Program on Personal Interviews (Soft Skills) on 06/08/2019-Resourse Person-Mrs. Abeka Glory

Event Report

TKR College of Engineering and Technology has started the Program on Personal Interviews (Soft Skills) for all the final year students from all the branches of Engineering on 06/08/2019.

The Program on Personal Interviews (Soft Skills) has been conducted Successfully where students were trained on different relevant skills and basic fundamental skills, Logical, Verbal and Communication skills.

TRAINING/Resource TEAM:

Trainer: Mrs. Abeka Glory

STUDENTS:

Final Year Students from CSE, IT, ECE, EEE, MECH and CIVIL

Topics:

Flexibility
Flexibility is the major advantage of the interview study. Interviewers can probe for more specific answers and can repeat and clarify a question when the response indicates that the respondents misunderstood the question.

Response rate
The personal interview tends to have a higher response rate than the mail questionnaire. Illiterate persons can still answer questions in an interview, and others unwilling to spend their time and energy to reply to an impersonal mail questionnaire may be glad to talk.

Nonverbal behavior
The interviewer is personally present to observe nonverbal behavior and to assess the validity of the respondent's answer directly.

PURPOSE OF THE TRAINING PROGRAM:

- Fine tuning of the student's attitude to learning, motives, values and deal with different situations responsibly and diligently, also makes them a good predictor of academic success.

- This training program helps them leverage their most marketable-and transferable– skills to new career paths and types of work.

- Our training would help students to set inspiring realistic goals in their professional life.

OUTCOMES:

➢ Our Training program would assist the students-keeping their placements in mind, by crafting a captivating interpersonal skill, along with strong responses to both behavioral and technical interview questions.
