this TKRCET established Special Section (Exams) in the academic year 2017- 18 as an independent system, so that it can operate without fear, favor, pressure and prejudice. Based on sound principles, policies and procedures directed towards the achievement of its goals.

- (a) Flexibility and adaptability as per the needs.
- (b) Transparent policies and procedures.

Staffed by persons with appropriate qualifications and qualities like self-discipline, confidentiality, time consciousness, high degree of integrity in fulfilling the objectives of the system and complete understanding of the duties and responsibilities to achieve the targets. State of art facilities to process large data and generation of pre-defined documents with least human interaction.

10. After filling the details, Click on Login.

11. Enter the College Code as mentioned in instruction number 7 and click on 'validate'.

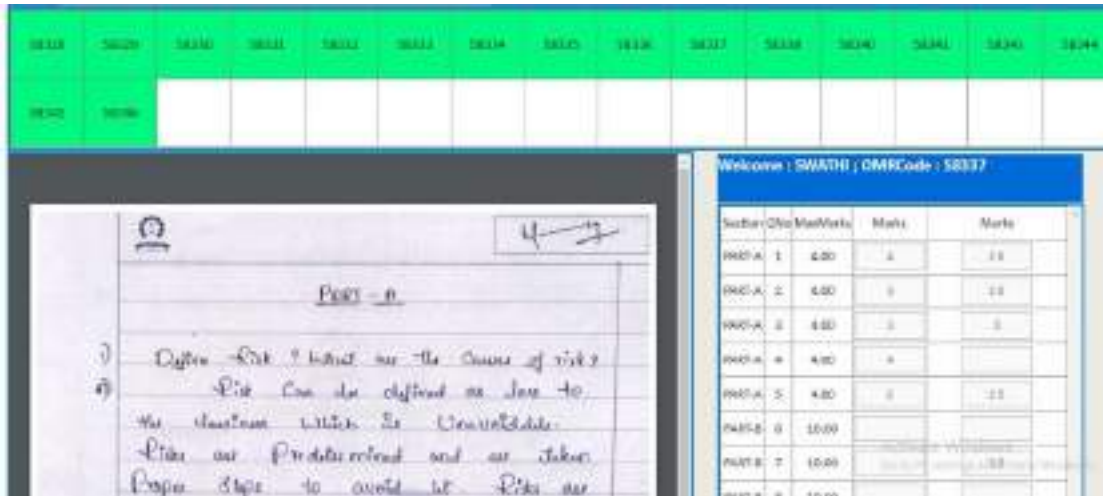

12. Enter the User ID as registered by you as per instruction 9 and click on 'validate'.

13. Enter the Bundle No shared to you through SMS and e-mail. Click on 'validate'.

14. Enter the Bundle Key shared to you through SMS and e-mail. Click on 'validate'.
15. After verifying all the credentials given by the evaluator, it will open a window for Digital Valuation.

16. On the top bar, you can see the bundle number which you are evaluating, Question Paper and key paper.
17. Below the top bar you can see the decoded script numbers initially with white back ground.
18. Click on each script number one after other and start evaluation.
19. Right side, the space has been provided with detailed chart indicating the Section, Question No, Maximum Marks for each question. Other column is empty to enter the marks obtained by the Student.
20. Left side, you can see the answer script written by the student page wise.
21. Follow the regular valuation Procedure and award the marks for each question in the space provided on the right side. You can enter half marks also to each question.
22. After completion of the Page, click on Next page located at the bottom of the screen and go to the Next page to continue the valuation.
23. After reading all 40 pages, Click on 'Check the Total' and later Click on 'Save' button to save the marks obtained by the student. If the evaluator does not read all 40 pages, he/she cannot submit the script.
24. For each script, the minimum duration will be 3 minutes/180 seconds. Before this time, you cannot submit the script.
25. After Clicking the save button, your awarded marks will be saved with a text message showing on the screen for confirmation. The background of the completed script serial number will now turn into 'Green'.
26. Continue evaluating all the scripts shown on the second top bar as per the same process mentioned.
27. After completion of all the scripts, Click on 'Finalize the Bundle'. The bundle allocated to you will now submitted to the Exam branch for further processing. Immediately after finalizing the bundle, the evaluator is instructed to click on 'export pdf' of the bundle that was evaluated by him/her and send the pdf file to coe@tkrcet.ac.in.
28. Your bundle will not be submitted to the exam branch until we receive the pdf of the bundle. Later, the evaluator is requested to delete the pdf file from your computer for safety reasons.

