

## TKR COLLEGE OF ENGINEERING AND TECHNOLOGY (AUTONOMOUS)

(Sponsored by TKR Educational Society, Approved by AICTE, Affiliated by INTUH,  
Accredited by NBA & NAAC with 'A' Grade)

### 5.1.5 Timely redressal of the grievances through appropriate committees

The cases related to sexual harassment, ragging, and student grievances are referred to their respective committees for review. These committees carefully examine all pertinent evidence and present their findings to the chairperson of the GRC. With the assistance of the committee, the GRC chairperson reviews the case and takes necessary actions within the designated timeframe.

#### Number of cases Registered in last 5 years came to the committee

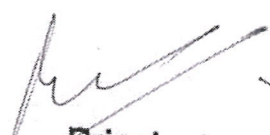

| S. No | TYPE OF COMPLAINT | NAME OF COMMITTEE      | NUMBER OF GRIEVANCE REGISTERED | Timeframe for Action Taken. |
|-------|-------------------|------------------------|--------------------------------|-----------------------------|

06/12/2019

To,

The Principal,

TKR College of Engineering and Technology,  
Meerpet.

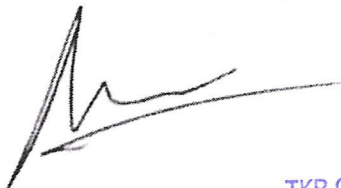

Subject - Increasing library extra timings for study  
during 5 to 7 pm.

Respected Sir,

We are requested to extending the library's operating hours from 5 to 7 pm would benefit students who find it challenging to study during regular class hours. The library provides an environment conducive to focused study, and extending its hours would allow students to utilize the facility to its full potential. This would be immensely helpful to students who may have other commitments during the day or those who prefer studying during the evening. Additionally, providing an extended study period would contribute to improving academic performance and enable students to achieve their full potential.

Thanking you

As per the instruction demand will be happy

Subject: Water problem during semester exams

Respected Sir,

We are writing this letter to notice you that during exam times, the availability of sufficient and clean drinking water becomes a significant concern for students. As they need to focus on their studies and perform to the best of their abilities, the water facility on campus may not be adequate to meet the demand during peak hours when many students are taking exams. Therefore, it is crucial for the authorities to address this issue and ensure that there are enough water facility available for all students during the exam period.

Thanking You.

Subject: Suffering from water problem in the washroom.

Respected Sir,

The issue of insufficient water supply in washroom is significant that needs to be addressed urgently. Lack of water can lead to unhygienic condition and can cause inconvenience to students, particularly during peak hours. It is crucial for the authorities to ensure that the washroom are adequately equipped with functional taps and water supply. Additionally, regular maintenance and monitoring of the water supply system are necessary to prevent such issues from arising in the future. Addressing this problem is crucial for maintaining a healthy and safe environment for the student.

Thank you.

TKR College of Engineering & Technology

Meerpet

subject: Sufficient curries are not available in  
the canteen.

Respected Sir,

The availability of sufficient  
curries in the same canteen is a matter of  
concern for many students. The canteen is a  
vital facility that provide meals to students who  
may not have access to home-cooked food. They could  
lead to students being forced to eat food that  
they may not enjoy or find appetizing. Therefore  
it is essential for the canteen authorities to address  
this issue and ensure that a variety of curries  
is available to cater to the different tastes of the  
student. They would enhance the overall dining  
experience.

Thanking you

Subject: Floors were not cleaning in classrooms and corridors.

Respected Sir,

The cleanliness and hygiene of the classroom and corridor floors are crucial for maintaining a healthy learning environment. However, if the floors are not cleaned regularly, it can lead to the accumulation of dust, debris, and germs, which can pose a risk to the health and well-being of students & staff. It is important for the cleaning staff to maintain a regular cleaning schedule & ensure that the floors are clean and safe for everyone. Additionally, students and staff should also be encouraged to take responsibility for maintaining cleanliness & hygiene in their surroundings.

Thanking you.

Subject - To invite core companies to the Institution for placements for mechanical department.

Respected Sir,

Inviting core companies to the Institution for placements for the mechanical department is essential to provide career opportunities to the students. Core companies offer job roles that are aligned with the mechanical engineering field and provide hands-on experience to students. It is crucial to reach out to these companies and invite them to the institution to conduct placement drives, which can help students kickstart their careers. Additionally, such opportunities help students gain industry exposure, understand the requirements of the industry, and hone their skills accordingly. Overall, inviting core companies to the Institution is a vital step towards ensuring the success and career growth of the mechanical department students.

Thanking You.

Subject - Wi-Fi Facility in the department of EEE.

Respected Sir,

The availability of Wi-Fi facilities in the department of Electrical and Electronics Engineering (EEE) is essential for students to access online resources and research materials. Wi-Fi connectivity is necessary for students to complete their academic assignments, access online libraries and databases, and stay updated with the latest developments in their field. The department must ensure that the Wi-Fi network is robust and can handle the load of multiple users simultaneously. Additionally, regular maintenance and monitoring of the Wi-Fi network are crucial to prevent downtime and ensure uninterrupted access to online resources.

Thanking you

Yours sincerely,
