Event Report

TKR College of Engineering and Technology has started the Trends in Technology Training Program for the Final year students from all the branches of Engineering on 15/02/2022.

This Training Program is conducted by Logic Works. The Trends in Technology Training Program on Wipro NTH Company Specific Training Program has been conducted and the students were trained on basic fundamental and technical skills.

Speaker: Mr. Phanindra.

AUDIENCE:

Final Year Students from CSE, IT, ECE, EEE, MECH and CIVIL

Topics:

Verbal Ability

Xplore trains students on this section, including questions like sentence completion, error detection, synonyms, etc.

Numerical Ability

This section has questions on topics like time and work, profit and loss, geometry, coordinate geometry and more.

Reasoning Ability

Blood relations, seating arrangements and number series are some of the kinds of questions that will be asked in this section.

Programming Logic

Here, MCQs on programming logic will be asked.

Hands-on Coding: This is where candidates will have to write code for given questions.

PURPOSE OF THE TRAINING PROGRAM:

- This training program helps them skills to new career paths and types of work.
- Our training would help students to set inspiring but realistic goals in their professional life.

OUTCOMES:

- Trends in Technology Training has also improved the Wipro NTH Company Specific Training Program skills of students.

Feedback about the Training from the Students

The training was well conducted by the trainer and made students to interact with him effectively. The training received huge appreciation from the students because he gave much knowledge about Wipro NTH Company Specific Training Program. The students were very grateful to their beloved Principal Dr. D.V Ravi Shankar Sir for expediting the training sessions which were highly focused towards Technology.

The no. of students participated from Dept of Information Technology is 68.

About Us

"Transforming Knowledge into Skill" – Our motto is simple yet the much needed in the Indian Education Industry. Logik Works aims to provide the solution for this knowledge-skill gap in the education sector, especially in the engineering graduates. We strive to empower students with the skills required and essential to build a successful career.

Logik Works is founded & run by people with more than two decades of experience in the education and IT Industry. With their rich experience & understanding of the job and skills market, we always keep up and update our delivery strategies & methodologies to empower the students with the contemporary skills & technologies, thus making them industry ready in any technological era.

We believe and embrace the uniqueness of each student in each institution and always try to empower their skills without losing their uniqueness & creativity. Our scientifically designed training modules, outcome-based delivery methodology ensures no stone unturned to give nothing but the best of placement readiness training.

While we embrace the uniqueness at the heart, our analytics and feedback assisted measurement of training deliverables is our brain. Each step of our training process is thought with responsibility, implemented with empathy and measured with precision. The overall process, thus, always yields two outcomes: effective training delivery & effective placement results.

In this journey of empowering students, we take pride of our success stories and rejoice our journey with the institutions

Our Core Values

Empathy: We hear, we understand and we want to provide value added solutions to our clients. In doing so, empathy is our core value at heart driven by technology & analytics

Honesty: We are outcome drive in our approach. In our process of delivering value added student empowerment solutions, we want to be honest in our approach, feedback and implementation to make sure nothing but the best is delivered.

Value centricity: While we strive to achieve empowerment of students and institutions, we make sure all our processes are value centric and always try to improve the value to clients.

Empowerment for all: In all our processes and modules of delivery, while the objectives are specified and aligned towards a particular outcome, we also aim at an inherent empowerment of students in their skills, approach and communication. This

360-degree holistic approach aims at empowerment for all despite of different objectives and outcomes.

Employability for all: All our modules, strategies and methodologies of training converge to a single objective of empowering students with employability skills. This is our core value and sole objective and we always strive for achieving this objective.

Our Training Methodology

With all our core values at heart, all our training methodologies are designed scientifically and have four essential ingredients:

Design with empathy: We embrace the differentiated needs of institutions. All of modules are designed with understanding of institutional requirements, industry expectations and student's potential. This will make sure all our training modules are flawless in their objectives and expected outcomes.

Implement with responsibility: We are your training partners with end-to-end responsibility. Objectives and outcomes are only achieved when the great vision translates into responsible implementation to achieve that vision. Our expert faculty are the heart of our organization and the torch bearers to achieve our vision. We make sure we leave no stone unturned to achieve the transformation of student.

Measure with precision: All our programs are measured at every step to track the progress of achieving desired outcomes. All programs have check points at regular intervals to ensure the precision of measurement. We use assessments, assignments & presentations as the tools of measurements.

Feedback with transparency: Our programs are dynamic in implementation. Our measurement is driven by analytics and we generate feedback at every checkpoint which is feedback into the training delivery. Our feedback is not only for the sake of measurement but this makes our program dynamic and live-in terms of how it is implemented. We make course corrections based on our feedback and are transparent with our clients in doing so.

Our Transformation Programs

- Communication & Inter-personal skills program for Digital Era
- Placement Foundation Program
- Placement Readiness Program
- Highly Targeted - Company Specific Training
- Interview Skills & GDPI Program
- Tailor made – Programming/Aptitude Training
- Assessments & Evaluations for Custom needs of institution/industry

Instructions to the Monitoring team:-

- The Monitoring team should login into the session 20 mins prior
- Every session attendance is recorded and sent to the placement cell within half an hour from the session starts eg: - If the session starts at 9:30 A.M the session attendance would reach the placement cell by 10:00

A.M. subsequent sessions follow the same.