29. The Chief Examiner for that subject will verify 10% of the scripts allocated to the evaluator during the process of valuation and any discrepancy, will bring to the notice of the controller of examinations remedial action will be taken by the Controller of Examinations time to time.
30. All the Evaluators are requested to take utmost care while doing Digital Valuation and your co-operation is highly solicited for the smooth conduct of Digital Valuation System.
31. The Controller of Examinations will allot duration for each bundle and will be monitoring the Digital Valuation Process and if any discrepancy is observed, such bundle will be cancelled for that evaluator and re-issue the same to other evaluator. Such Evaluators will be barred from evaluation in future.
32. The Evaluators may approach the Controller of Examinations/Additional Controller of Examinations if they get any problems in the Evaluation.
33. Double valuation system is adopted for UG and PG by appointing the external examiners/evaluators from reputed institutions.
 - a) If the marks variation between two valuations exceeds 15%, then the answer script will sent to third valuation.
 - b) The final mark will then be the average of the nearest of the two marks obtained in the three valuations.
34. Controller of Examinations acts as the Chief Coordinator and Assistant Controller of Examinations acts as the Assistant Chief Coordinator for the Spot Valuation.
35. For each subject a detailed key (solutions cum scheme of valuation), will be prepared by one of the faculty who taught the subject in the current semester.
36. The question paper and detailed key will be made available in the software.
37. Examiner/Evaluators will be given a maximum of 40 answer booklets per day in two sessions
38. At the beginning of valuation, to normalize the scheme of valuation, 10% booklets will be valued by the chief examiner (Subject Expert).

Scrutiny:

1. After evaluation, the marks posted on the award list will be verified thoroughly (soft copy).
2. For each session of two hours, a maximum of 120 Answer booklets are allowed for scrutiny.
3. Each page of the answer booklet and each of the entries in the award list will be verified in order to ascertain the following items in the soft copy:
 - a) Whether all the answers are evaluated or not, including the extra answers without leaving the choice, if any.

- b) Whether marks awarded are posted properly or not.
- c) Whether the counting is proper or not, and whether the total marks are transferred properly to the award list or not.
- d) If any corrections are identified by the scrutinizer, it is brought to the notice of the examiner/evaluator.

15. CONSOLIDATION AND PUBLICATION OF RESULTS

1. The consolidation and publication of results will be done using the software and after thorough verification physically.
2. The software is used for:
 - i. Maintaining the examinations related students data
 - ii. Coding and decoding of answer booklets
 - iii. Publication of results
 - iv. Printing of Grade sheets
 - v. All other certificates related to autonomous stream
3. The constitution of the result committee is as follows:
 - i. Principal - Chairman
 - ii. Dean/Controller of Examinations - Convener
 - iii. Dean, Academics - Member
 - iv. HOD of one of the Departments (nominated by principal) - Member
4. After the consolidation of marks, the results committee will go through the results of individual subjects as well as overall performance of the class.

The following two methods shall be adopted, if necessary

- i. Moderation - considering the question paper standards, valuation and results in any subject, a moderation of 2 marks for the subject result is less than 50% and 3 will be awarded for the subject result is less than 30% by considering pass percentage.
 - ii. Grafting - a maximum of 2 marks will be added, if the student passed in all subjects except in one subject, by grafting from other subjects.
5. Results will be published through college website and the same can be downloaded by the students.
 6. After verifying the results in the form of marks as well as Grades, the students may apply for personal verification/revaluation.

