Objective

A Department Advisory Board (DAB) serves as a critical link between an academic department and industry, alumni, and the broader community, providing insights and support to align the department's offerings with current trends, needs, and opportunities.

Functions of a Department Advisory Board (BOG)
1. **Curriculum Development**

Provides input on curriculum to ensure it aligns with industry standards. Advises on the inclusion of emerging topics, skills, and technologies relevant to the field.

2. **Strategic Planning and Guidance**
Assists with setting long-term goals and strategic initiatives for the department. Recommends ways to enhance the department's reputation, visibility, and outreach.

3. **Internship and Job Placement Support**
Facilitates internship, employment opportunities for students by leveraging industry connections. Advises on career trends and helps strengthen partnerships with businesses for job placement.

4. **Student and Faculty Engagement**
Offers mentorship and networking opportunities for students and faculty. Supports faculty development by providing feedback on research and professional development.

5. **Alumni Network**
Acts as advocates for the department in their respective industries and communities. Engages alumni and community members to enhance the department's impact and network.

Composition of a Department Advisory Board
1. **Head of the Department**-Chairperson
2. **Program Chairs(PC)**-Coordinators
3. **Division Chairs(DC)-Members**
4. **Academicians (Senior faculty from other departments of the Institution)-**
   Faculty from other departments or institutions who can provide interdisciplinary perspectives.
5. **Industry Member**
   Professionals with experience and influence in relevant industries who can provide insights into workforce demands.
6. **Students from each batch**
   Students or recent graduates may serve to provide a current perspective on curriculum and department culture.
7. **Alumni**
   Graduates of the program who can offer a first-hand perspective on its strengths and areas for growth.