- Monitoring team would maintain the webinar decorum of the students and should see that any disturbance or misbehave by the student individual should not happen when session is running
- Monitoring team would emphasize the students and encourage the session to be more interactive and informative.
- Post session the team would make sure that the Q & A session would run with the HOST or Trainer and would look into whether all questions are answered properly.
- Every end of the session Monitoring teams' responsibility is to take student feedback and would submit to the concerned department as well as the TPO cell every day.
- If possible the recordings of the session are maintained as well as submitted to the TPO cell on a daily basis.
- Every day session screen shots are recorded and sent to the TPO cell.
- If any disturbance is created by any of the students the monitoring team has the full right to take an action and block his/her ID and report it to the placement cell immediately.
- Every individual Monitoring member should be completely engaged with the session and should not leave the session in the middle.

If any emergency immediately reports to the placement cell so that the placement cell would look for an alternative and would emphasize the regular activity.

No

use the previous presentation app that is goto meeting as today's session was not at all good.

No, If possible Just conduct the meet in google meet as it is more flexible without any disturbances.

Need to understand student point of view.

We want to get more idea about writing code with own knowledge. So assign more tasks to us daily in the aspect of writing own code for a problem.

No, Everything is good

Hi Srinivas,

For this Friday session, I would prefer to have the CSE, IT 4th year students only.

The reason is ... I want to cover the IT Trends & IT project life cycle topics during the 2.5 hours session (ECE students may NOT understanding some of these topics)

Apart from that , I want this session to be more interactive with students than a lecture session

Hope this is clear.

Please let me know if you have any further questions...

Regards,

**Srinivas Avatapalli**

Subject: Requesting for one day lecture session on technical career guidance to B.Tech final year students.

Dear Mr. Srinivas,

Greetings!

Pleasure to connect with you, I am Srinivas Reddy working as the Training & Placement head at TKR College of Engineering & Technology. Your contact was shared by our Dean Academics Mr. Suresh Rao, he has proposed your name for one day lecture session on technical career guidance to B.Tech final year students.

It would give us immense pleasure and gratitude to welcome you to our college on 26th July 2019 to give away the session. We believe that your session would emphasize on latest technology and changes that are taking place in the IT Market and leverage the possible opportunities to our students. We would also request you to please spend an hour with our faculty to summarize the present trends of technologies that has to be imparted as the part of the regular curriculum, so that this will help the student to build the confidence in them from the gross level of the subject.

I once again thank you for your time and consideration, please feel free to contact me anytime and request you to please share your number, so that we can contact you for any logistic help required from our end.

Hi Srinivas,

For this Friday session, I would prefer to have the CSE, IT 4th year students only.

The reason is ... I want to cover the IT Trends & IT project life cycle topics during the 2.5 hours session (ECE students may NOT understanding some of these topics)

Apart from that , I want this session to be more interactive with students than a lecture session

Hope this is clear.

Please let me know if you have any further questions...

Event Report

TKR College of Engineering and Technology has started the Trends in Technology program on Technical Carrier Guidance by CAPGEMINI for the third and final year students from all the branches of Engineering on 26/07/2019.

The Trends in Technology program on Technical Carrier Guidance has been conducted by CAPGEMINI Successfully where students were trained on different relevant skills and basic fundamental skills.

Resource Person: Mr. Srinivas Avatapally - Project manager.

TARGET AUDIENCE: Third and Final Year Students from CSE, IT, ECE, EEE, MECH and CIVIL.

Topics:

Programming Logic

Hands-on Coding: This is where candidates will have to write code for given questions.

- Quantum Computing
- Virtual Reality and Augmented Reality
- Blockchain
- Internet of Things (IoT)
- 5G
- Cyber Security

PURPOSE OF THE TRAINING PROGRAM:

- Fine tuning of the student's attitude to learning, motives, values and deal with different situations responsibly and diligently, also makes them a good predictor of academic success.
- This training program helps them leverage their most marketable-and transferable- skills to new career paths and types of work.

OUTCOMES:

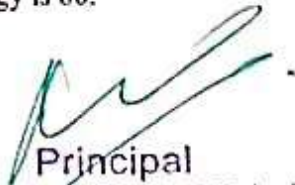

- Our Training program would assist the students-keeping their placements in mind, by crafting a captivating interpersonal skill, along with strong responses to both behavioral and technical interview questions.

Feedback:

The training was well conducted by all the trainers and made students to interact with them effectively. The training received huge appreciation from the students because they gave much knowledge about Technical Carrier Guidance by CAPGEMINI, which everyone need to develop to live happily in the society as well as in the company. The students were very grateful to their beloved Principal Dr. D.V Ravi Shankar Sir for expediting the training sessions which were highly focused towards skills.

The no. of students participated from Dept of Information Technology is 80.