16.PERSONAL VERIFICATION & REVALUATION

Personal Verification:

The provision for personal verification is given to the student where the student can verify their answer booklet in the presence of Asst. Controller of Examinations. The student is asked to write comments on the valuation of the answer booklet. The comments will be sent to the Examiner along with answer script for valuation if student applies for revaluation.

Revaluation:

- 1) There is a provision for revaluation of subjects/courses provided the candidate fulfills the following norms for revaluation.
 - a) Applications for personal verification/revaluation for semester end examination are to be submitted within the specified dates.
 - b) The request for personal verification/revaluation must be made in the prescribed format along with the prescribed fee.
- 2) The answer booklet will be attached with fresh award sheet and sent to the examiner for revaluation without disclosing the marks awarded by the first examiner.
- 3) After the revaluation marks received, the difference of marks between the two valuations will be calculated.
 - a) Case I: The difference in marks between two valuations is less than or equal to 15% and then the final marks are maximum of two valuations.
 - b) Case II: The difference in marks is more than 15% and then the answer booklet will be sent for third valuation. The final marks will then be the average of the nearest of the two marks obtained in the three valuations or the marks obtained in the first valuation whichever is higher.

16.AWARD OF CREDITS, CLASS AND RANK

Award of Credits:

B.TECH:

- 1) For R17, R18 & R20 Regulations, credits are awarded for each Theory subjects/Laboratory/Projectwork.
- 2) Each student shall secure 192 credits (with CGPA ≥ 5.0) required for the completion of the undergraduate program and award of B.Tech. Degree. (R17 Regulations)
- 3) Each student should secure 160 credits (with CGPA ≥ 5.0) required for the completion of the undergraduate Program and award of B.Tech. Degree. (R18 & R20 Regulations)

A candidate who become eligible for the award of B.Tech. Degree shall be placed in one of the following classes.

- i. Students with the final CGPA (at the end of the under graduate Program) ≥ 8.00 , and fulfilling the following condition will be awarded 'first class with distinction'; should have secured a final (at the end of the undergraduate Program) CGPA ≥ 8.00 , for each year of course study.
- ii. Students with final CGPA (at the end of the under graduate Program) ≥ 6.50 but < 8.00 shall be placed in 'first class'.
- iii. Students with final CGPA (at the end of the under graduate Program) ≥ 5.50 but < 6.50 shall be placed in 'second class'.
- iv. Students with final CGPA (at the end of the under graduate Program) ≥ 5.00 but < 5.50 and all other students who qualify for the award of degree with final CGPA ≥ 5.00 but < 5.50 shall be placed in 'pass class'.
- v. A student with final CGPA (at the end of the under graduate Program) < 5.00 , will not be eligible for the award of the degree.

M.Tech.:

In R17, R18 & R21 Regulations, credits are awarded for each Theory subject/Laboratory/MOOCs/ Seminar/Project work.

MBA:

In R17 & R18 Regulations, credits are awarded for each Theory subject/Laboratory/MOOCs/ Seminar/Project work.

AWARD OF DEGREE AND CLASS:

A Student who registers for all the specified Subjects/Courses as listed in the Course Structure, satisfies all the Course Requirements, and passes the examinations prescribed in the entire PG Programme (PGP), and secures the required number of 88 Credits (with CGPA ≥ 6.0), shall be declared to have 'QUALIFIED' for the award of M.Tech. Degree in the chosen Branch of Engineering and Technology with specialization as he is admitted.

A student is awarded one among the class as given in below table based on CGPA, if he has satisfied the requirements prescribed for the completion of the programme and is eligible for the award of M.Tech. Degree.

As measure of the performance of a student, a 10-point absolute grading system using the following letter grades (as per UGC/AICTE/JNTUH guidelines) and corresponding percentage of marks shall be followed.

% of marks secured in a subject/course	Letter Grade	Grade Points
90% to 100%	O (Outstanding)	10
80 and less than 90%	A + (Excellent)	9
70 and less than 80%	A (Very Good)	8
60 and less than 70%	B + (Good)	7
50 and less than 60%	B (Average)	6
40 and less than 50%	C (Pass)	5
Below 40%	F (Fail)	0
Absent	Ab	0

** Awarding of Letter Grade will be done for the benefit of the student.

A student obtaining 'F' grade in any subject shall be deemed to have 'failed' and is required to reappear as a 'supplementary student' in the semester end examination, as and when offered. In such cases, internal marks in those subjects will remain same as those obtained earlier.

A student who has not appeared for an examination in any subject 'Ab' grade will be allocated in that subject, and the student shall be considered 'failed'. The student will be required to reappear as a 'supplementary student' in the semester end examination, as and when offered.

A letter grade will not indicate any specific percentage of marks, but states only the range of marks he/she has obtained.

A student earns Grade Point (GP) in each subject/course, based on the Grade Point the letter grade is awarded for that subject/course. The corresponding 'credit points' (CP) are computed by multiplying the grade point with credits for that particular subject/course.

Credit points (CP) = grade points (GP) x credits... for a course

The student passes the subject/course only when $GP \geq 5$ ('C' grade or above)

The semester grade point average (SGPA) is calculated by dividing the sum of credit points ($\sum CP$) secured from all subjects/course registered in a semester, by the total number of credits registered during the semester. SGPA is rounded off to two decimal places. SGPA is thus calculated as $SGPA = \frac{\sum_{i=1}^N C_i G_i}{\sum N C_i}$ for each semester,

where 'i' is the subject indicator index (takes into account all subjects, in a semester) 'N' is the no. of subjects registered for the semester (as specifically required and listed under the course structure of the parent department) C_i is the no. of credits allotted to the i^{th} subject, and G_i represents the grade points (GP) corresponding to the letter grade awarded for the i^{th} subject.

The cumulative grade point average (CGPA) is a measure of the overall cumulative performance of a student in all semesters considered for registration. The CGPA is the ratio of the total credit points secured by a student in all registered courses in all semesters, and the total number of credits registered in all the semesters. CGPA is rounded to two decimal places. CGPA is thus computed from the I year II semester onwards at the end of each semester as per the formula

$$\left\{ \sum_{j=1}^M C_j G_j \right\} / \left\{ \sum_{j=1}^M C_j \text{ for all semester registered} \right\}$$

(i.e., up to and inclusive of S semesters, $S \geq 2$),

where 'M' is the total no. of subjects (as specifically required and listed under the course structure of the parent department) the student has 'registered' i.e., from 1st semester onwards up to and inclusive of the 8th semester, 'j' is the subject indicator index (takes into account all subjects from 1 to 8 semesters), c_j is the no. of credits allotted to the jth subject, and G_j represents the grade point (GP) corresponding to the letter grade awarded for that jth subject. After registration and completion of first year first semester, the SGPA of that semester itself can be taken as the CGPA, as there are no cumulative effects.

Illustration of calculation of SGPA

Course/subject	Credits	Grade points	Letter Grade	Credit Points
Course1	3	8	A	3X8=24
Course2	3	10	O	3X10=30
Course3	3	5	C	3X5=15
Course4	3	6	B	3X6=18
Course5	3	9	A+	3X9=27
Course6	1.5	7	B+	1.5X7=10.5
	16.5			124.5

$$SGPA = 124.5/16.5 = 7.55$$

Illustration of calculation of CGPA:

Course/subject	Credits	Letter Grade	Grade points	Credit Points
I Year I Semester				
Course1	4	A	8	4X8=32
Course2	4	O	10	4X10=40
Course3	4	C	5	5X5=20
Course4	3	B	6	3X6=18
Course5	3	A+	9	3X9=27
Course6	3	B+	7	3X7=21
I year II Semester				
Course7	4	B	6	4X7=28
Course8	4	O	10	4X10=40
Course9	4	C	5	4X5=20
Course10	3	B	6	3X6=18
Course11	3	A+	9	3X9=27
Course12	1.5	B+	7	1.5X7=10.5
	Total Credits=38.5			Total Credit Points= 301.5

$$CGPA = 301.5/38.5 = 7.83$$

For merit ranking or comparison purposes or any other listing, only the 'rounded off' values of CGPAs will be used.

For calculations listed in the regulations, performance in failed subjects/courses (securing F grade) will also be taken into account, and the credits of such subjects/courses will be included in the multiplications and summations. After passing the failed subjects (s), newly secured grade points will be taken into account for calculation of SGPA and CGPA. However, mandatory courses will not be taken into consideration for calculation of CGPA and SGPA.

Dear Sir,

I am happy to inform you that, you are appointed as paper setter in the subject of _____ for B. Tech _____ Year _____ Semester examinations 2017-18.

I request you to prepare **2 sets of Question Papers** and send **Soft & Hard Copy** duly sealed within 2 weeks from the date of receipt of the letter. The remuneration for setting of Question paper is at the rate of **Rs.2000/-** per each Question paper. You are requested to follow the guidelines given below:

1. **The syllabus has Five Units.**
2. The Question paper has two parts i.e. **Part "A" and Part "B"**.
3. **Part "A" will have 10 (Ten) questions** -2 marks for each question. At least two question to be drawn from each unit and not more than two from any unit. The answer for each question must be at least 2 to 3 lines to be completed in 3-4 minutes. (Format enclosed).
(1&2 questions from Unit I, 3&4 questions from UnitII, 5&6 questions from UnitIII, 7&8 questions from Unit IV, 9&10 questions from UnitV)
4. **Part "B" will have 5 (five) questions** – each question carries 10 marks. One full question has to be set from each Unit I to Unit V. The answer for each question has to be completed in 20-25 minutes. Adopt SI systems of units only, if any.
5. Please destroy all the stationery used for rough work while setting the question paper. In case you have used Computer system, please delete the soft copy also.
6. Typed manuscripts (**Dark and good printing**) along with soft copies (**in the CDs/Pen drives provided**) should be submitted (**hand written scripts are not acceptable**).
7. Question paper code & title should not appear in other Pages.
8. Specify the marks against each question / part of the question in **Part- B**.
9. The figures if any should be drawn neatly with black/ blue pen indicating all the measurements appropriately.
10. Include numerical problems, in **Part "A & B"** if the course requires/ comprises of solving of numerical questions.
11. The key of the question paper are to be sent along with question papers.
12. Paper setters are requested no to reproduce questions from guides or any study material or books.
13. Kindly keep your appointment strictly confidential.
14. Please certify that no relative or known person is appearing for these examinations from our college.
15. All the questions should be mapped with respective course outcomes.

Yours sincerely,

Controller of Examinations

CALCULATION OF SGPA & CGPA

$$\text{SGPA} = \frac{\sum_{i=1}^N C_i G_i}{\sum_{i=1}^N C_i} \text{ for each semester}$$

Where N = Number of subjects registered for the semester
 i = Subject indicator index
 C_i = Number of Credits allotted to the ith subject
 G_i = Grade Points corresponding to the letter grade awarded for the ith subject.

$$\text{CGPA} = \frac{\sum_{j=1}^M C_j G_j}{\sum_{j=1}^M C_j}$$

Where M = Total Number of subjects registered as per the course structure from 1st semester to 8th semester
 j = Subject indicator index
 C_j = Number of Credits allotted to the jth subject
 G_j = Grade Points corresponding to the letter grade awarded for the jth subject.

Award of Class (at the end of the Programme (UG/ PG)):
